**THE INVESTOR'S SURVIVAL GUIDE** Joseph A. Castelluccio, Jr., 2014-06-06. Most books written on investing cover the topic with terminologies, glossaries, historical data, charts, graphs, and theories. What they lack is: How do I get started? Where do I go to get started? They leave you with a lot of information that is not actionable. This book does what they don't do. It will empower you to go out and take charge of your financial destiny as soon as you finish reading the last word. The solutions are easy to understand. The complicated market place will be broken down into simple to understand language and enable you to go out and start investing immediately. This book will also show you how to avoid getting into debt and equally important how to get out of debt if you are already there. You will also be introduced to the broker, certificate of deposit, market, expanding your horizons and enabling you to reach many more banks with higher yielding CDs. Although the methods are simple to grasp, the results are incredibly sophisticated. A book like this is long overdue. Written for the novice investor and the seasoned investor alike. A must read to share with your friends and family.

**INDIVIDUAL INVESTORS BEHAVIOUR, PERCEPTION AND PREFERENCES TOWARDS INVESTMENT AVENUES** Dr. Kartikey. V. Koti, 2019-07-22. Investment culture refers to the attitudes, perceptions, and willingness of the individuals and institutions in placing their savings in various financial assets, most popularly known as securities.
