## **The Interpretation Of Music:**

The Interpretation of Music Thurston Dart, 1960      The Interpretation of Music Michael Krausz, 1993 This volume is concerned with the philosophical presuppositions of musical interpretation The nineteen previously unpublished essays address such interrelated questions as the nature of musical interpretation in relation to works or music whether works of music are fully embodied in scores how strictly all markings of a score should be respected what pertinence historical research has for musical interpretation and how decisive the known or reconstructed intentions of a composer should be The contributors investigate the aesthetic cultural and historical aspects of musical interpretation and their relation to interpretation in other human practices In addition they investigate such fundamental distinctions as those between musical and non musical phenomena and between musical and linguistic meaning      **The Interpretation of Music** Thurston 1921-1971 Dart, 2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant      **The Interpretation of Music, by Thurston Dart** Thurston Dart, 1954      The Interpretation of Music. 4th Ed Thurston Dart, 1967      **The Interpretation of Early Music** Robert Donington, 1977      Source Materials and the Interpretation of Music Ian Bent, 1981-01-01      **Music & Meaning** Jenefer Robinson, 1997 Language and the interpretation of music Leo Treitler Listening with imagination is music representational Kendall Walton Musical idiosyncrasy and perspectival listening Kathleen Marie Higgins Music as drama Fred Everett Maus Action and agency in Mahler s Ninth symphony second movement Anthony Newcomb Shostakovich s Tenth symphony and the musical expression of cognitively complex emotions Gregory Karl and Jenefer Robinson What Schubert s last sonata might hold Charles Fisk Two types of metaphoric transference Marion A Gluck Music and negative emotion Jerrold Levinson Why listen to sad music if it makes one feel sad Stephen Davies      **The Interpretation of Piano Music** Mary Venable, 1913      The Interpretation of Early Music Robert Donington, 1974      **Source Materials and the Interpretation of Music** Thurston Dart, 1981      **The Violin and Its Technique - As a Means to the Interpretation of Music** Achille Rivarde, 2013-05-31 My object in writing this book is to encourage and help those students of the violin who are sufficiently intelligent to wish to advance with the times and who realise that in order to free violin playing from the rut of tradition in which it has complacently remained for so long it is necessary to bring greater insistence to bear on the imaginative and poetical side of violin playing than has been
