## **The Iron Marshal:**

**The Iron Marshal** Louis L'Amour, 2004-06-29 He was a tough enforcer for a New York gang But when young Tom Shanaghy made one too many enemies he skipped town on a fast moving freight He landed in a small Kansas town that had big dreams no name and the need for an honest lawman Tom figured that a knuckle and skull man from Five Points would be perfect for the job He didn't know that a high stakes cattle drive was headed his way and that leading it was a vindictive rancher bent on settling an old score even if he had to destroy the town to do it Tom had himself stuck in the middle of the feud before sunset on his first day in town All he could do was hope that his years on the Bowery had left him with the smarts he needed to keep himself alive **The Iron Marshall** Louis L'Amour, 1981-07 Tom Shanaghy was iron tough but he was no

lawman When he jumped a westbound train to escape a deadly New York street war fate sent this city boy to a small Kansas town on the brink of its own violent battle The townspeople were in sore need of a marshal and they convinced Shanaghy to pin on the badge Now he must wade into the fight of his life one that will show him just how tough this new land really is Copyright Libri GmbH All rights reserved **The Iron Marshal** John G. Delderfield, 2002-03-04 Napoleon's Marshals led the troops of France in battles across Europe from 1804 to 1815 A mixed group of twenty six men some of the Marshals came from aristocratic backgrounds some had originally pursued tradesmen careers as drapers and bakers and others rose from total poverty to hold the highest positions in the empire below the emperor himself Delderfield's exciting chronicle of these men and their battles tells of their origins their elevation under the rule of Napoleon the kingships achieved by some and the betrayals of others and the Marshals changing relationship with their leader as the fortunes of the empire rose and fell

**The Iron Trade Review**, 1921 *Marshal Louis N. Davout And The Art Of Command* Major John M. Keefe, 2015-11-06 This paper involves an in depth study of the art of command at all three levels of warfare It examines this art through the eyes of one of Napoleon's ablest Marshals Louis N Davout The paper addresses and accomplishes three primary goals First it defines the art of command and shows its relevance to modern day warfare Second the paper shows that Marshal Davout was the best of Napoleon's generals and had an art of command that rivaled the Emperor himself Finally the paper demonstrates how Davout was instrumental in winning the battle of Abensberg Eckmühl The study proves that Marshal Davout displayed an art of command at Abensberg Eckmühl that ensured success for Napoleon during the early phases of his Austrian campaign of 1809 It does this through a detailed analysis of his actions throughout the five days of fighting from April 19 to April 23 1809 The study then draws conclusions to help define the art of command from Davout's actions **Napoleon's Undeclared**

**Marshal** Martin Sullivan, 2024-12-31 The war of 1809 between France and Habsburg Austria culminating in the titanic battle of Wagram has been described often as Napoleon's last successful campaign. Napoleon said later that the manoeuvres and actions of the French army and their German allies in the opening two weeks of this conflict were among the most brilliant and skilful of his entire career. But matters might have gone very differently. A series of miscalculations, mistakes and poor communications both prior to Austria's declaration of war and in the early days of hostilities might have resulted in a major setback if not a disaster for the French Emperor. That they did not is due in large part to the decisions and actions of Marshal Louis Davout, the so-called Iron Marshall. This is the first English study of Marshal Davout's command and leadership in over fifty years. Little known outside of France, Louis Davout was one of the finest generals in Napoleon's army, as evidenced by his comprehensive defeat of the main Prussian force at Auerstadt in October 1806. A hard even harsh disciplinarian, an utterly ruthless opponent on the field of battle, Davout was also a loving family man, meticulously concerned for the health and well-being of his troops and able to command the loyalty of his divisional commanders for far longer than any of his contemporaries. In this new study, Martin Sullivan describes in detail the decision-making processes and actions of Marshal Davout and from this analysis illustrates leadership concepts and theories which remain relevant to the world of today. Focusing upon the opening phase of the Wagram campaign, he examines in detail the decisions and actions of the participants: Davout, his opponent the Archduke Charles, and Napoleon himself. By this method, the art of leadership may be seen exercised in the heat of an intense and deadly conflict.

**Napoleon** Michael Broers, 2022-08-30 An accomplished Oxford scholar delivers a dynamic new history covering the last chapter of the emperor's life from his defeat in Russia and the drama of Waterloo to his final exile as the world Napoleon has created begins to crumble around him. In 1811, Napoleon stood at his zenith. He had defeated all his continental rivals, come to an entente with Russia, and his blockade of Britain seemed at long last to be a success. The emperor had an heir on the way with his new wife Marie Louise, the young daughter of the Emperor of Austria. His personal life too was calm and secure for the first time in many years. It was a moment of unprecedented peace and hope built on the foundations of emphatic military victories. But in less than two years, all of this was in peril. In four years, it was gone, swept away by the tides of war against the most powerful alliance in European history. The rest of his life was passed on a barren island. This is not a story any novelist could create; it is reality as epic. *Napoleon: The Decline and Fall of an Empire* traces this story through the dramatic narrative of the years 1811-1821 and explores the ever bloodier conflicts, the disintegration and reforging of the bonds among the Bonaparte family, and the serpentine diplomacy that shaped the fate of Europe. At the heart of the story is Napoleon's own sense of history, the tensions in his own character, and the shared vision of a family dynasty to rule Europe. Drawing on the remarkable resource of the new edition of Napoleon's personal correspondence produced by the Fondation Napoleon in Paris, Michael Broers' dynamic new history follows Napoleon's thoughts and feelings, his hopes and ambitions as he fought to preserve the world he had created. Much of this turns on his

relationship with Tsar Alexander of Russia in so many respects his alter ego and eventual nemesis His inability to understand this complex man the only person with the power to destroy him is key to tracing the roots of his disastrous decision to invade Russia and his inability to face diplomatic and military reality thereafter Even his defeat in Russia was not the end The last years of the Napoleonic Empire reveal its innate strength but it now faced hopeless odds The last phase of the Napoleonic Wars saw the convergence of the most powerful of forces in European history to date Russian manpower and British money The sheer determination of Tsar Alexander and the British to bring Napoleon down is a story of compromise and sacrifice The horrors and heroism of war are omnipresent in these years from Lisbon to Moscow in the life of the common soldier The core of this new book reveals how these men pushed Napoleon back from Moscow to St Helena Among this generation there was no more remarkable persona than Napoleon His defeat forged his myth as well as his living tomb on St Helena The audacious enterprise of the 100 Days reaching its crescendo at the Battle of Waterloo marked the spectacular end of an unprecedented public life From the ruins of a life and an empire came a new continent and a legend that haunts Europe still

**The Iron Wagon** Al Lacy, Joanna Lacy, 2010-07-20 John The Stranger Brockman is back by popular demand It will take more than his fists and a colt 45 to beat these killers At twenty one Paul Brockman is the newest deputy U S marshal in his father s arsenal of lawmen Bold and courageous Paul proves to be every bit as skillful with a revolver as the chief U S marshal John The Stranger Brockman Five ruthless outlaws escape Yuma Prison but are soon captured and Paul must transport them back to Arizona in an iron wagon During the hazardous journey Paul encounters Lisa Martin whose parents were murdered by renegade Indians The lovely young woman desperately needs his help and Paul is just the deputy to deliver Lisa to her destination Could she be the answer to his prayers for a wife But when the wagon comes under attack from Apaches Paul is forced to think beyond his physical strength to get everyone out alive

Failure In Independent Tactical Command: Napoleon's Marshals In 1813 Major John M. Keefe, 2015-11-06 This monograph offers a new perspective on an old subject That is why did Napoleon s marshals so successful in corps command fail when given an independent army command It examines in detail the defeats of Marshal Nicolas Charles Oudinot at Gross Beeren Marshal Etienne MacDonald at Katzbach and Marshal Michel Ney at Dennewitz Many authors have speculated why these marshals failed in independent tactical command They have offered such reasons as lack of talent lack of guidance from Napoleon or the failure to understand the nature of Napoleonic warfare While these reasons are valid they are contributing factors rather than the primary reason for the failure of Napoleon s marshals A thorough analysis of Napoleon s Correspondences for the period 10 August through 8 September 1813 reveals that Napoleon did provide adequate guidance to his subordinate commanders A detailed study of the actions of all three marshals in both movement to and conduct during battle reveals that they in fact understood the nature of Napoleonic warfare Certainly lack of talent was not the problem as each had been very successful in combat for twenty two years The primary reason that these marshals failed was their inability to command and

control their forces Lack of adequate staffs and an inability to make the intellectual leap from corps to army command proved to be their downfall
