The Irish Genius:

The Irish Genius ,1960 The Irish Play on the New York Stage, 1874-1966 John P. Harrington,2021-11-21 Over the years American especially New York audiences have evolved a consistent set of expectations for the Irish play Traditionally the term implied a specific subject matter invariably rural and Catholic and embodied a reductive notion of Irish drama and society This view continues to influence the types of Irish drama produced in the United States today By examining seven different opening nights in New York theaters over the course of the last century John Harrington considers the reception of Irish drama on the American stage and explores the complex interplay between drama and audience expectations All of these productions provoked some form of public disagreement when they were first staged in New York ranging from the confrontation between Shaw and the Society for the Suppression of Vice to the intellectual outcry provoked by billing *Waiting for Godot* as the laugh sensation of two continents The inaugural volume in the series *Irish Literature History and Culture* The Irish Play on the New York Stage explores the New York premieres of *The Shaughraun* 1874 Mrs Warren s *Profession* 1905 *The Playboy of the Western World* 1911 *Exiles* 1925 *Within the Gates* 1934 *Waiting for Godot* 1956 and *Philadelphia Here I Come* 1966 *The Irish Book Lover ...* John Smyth Crone,Seamus O'Cassidy,Colm O Lochlainn,1916 **The Irish in Britain** John Denvir,1894 The Ballads of Ireland Edward Hayes,1856 **Sean O'Faolain's Irish Vision** Richard Bonaccorso,1987-07-01 This book examines the personality cultural inheritance social commentary literary art and representative qualities of Sean O Faolain dean of modern Irish literature It updates O Faolain s significance as a world class writer and reinterprets his career of over fifty years from a universalist perspective It also explores O Faolain s vital relationship with his native culture conceiving him as representative Irish writer self conscious Irishman and Irish citizen of the world Ireland and the Irish Samuel Griswold Goodrich,1841 *The Irish Monthly* ,1922 **The Irish Naturalist** ,1901 The Irish Literary Periodical, 1923-1958 Frank Shovlin,2003 Table of contents **Lectures and Sermons** Thomas Nicolas Burke,1904 *The Irish Industrial Exhibition of 1853; a Detailed Catalogue of Its Contents, with Critical Dissertations, Statistical Information, and Accounts of Manufacturing Processes in the Different Departments ... Hachey,Lawrence J. McCaffrey,2015-01-28 This rich and readable history of modern Ireland covers the political social economic intellectual and cultural dimensions of the country s development from the origins of the Irish Question to the present day In this edition a new introductory chapter covers the period prior to Union and a new concluding chapter takes Ireland into the twenty first century All material has as been substantially revised and updated to reflect more recent scholarship as well as developments during the eventful years since the previous edition The text is richly supplemented with maps photographs and an extensive bibliography There is no comparable brief multidimensional history of modern Ireland **The Ballads of Ireland**

American-Irish Historical Society,1913 Contains the Society's meetings proceedings etc **The World's Debt to the Irish**
James Joseph Walsh,1926 Making Ireland Modern Enda Delaney,2025-10-02 A provocative and original reinterpretation
of modern Irish history There is a widespread misconception that Ireland became modern much later than its neighbours in
the 1960s and 1970s This is grounded in several enduring stereotypes and caricatures of Ireland as a timeless and
unchanging land of saints and scholars of its society and culture in the long nineteenth century as puritanical regressive or
archaic of Gaelic language and culture as backward or inward looking in contrast to a modern English counterpart and of the
island as natural and rural in the face of the urban and technological progress of modernity Drawing on an extensive range of
sources from poetry and novels to contemporary historical documents acclaimed historian Enda Delaney here offers a
reinterpretation of Ireland's encounter with modernity that corrects these stereotypes By situating the island's history
between 1780 and 1916 within its broader European global and colonial contexts he demonstrates that Ireland's pathway to
modernity was not inevitable belated or uni directional over a complex and centuries long process it was made modern and in
its own distinctive way This was related to but distinct from Ireland's complicated colonial relationship with Britain and
played out in the broader contexts of globalisation and the rise of capitalism And at the heart of this history are the Irish
people themselves both those who lived on the island and the millions of those who left during this period and made their
lives in Britain America Australia and beyond who made sense of modernity in a variety of conflicting ways and in so doing
sought to shape their own destinies and adapt the old ways of doing things in the face of relentless waves of progress
Changes in values consciousness and beliefs interacted with broader social political and cultural revolutions to create a
distinctive experience of becoming modern The result is a bold and wide ranging new history of modern Ireland that restores
agency to those who lived and made its history raising important and timely questions about modernity globalisation modern
history and post colonialism The Oxford History of the Irish Book, Volume IV James H. Murphy,2011-09 Volume IV The
Irish Book in English 1800 1891 details the story of the book in Ireland during the nineteenth century when Ireland was
integrated into the United Kingdom The chapters in this volume explore book production and distribution and the differing of
ways in which publishing existed in Dublin Belfast and the provinces
