Saturday Evening Post ,1928 **Race, Music, and National Identity** Paul McCann,2008 Race Music and National Identity is the first book length study to examine closely the portrayal of jazz in American fiction during the most critical and dynamic years of the music s development The principal argument suggests that the discourse on jazz was informed largely by a broad range of anxieties endemic to the turbulent decades of the mid twentieth century As the United States faced a new crisis in either foreign or domestic policy writers and intellectuals often used jazz as a forum to change both the public s understanding of the musical tradition as well as the nation s understanding of itself In many ways the rise of jazz from low to high art was a product of this discourse The study relies on a close reading of several notable authors including F Scott Fitzgerald Langston Hughes Eudora Welty Ralph Ellison and Jack Kerouac but also responds to a broad range of popular writers from the decade whose contribution to the discourse on jazz has been largely forgotten This book provides an insightful glimpse into how the United States negotiates and ultimately understands its own cultural artifacts Paul McCann is an English Professor at Del Mar College **The Soundtracks of Woody Allen** Adam Harvey,2007-03-20 This comprehensive guide covers all of the music used in Woody Allen s films from Take the Money and Run 1969 to Match Point 2005 Each film receives scene by scene analysis with a focus on how Allen utilized music Designing Critical Literacy Education through Critical Discourse Analysis Rebecca Rogers,Melissa Mosley Wetzel,2013-06-26 Uniquely bringing together discourse analysis critical literacy and teacher research this book invites teacher educators literacy researchers and discourse analysts to consider how discourse analysis can be used to foster critical literacy education It is both a guide for conducting critical discourse analysis and a look at how the authors alongside their teacher education students used the tools of discourse analysis to inquire into critique and design critical literacy practices Through an intimate look at the workings of a university teacher education course and the discourse analysis tools that teacher researchers use to understand their classrooms the book provides examples of both pre service teachers and teacher educators becoming critically literate The context rich examples highlight the ways in which discourse analysis aids teachers decision making in the moment and reflections on their practice over time Readers learn to conduct discourse analysis as they read about critical literacy practices at the university level Designed to be interactive each chapter features step by step procedures for conducting each kind of discourse analysis narrative critically oriented multimodal sample analyses and additional readings and resources By attending to the micro interactions as well as processes that unfold across time the book illustrates the power and potential of discourse analysis as a pedagogical and research tool The Jazz Makers Nat Shapiro,Nat Hentoff,1979-08-21 **Pops Foster** Pops Foster,2023-12-22
