The Hauerwas Reader Stanley Hauerwas, 2001-07-23 A Stanley Hauerwas Reader including Hauerwas essays and excerpts from his books and monographs intended to provide a comprehensive introduction to his work The Hauerwas Reader Stanley Hauerwas, 2001-07-23 A Stanley Hauerwas Reader including Hauerwas essays and excerpts from his books and monographs intended to provide a comprehensive introduction to his work **Imitating Christ in Magwi** Todd D. Whitmore, 2019-01-24 Imitating Christ in Magwi An Anthropological Theology achieves two things First focusing on indigenous Roman Catholics in northern Uganda and South Sudan it is a detailed ethnography of how a community sustains hope in the midst of one of the most brutal wars in recent memory that between the Ugandan government and the rebel Lord's Resistance Army Whitmore finds that the belief that the spirit of Jesus Christ can enter into a person through such devotions as the Adoration of the Eucharist gave people the wherewithal to carry out striking works of mercy during the conflict and like Jesus of Nazareth to risk their lives in the process Traditional devotion leveraged radical witness Second Gospel Mimesis is a call for theology itself to be a practice of imitating Christ Such practice requires both living among people on the far margins of society Whitmore carried out his fieldwork in Internally Displaced Persons camps and articulating a theology that foregrounds the daily if extraordinary lives of people Here ethnography is not an add on to theological concepts rather ethnography is a way of doing theology and includes what anthropologists call thick description of lives of faith Unlike theology that draws only upon abstract concepts what Whitmore calls anthropological theology is consonant with the fact that God did indeed become human It may well involve risk to one's own life Whitmore had to leave Uganda for three years after writing an article critical of the President but that is what imitatio Christi sometimes requires

Christian Ethics and Commonsense Morality Kevin Jung, 2014-11-27 Christian Ethics and Commonsense Morality goes against the grain of various postmodern approaches to morality in contemporary religious ethics In this book Jung seeks to provide a new framework in which the nature of common Christian moral beliefs and practices can be given a new meaning He suggests that once major philosophical assumptions behind postmodern theories of morality are called into question we may look at Christian morality in quite a different light On his account Christian morality is a historical morality insofar as it is rooted in the rich historical traditions of the Christian church Yet this kind of historical dependence does not entail the evidential dependence of all moral beliefs on historical traditions It is possible to argue for the epistemic autonomy of moral beliefs according to which Christian and other moral beliefs can be justified independently of their historical sources The particularity of Christian morality lies not in its particular historical sources that also function as the grounds of justification but rather in its explanatory and motivational capacity to further articulate the kind of moral knowledge that is readily available to most human beings and to enable people to act upon their moral knowledge **The Dangers of Christian Practice** Lauren F. Winner, 2018-10-23 Challenging the central place that practices have recently held in

Christian theology Lauren Winner explores the damages these practices have inflicted over the centuries Sometimes beloved and treasured Christian practices go horrifyingly wrong extending violence rather than promoting its healing In this bracing book Lauren Winner provocatively challenges the assumption that the church possesses a set of immaculate practices that will definitionally train Christians in virtue and that can't be answerable to their histories Is there for instance an account of prayer that has anything useful to say about a slave owning woman's praying for her slaves obedience Is there a robustly theological account of the Eucharist that connects the Eucharist's goods to the sacrament's central role in medieval Christian murder of Jews Arguing that practices are deformed in ways that are characteristic of and intrinsic to the practices themselves Winner proposes that the register in which Christians might best think about the Eucharist prayer and baptism is that of damaged gift Christians go on with these practices because though blighted by sin they remain gifts from God We Are Who We Think We Were Aaron D. Conley, 2013-08-01 Conley calls into question the outdated historical methodologies in use in Christian social ethics and outlines the consequences stemming from them By adopting the postmodern post structuralist position of historian Elizabeth Clark Conley calls ethicists to learn to read for the gaps silences and aporias existent in historical texts as well as in the histories represented by them The book calls ethicists to a critical self reflexive historiography This self criticism allows the ability to construct new histories and formulate new ethical norms for the world in which we now live **Persuasion and Compulsion in Democracy** Jacquelyn Kegley, Krzysztof Piotr

Skowronski, 2013-01-25 This collection of essays focuses on the roles that coercion and persuasion should play in contemporary democratic political systems or societies A number of the authors advocate new approaches to this question offering various critiques of the dominant classical liberalism views of political justification freedom tolerance and the political subject A major concern is with the conversational character of democracy Given the problematic and ambiguous status of the many differences present in contemporary society the authors seek to alert us to the danger that an emphasis on reasonable consensus will conceal exclusion in practice of some contending positions The voices of vulnerable peoples can be unconsciously or even deliberately silenced by various institutional processes and operating procedures and a strong media influence can change the tenor of conversations and even lead to deception To counter these factors a number of the essays in differing ways urge the fostering of local community conversations or democratic agoras so that democratic debate and conversation might maintain the vitality necessary to a strong democratic system LGBTIQ+ people and Pentecostals

Marius Nel, 2020-01-01 This book provides Pentecostals with the necessary equipment and motivation to contribute to one of Africa's important ethical challenges LGBTIQ people and Africa's homophobic reaction to them The study is aimed at Christian believers and pastors to empower them with relevant information about the issue The issue is discussed in terms of existing biological psychological anthropological sociological philosophical and queer theory knowledge along with a study of the biblical texts in order to answer the question what should a responsible African Pentecostal response be towards the

LGBTIQ issue and what should Pentecostals attitude be towards such people

Political Theology: A Guide for the Perplexed Elizabeth Phillips, 2012-06-07 There is an increasingly intense interest in political theology amongst contemporary scholars and students Yet while there are many authors engaging in political theology there are very few resources about political theology which aim to orient students and other recent new comers to the field This is a concise and accessible advanced introduction which distinguishes various approaches to political theology and which explores several of the central issues addressed in political theologies Theological students will be able to approach courses and readings in political theology with a renewed confidence with this overview in hand

Theological Ethics W. Ross Hastings, 2021-02-02 Be Prepared to Think Theologically through Today s Most Pressing Ethical and Moral Issues In *Theological Ethics* theologian pastor and ethicist W Ross Hastings gives pastors ministry leaders and students a guide designed to equip them to think deeply and theologically about the moral formation of persons in our communities about ethical inquiry and action and about the tone and content of our engagement in the public square The book presents a biblical perspective and a gospel centered framework for thinking about complex contemporary issues in ways are life giving and that will lead readers into greater flourishing as human persons in community This book is distinctive in presenting A framework for theological ethics that is robustly theological and Trinitarian Ethics isolated from the gospel and theology becomes bad news but when it is informed by and empowered by participation in the triune God of grace it is part of the good news of the gospel An approach to theology and theological ethics that makes the Word of God the ultimate authority and it is therefore grounded in the biblical narrative and texts An understanding that theological ethics are inherently missional The church as the image of the triune God makes it the home of ethics but in light of its missional identity it will reverberate outwards to engage the world in ways that are humble and not power mongering that are gospel based and shalom evoking *Theological Ethics* is for those who lead churches or ministries or someday will and who urgently need deep theological grounding as they daily encounter ethical and moral issues where they need to provide a gracious truthful and gospel directed response X

Paul's Way of Knowing Ian W. Scott, 2008-12 *Dirty Words in Deadwood* showcases literary analyses of the *Deadwood* television series by leading western American literary critics Whereas previous reaction to the series has largely addressed the question of historical accuracy rather than intertextuality or literary complexity Melody Graulich and Nicolas S Witschi s edited volume brings a much needed perspective to *Deadwood* s representation of the frontier West As Graulich observes in her introduction With its emotional coherence compelling characterizations compressed structural brilliance moral ambiguity language experiments interpretation of the past relevance to the present and engagement with its literary forebears *Deadwood* is an aesthetic triumph as historical fiction and like much great literature makes a case for the humanistic value of storytelling From previously unpublished interviews with series creator David Milch to explorations of sexuality disability cinematic technique and western narrative this collection focuses on *Deadwood* as a series ultimately about the imagination as a verbal and visual

construct and as a literary masterpiece that richly rewards close analysis and interpretation *The Resilient Pastor* Glenn Packiam, 2022-02-15 How can pastors become resilient in a rapidly changing world Is it possible to love well and lead faithfully In the wake of crises that have exposed and accelerated massive cultural shifts we see more clearly the seismic shifts of post Christendom the surging storms of a new paganism and pluralism and the scattered debris of the cultural aftermath Drawing on new research from the Barna Group Scripture and church history pastor theologian and researcher Glenn Packiam addresses some of the most pressing questions for today's leaders including What is a pastor's calling and vocation How do church leaders regain credibility in a disillusioned world How do church leaders cultivate a deeper life with God How do pastors develop meaningful relationships Why does the church gather in worship Does it still matter if we do How do we actually make disciples in this new landscape How can we face the challenges to unity presented by nationalism and racism What is the church's mission in the world How do we welcome the presence and power of God in our churches This book is for all who are burdened by the challenges facing the church as well as the turbulence of our times With infographics enlightening data and insights from other ministry leaders this book is the perfect resource for church leaders who want to cultivate resilience in their ministry today **Christ Divided** Katie Walker Grimes, 2017-11-01 Bringing the wisdom of generations of black Catholics into conversation with contemporary scholarly accounts of racism Christ Divided diagnoses antiblackness supremacy as a corporate vice that inhabits the body of Christ To truly understand racial inequality theologians must acknowledge the existence of antiblackness supremacy and recognize its uniquely foundational role in prevailing processes of racialization and racial hierarchy In addition to introducing a new framework of racial analysis this book proposes a new approach to virtue ethics Because the church's participation in and performance of white supremacy occurs as a result of corporate habituation the church most needs new habits not new teachings The theory of corporate virtue outlined here provides a framework through which to evaluate these habits and propose new ones to be made to do the right thing *Come, Let Us Eat Together* George Kalantzis, Cortez, Marc, 2018-04-17 When it comes to the sacraments the church has often been and remains divided Can we still gather together at the same table Based on lectures from the 2017 Wheaton Theology Conference this volume brings together the reflections of Protestant Roman Catholic and Eastern Orthodox theologians who consider what it means to proclaim the unity of the body of Christ in light of the sacraments *Unsettling Arguments* Charles R. Pinches, Kelly S. Johnson, Charles M. Collier, 2010-07-02 Scott Bader Saye Frederick Christian Bauerschmidt Michael Baxter Daniel M Bell Jr Jana Marguerite Bennett Michael G Cartwright William T Cavanaugh Peter Dula Chris K Huebner Kelly S Johnson D Stephen Long M Therese Lysaught David Matzko McCarthy Joel James Shuman J Alexander Sider Jonathan Tran Paul J Wadell Theodore Walker Jr **Paul Among the Postliberals** Douglas Harink, 2013-08-14 Paul Among the Postliberals sheds new light on Paul's letters by creating links between contemporary scholarship and the writings of theologians Harink argues that Paul's central doctrine of justification by faith has been widely

misunderstood he emphasizes instead that the goal of the gospel is to free Christians for faithful action *The Evangelical Doctrine of the Church* Robert Doyle,2022-08-16 This book is a disciplined introduction to ecclesiology With respect to the community which the Lord purchased with his own blood Acts 20 28 parts one and two focus on a critical exegetical presentation of the New Testament s descriptions and themes locating their treatment within two millennia of reflection and appreciating the impact of those contexts on our understanding From over ninety New Testament images chapters four to ten identify and argue for three foundational concepts ekklesia assembly soma Christou the body of Christ and koinonia hagion the communion of the saints Continuing the conversation with Scripture and its history of interpretation Robert Doyle then applies the determinative biblical themes to present practice centering it on the churches of the Evangelical and Reformed traditions Part four illuminates ecclesiology from other foundational Christian doctrines the triune God of holy love Christology our ascended human high priest and king and the doctrine of revelation the church as the pillar and bulwark of the truth The final part focuses on three possible points of transformation in ecclesial life and witness both internally and outward to the world *Singleness and the Church* Jana Marguerite Bennett,2017-07-21 Singleness is a much overlooked treasure in Christian tradition In these pages Christians single and married alike can rediscover the richness of singleness in its great variety This book offers thought provoking cultural and theological analysis along with voices of single Christian people down through the centuries **Practicing Discipleship** Nicole L. Johnson,2009-06-01 Despite a plurality of doctrinal statements on war peace and nonviolence some United Methodists sustain a commitment to nonviolence Through qualitative research *Practicing Discipleship* draws out lived theologies of nonviolence in order to understand how nonviolent United Methodists define ground and practice nonviolence and to give that voice opportunity to challenge church doctrine and thereby the wider church An analysis of statements from the Book of Disciplines and the Book of Resolutions reveals the plurality of Methodist teachings on moral issues related to war and peace While such plurality is indicative of the inclusive tradition of United Methodism Johnson shows that it also causes confusion thus hindering the vitality and authority of the church s witness This study s qualitative analysis of in depth interviews with twelve nonviolent United Methodists reveals a lived theology rooted in Scripture and theological reflection it points particularly to a christocentrism that posits nonviolence as central to Christ s teachings and example While study participants affirm the tradition of openness in the United Methodist Church they also call for more tangible and extensive support for and education about nonviolence as a faithful option for Christians Through amicable and constructive practical theological dialogue doctrinal plurality and ecclesial openness are affirmed as appropriate and possible only within the context of the church s profound commitment to serious discipleship which includes transformation toward nonviolence Implications of this interaction include developing and adopting a more truthful conception of a nonviolent ethics moving toward broadly conceived Christian formation in nonviolence and fostering ongoing ecclesial dialogue about difficult moral issues of war peace and nonviolence **Strange**

and Gaudy Fruit Jeff Nicoll, 2023-05-09 The history of Christianity includes many doctrines adopted and actions taken to meet immediate problems but which had unintended consequences they are bad fruit Matt 7 15 20 The oldest is antisemitism which arose from the competition of the early church with early Judaism It was built into the New Testament and was developed by the church fathers Having learned to dehumanize it was easy to apply the same techniques to other groups the church became complicit with enslavement misogyny and other forms of oppression One response to the bad fruit is to reject religion in the manner of Christopher Hitchens However the dogmas are part of our culture even if in secular form If the roots of marginalization are not understood they cannot be eliminated This work uses a range of critics and defenders of traditional Western Christianity to identify poisonous fruits and detoxify them The critical voices do not create a consensus Nevertheless a core can be perceived what Erasmus called the few truths Grounded in the religious tradition they can be shared with secular people as a basis for an ethical merciful and respectful society Although the history of Christianity is bloody there are ways to go forward
