The Irish Question 1840 1921:

The Irish Question, 1840-1921 Nicholas Mansergh, 1990 *The Irish Question* Nicholas Mansergh, 2022-11-14
Originally published in 1940 but here reissuing the revised third edition of 1975 this book analyses the Irish Question The study is not a narrative history While the problems with which it deals have been suggested by the period it covers it is with the problems and not the period that it is focussed on Those problems are the interrelation of economic and social with political forces the impact of Irish discontent on the Liberal conversion to Home Rule the character of the political cultural and social forces behind revolutionary Irish nationalism and the changing nature of the concept itself Much attention is given to the implications of Anglo Irish relations in the wider context of nationalist imperial conflicts and critical studies are made of the writings of de Tocqueville Cavour Marx Engels and Lenin among others on the Irish Question *Irish Question: 1840-1921* Nicholas Mansergh, 1975 *The Irish Question, 1840-1921* Nicholas Mansergh, 1965 *The Irish Question 1840-1921*, Etc Philip Nicholas Seton Mansergh, 1965 *The Irish Question*, 1965 *Irish Question, 1840-1921* Nicholas Mansergh, 1965 **The Irish Question 1840-1921. A Commentary on Anglo-Irish Relations and on Social and Political Forces in Ireland in the Age of Reform and Revolution** Nicholas Mansergh, 1968 **Home Rule and the Irish Question** Grenfell Morton, 2014-07-15 Taking the years 1800 1920 the book considers the four Home Rule Bills and discusses the role of leading figures such as Charles Stewart Parnell and Isaac Butt This is a careful study of the rise in political consciousness it addresses the relationship between nationalism and the Catholic faith and popular support for the Union amongst Ulster Protestants providing clear analysis of a troubled period **The Irish Question and British Politics, 1868-1996** George Boyce, 1996-09-18 The problems of modern Ireland have attracted the attention of many British political leaders from Gladstone to Major Attempts to formulate a solution have been governed by the British perception of what the problem is and by the structures as well as the ideas of British party politics and British political life Ireland was never a laboratory in which dispassionate political experiments could be conducted Modern Ireland has been shaped by British policy and this has itself been influenced by British political habits and traditions social and economic reforms and new governmental institutions have been applied by politicians both of the left and the right The Framework Documents represent the latest attempt to achieve what Gladstone David Lloyd George and Neville Chamberlain sought and failed to achieve a lasting settlement of the political divisions within Ireland and between Ireland the Great Britain This book places the Irish question in the wider context of the history of the British Isles and thus seeks to explain its special place in British history as the Oldest Question and as a question for contemporary Britain Fully revised and with a new chapter to bring the analysis up to 1996 this new edition of Professor Boyce s work will be widely acclaimed *British Political History, 1867-2001* Malcolm Pearce, Geoffrey Stewart, 2013-09-13 This third edition of *British Political History 1867 2001* is an accessible summary of major political developments in British history over the last 140 years Analyzing the changing nature

of British society and Britain's role on the world stage Malcolm Pearce and Geoffrey Stewart also outline the growth of democracy and the growth in the power of the state against a background of party politics New coverage includes domestic affairs from 1992 to 2001 John Major's Government the creation of New Labour and the Third Way Blair's first ministry developments in Northern Ireland from 1995 through the Easter Peace Deal into 2001 the 2001 General Election results and implications Students of British politics and history will find this the perfect resource for their studies *Ireland in the Age of Reform and Revolution. The Irish Question 1840-1921 ... New and revised edition of "Ireland in the Age of Reform and Revolution"* Nicholas Mansergh, 1965 *Longman Handbook to Modern British History 1714 - 2001* Chris Cook, John Stevenson, 2014-07-10 This compact and accessible reference work provides all the essential facts and figures about major aspects of modern British history from the death of Queen Anne to the end of the 1990s The Longman Handbook of Modern British History has been extended to include a fully revised bibliography reflecting the wealth of newly published material in recent years the new statistics on social and economic history and an expanded glossary of terms The political chronologies have been revised to include the electoral defeat of John Major and the record of New Labour in office Designed for the student and general reader this highly successful handbook provides a wealth of varied data within the confines of a single volume **The Catholic Ethic and Global Capitalism** Bryan Fields, 2017-11-22 This title was first published in 2003 Fields traces the origins of recent economic growth in Ireland over a long period of development In doing so he opens up an old debate with new data interpretations and evidence that will force many to question existing truths about the role of religion in economic growth The work is founded on an innovative methodology and unique primary and secondary resource material that has never been used in a study of this kind This is timely as the area has a growing international market and addresses some recently ignored themes in the Social Sciences in particular religion Whilst concerned with global issues this text also focuses on one country which economists and sociologists as well as those in other Social Sciences areas will find of great interest **James Joyce and the Question of History** James Fairhall, 1995-11-09 Explores James Joyce's work as a response to developments in British and European history **John Bull's Other Homes** Murray Fraser, 1996-01-01 State housing became an integral part of the relationship between Ireland and Great Britain from the 1880s until the early 1990s Using research from both Irish and Westminster sources this book shows that there was recurrent pressure for the state to intervene in housing in Ireland in a period when the Irish Question was the major domestic political issue The result was that the model of subsidized state housing subsequently introduced in Britain was first developed in Ireland as a product of the tensions of British rule An important corollary of innovative Irish housing policy was its influence even in a negative sense on developments in mainland Britain This book also examines the cultural impact of imperialism and in particular the way in which British ideas of garden suburb housing and town planning design came significantly to reshape the Irish urban environment Fraser not only presents hitherto unknown material but does so in a unique interdisciplinary blend of

architectural planning urban and socio economic history **America and the Making of an Independent Ireland** Francis M. Carroll, 2021-01-05 Examines how the Irish American community the American public and the American government played a crucial role in the making of a sovereign independent Ireland On Easter Day 1916 more than a thousand Irishmen stormed Dublin city center seizing the General Post Office building and reading the Proclamation for an independent Irish Republic The British declared martial law shortly afterward and the rebellion was violently quashed by the military In a ten day period after the event fourteen leaders of the uprising were executed by firing squad In New York news of the uprising spread quickly among the substantial Irish American population Initially the media blamed German interference but eventually news of British propagated atrocities came to light and Irish Americans were quick to respond America and the Making of an Independent Ireland centres on the diplomatic relationship between Ireland and the United States at the time of Irish Independence and World War I Beginning with the Rising of 1916 Francis M Carroll chronicles how Irish Americans responded to the movement for Irish independence and pressuring the US government to intervene on the side of Ireland Carroll s in depth analysis demonstrates that Irish Americans after World War I raised funds for the D il ireann government and for war relief while shaping public opinion in favor of an independent nation The book illustrates how the US government was the first power to extend diplomatic recognition to Ireland and welcome it into the international community Overall Carroll argues that the existence of the state of Ireland is owed to considerable effort and intervention by Irish Americans and the American public at large **A Short History of Ireland** John Ranelagh, 2012-10-11 This third edition of John O

Beirne Ranelagh s classic history of Ireland incorporates contemporary political and economic events as well as the latest archaeological and DNA discoveries Comprehensively revised and updated throughout it considers Irish history from the earliest times through the Celts Cromwell plantations famine Independence the Omagh bomb peace initiatives and financial collapse It profiles the key players in Irish history from Diarmuid MacMurrough to Gerry Adams and casts new light on the events North and South that have shaped Ireland today Ireland s place in the modern world and its relationship with Britain the USA and Europe is also examined with a fresh and original eye Worldwide interest in Ireland continues to increase but whereas it once focused on violence in Northern Ireland the tumultuous financial events in the South have opened fresh debates and drawn fresh interest This is a new history for a new era **Revolutionary Movements in World History**

James DeFronzo, 2006-07-20 This groundbreaking three volume encyclopedia is the first to focus exclusively on the revolutionary movements that have changed the course of history from the American and French Revolutions to the present ABC CLIO is proud to present an encyclopedia that reaches around the globe to explore the most momentous and impactful political revolutions of the last two and a half centuries exploring their origins courses consequences and influences on subsequent individuals and groups seeking to change their own governments and societies In three volumes Revolutionary Movements in World History covers 79 revolutions from the American and French uprisings of the late 18th century to the

rise of communism Nazism and fascism from Ho Chi Minh and Fidel Castro to the Ayatollah al Qaeda and the fall of the Berlin wall Written by leading experts from a number of nations this insightful cutting edge work combines detailed portrayals of specific revolutions with essays on important overarching themes Full of revealing insights compelling personalities and some of the most remarkable moments in the world s human drama Revolutionary Movements in World History offers a new way of looking at how societies reinvent themselves

Transnational Perspectives on Modern Irish History Niall Whelehan, 2014-10-03 This book explores the benefits and challenges of transnational history for the study of modern Ireland In recent years the word transnational has become more and more conspicuous in history writing across the globe with scholars seeking to move beyond national and local frameworks when investigating the past Yet transnational approaches remain rare in Irish historical scholarship This book argues that the broader contexts and scales associated with transnational history are ideally suited to open up new questions on many themes of critical importance to Ireland s past and present They also provide an important means of challenging ideas of Irish exceptionalism The chapters included here open up new perspectives on central debates and events in Irish history They illuminate numerous transnational lives follow flows and ties across Irish borders and trace networks and links with Europe North America the Caribbean Australia and the British Empire This book provides specialists and students with examples of different concepts and ways of doing transnational history Non specialists will be interested in the new perspectives offered here on a rich variety of topics particularly the two major events in modern Irish history the Great Irish Famine and the 1916 Rising
