The Inuksuk:

Inuksuk Book Mary Wallace,1999-01-01 Looks at traditional Inuit stone structures reveals their many functions in Inuit culture and shows readers how to construct their own inuksuk **A Place called Nunavut** Kim van Dam,2008-12-31 In 1999 Nunavut Territory was created in the Canadian Arctic The area is about 50 times as large as the Netherlands and is inhabited by a population of 30 000 85% of the population is Inuit the indigenous people in this area The central questions in this research project are what place or regional identities are being ascribed to Nunavut by different groups of people from within and from outside the region and how do these identities work In the process of the formation of the region the territorial Government of Nunavut is an important actor in producing a regional identity that is based on the cultural identity of the Inuit the Inuit Homeland This official regional identity creates a symbolic unity that is important in linking people to the region and through which the land the history and the people are united in a new territorial membership However there is no reason to assume that there is only one regional identity for Nunavut Different individuals or groups of people from within and from outside the region such as the people who live in one of the 25 communities and those who work for the multinational mining corporations or as tourist operators are also involved in the production and reproduction of identities for Nunavut They represent Nunavut for example as a place to live a resource region a wilderness or as a sustainable place Nunavut Government also links these alternative identities to the area because as a government they are not only interested in protecting Inuit culture but also aim to modernize the economy in order to enhance prosperity and well being As such the place identities are hybrid and identities that before were produced only by external actors are now also being produced by internal actors and vice versa Inuksuit Norman Hallendy,2009-12-01 The mysterious stone figures known as inuksuit can be found throughout the circumpolar world Built from whatever stones are at hand each one is unique Inuksuit are among the oldest and most important objects placed by humans upon the vast Arctic landscape and have become a familiar symbol of the Inuit and their homeland In author Norman Hallendy s forty years of travels throughout the Arctic he developed deep and lasting friendships with a number of Inuit elders Through them he learned that inuksuit are a nuanced complex and vital form of communication Hallendy s dramatic color photos of many different kinds of inuksuit and objects of veneration capture not only a sense of wonder and power but reveal the unfamiliar Arctic landscape in all its magical beauty **The mediated Arctic** Johannes Riquet,2024-09-24 The mediated Arctic analyses the multiple relations between geography and cultural production that have long shaped and are currently transforming the circumpolar world It explores how twenty first century cultural practitioners imagine and poeticise various elements of Arctic geography and in doing so negotiate pressing environmental geo political and social concerns From the plasmatic force of ice in Disney s Frozen films to the spatial vocabulary of circumpolar Indigenous hip hop it addresses Arctic geographical imaginaries in a wide range of media including literature cinema comic books music videos and cartographic art The book brings together a plurality of voices

from within and outside the circumpolar North both in terms of the works analysed and in its own collaborative scholarly practice The book bridges Indigenous and Southern mediations of the Arctic and combines different epistemologies to do justice to these imaginaries in their diversity Otter's Journey through Indigenous Language and Law Lindsay Keegitah Borrows,2018-03-01 Storytelling has the capacity to address feelings and demonstrate themes to illuminate beyond argument and theoretical exposition In Otter s Journey Borrows makes use of the Anishinaabe tradition of storytelling to explore how the work in Indigenous language revitalization can inform the emerging field of Indigenous legal revitalization She follows Otter a dodem clan relation from the Chippewas of Nawash First Nation on a journey across Anishinaabe Inuit M ori Coast Salish and Abenaki territories through a narrative of Indigenous resurgence In doing so she reveals that the processes philosophies and practices flowing from Indigenous languages and laws can emerge from under the layers of colonial laws policies and languages to become guiding principles in people s contemporary lives An Intimate Wilderness Norman Hallendy,2016-09-19 Arctic researcher author and photographer Norman Hallendy s journey to the far north began in 1958 when many Inuit who traditionally lived on the land were moving to permanent settlements created by the Canadian government In this unique memoir Hallendy writes of his adventures experiences with strange Arctic phenomena encounters with wildlife and deep friendships with Inuit elders Very few have worked so closely with the Inuit to document their traditions and in this book Hallendy preserves their voices and paints an incomparable portrait of a vibrant culture in a remote landscape **Do Beavers Eat Poutine?** Helaine Becker,2017-05-30 How well do you know Canada Are you an expert on all things Canuck or do you need to brush up on your basics Test your knowledge and find out In what province will you find the largest snake dens in the World Where in Canada will you find a UFO landing pad How many official languages are spoken in Canada by Canada Geese In this 100 percent True North strong and free quiz opedia you ll find out how you rate when it comes to Canadian trivia You ll also find dozens of facts jokes and puzzles that celebrate the splendour of our nation in totally cool Canadian style of course **Aboriginal Peoples and Sport in Canada** Janice Forsyth,Audrey R. Drummond explores a series of philosophic ethnographic and legal dilemmas produced by the interaction between legal cultures setting up a dialogue between narrative and theory by interspersing accounts of her field experiences in Inuit communities with analytical chapters In the first section she addresses problems of delivery of justice among Inuit communities and explores the cultural determinacy of understanding In the second section she focuses on the problem of family violence and the complexities to which it gives rise in rendering justice in Inuit communities In the third section she provides an ethnographic account of Nunavik's first sentencing circle underlining her contention that juridical rules emerge from the habits and forms of a society Exploring the quandaries of intercultural communication and contemplating how diverse legal sensibilities might be mutually recognized **Incorporating the Familiar** evokes the possibilities and limits of intercultural accommodation
