VOYA The Mystery of the Two Jesus Children Bernard Nesfield-Cookson,2005 The Christian Gospels give two widely differing genealogies for Jesus which have baffled theologians throughout the centuries Not only are these genealogies irreconcilable but the stories of the two accounts of the birth of Jesus as given by Matthew and Luke are also radically different How can we account for this An ancient tradition tells that there were two children named Jesus a year apart in age and both born to parents named Mary and Joseph These two children brought up in close proximity eventually united in a mysterious way resulting in a single Jesus destined to grow up and fulfill the prophecies of the Old Testament In grappling with this mystery Nesfield Cookson uses all available sources biblical accounts Christian apocryphal writings Aramaic and Hebrew documents discovered in the Qumran caves in the twentieth century the Dead Sea Scrolls writings by Syrian theologians of the thirteenth century and in particular statements by Rudolf Steiner the first modern thinker to speak of the existence of two Jesus children The author also refers to the many works of art largely by Italian artists of the Renaissance period which appear to depict two Jesus children Fifteen of these paintings are reproduced as beautiful full color plates The author also develops a parallel theme regarding the mystery of Christ and Jesus the gradual descent of Christ the Spirit of the Sun from the spiritual world into the physical body of Jesus

Philosophy and Fiction Schuy R. Weishaar,2022-11-22 Fiction lies in order to tell the truth and seeks reality through shadows Philosophy attempts to dispel false realities it pursues clear understanding of things as they are While the relation of philosophy and fiction is perhaps paradoxical they implicate one another s picture of human experience This book uses fiction to help readers process philosophical themes and the philosophical reflection in turn helps clarify the fiction The study moves through roughly a hundred years of modern fiction from Washington Irving s *The Devil* and Tom Walker 1824 through James M Cain s *Double Indemnity* 1936 Several classic works of literary fiction are examined a few largely forgotten stories and several popular novels Reading fiction through the lens of philosophy helps readers perceive the complexity and richness of fiction reinvigorating the pursuit of wisdom that lies just beneath the surface of the words on the page

Approaching the Mystery of Golgotha Rudolf Steiner,2009-04-09 Truths cannot be transmitted simply as stable dogmas Truths are always of a given moment and at each moment must be grasped anew This demands at each moment a renewed activity in relation to the human gift of understanding J rgen Smit

from the foreword The goal of this study is to cultivate the experience of living intuitive thinking such as we experience with every new understanding As K hlewind puts it this unique contribution to practice of anthroposophy has a twofold purpose to stimulate working with spiritual science through exercises and to stimulate independent new formulations of its content on the basis of experience Working with Anthroposophy will help guide beginning students and inspire longtime students of the path opened up by Rudolf Steiner As with all of K hlewind s works this book opens new insights with each reading

Fictions of Integration Naomi Lesley, 2017-03-03 This book examines how children s and young adult literature addresses and interrogates the legacies of American school desegregation Such literature narrates not only the famous battles to implement desegregation in the South in places like Little Rock Arkansas but also more insidious and less visible legacies such as re segregation within schools through the mechanism of disability diagnosis Novelizations of children s experiences with school desegregation comment upon the politics of getting African American children access to white schools but more than this as school stories they also comment upon how structural racism operates in the classroom and mutates over the course of decades through the pedagogical practices depicted in literature for young readers Lesley combines approaches from critical race theory disability studies and educational philosophy in order to investigate how the educational market simultaneously constrains how racism in schools can be presented to young readers and also provides channels for radical critiques of pedagogy and visions of alternative systems The volume examines a range of titles from novels that directly engage the Brown v Board of Education decision such as Sharon Draper s Fire From the Rock and Dorothy Sterling s Mary Jane to novels that engage less obvious legacies of desegregation such as Cynthia Voigt s Dicey s Song Sharon Flake s Pinned Virginia Hamilton s The Planet of Junior Brown and Louis Sachar s Holes This book will be of interest to scholars of American studies children s literature and educational philosophy and history African Theatre in Performance Dele

and imagery in Wole Soyinka's plays **The Gospel of John and the Other Three Gospels** Rudolf Steiner, 2025-05-19

What is the Christ event? It is a confluence of all preceding philosophies and religious streams of humanity united in Palestine and they were expressed in the Gospels according to the different types of initiation of the one or other Evangelist. Rudolf Steiner, speaking two years after his main lecture course on the Gospel of John, discusses initiation traditions in the course of human history and how the Christ Event unified them all in particular those connected to the Western and Eastern mysteries. In addition to esoteric interpretations of passages in the Gospels, Steiner also presents many new and complementary insights on the world-historic significance of Christ's mission, including his initial reference to the Second Coming in the etheric realm. Dense in content, these thirteen lectures delivered to an audience at the Royal Swedish Academy of Science, Stockholm, enrich our understanding of Rudolf Steiner's Christology. Only recently published in German and here in English for the first time, the lectures are accompanied with an introduction by Hans Christian Zehnter, an appendix of photos and facsimiles, extensive notes, and an index. The voice rose and the speaking took on a more rapid tempo while it flowed without stopping in perfectly formed beautiful sentences as only a born speaker can produce. From a contemporary newspaper review: Thirteen lectures, Stockholm, Jan 1910, GA 117a. My Journey Pene Enochs, 2023-03-17

My Journey: Weird, Strange, and Funny Adventures. Pene's weird, strange, and funny journey started at an early age and continued throughout her life. During her lifetime, she was a conduit for many strange and weird adventures. Her journey ranged from fortunetelling, a twin flame experience, and channeling spirits of the departed. Pene wrote two books, *Heart to Heart 1* and *Heart to Heart 2*, about her TF experiences. Pene traveled with her husband and seven children all around the world. She experienced many adventures in foreign places that enhanced her life. The journey continues. Special ones are continually drawn to her with no end in sight. On to a new beginning. The Burning Bush Edward Reaugh Smith, 1997

Even more significant for Christianity in the long run than the twentieth-century Dead Sea and Nag Hammadi discoveries is the growing North American awareness of Rudolf Steiner's works. Virtually unavailable until the end of the twentieth century, English translations from the German archives are gradually coming into print. Both Steiner and his works have thus far been virtually unknown in traditional theological circles. No Bible commentary has yet reflected the remarkable spiritual insights of Anthroposophy. Now, ten years after first encountering a written comment about Rudolf Steiner, Ed Smith combines his own extensive traditional biblical knowledge with his years of concentrated study and reflection on hundreds of assembled works by Steiner. The result is the first Bible commentary in the light of anthroposophic insight. This is the first volume of a series of Bible commentaries by the author. It is based on the anthroposophic understanding given to humanity by Rudolf Steiner during the first quarter of the twentieth century. Bible commentaries have always reflected the general line of thinking of their authors. However, the dramatic newness of anthroposophic thought means that perhaps the usual method of using a Bible commentary is not appropriate here. A large part of *The Burning Bush* is necessarily devoted to laying an anthroposophic or spiritual scientific

groundwork A major assumption indulged in most Bible commentaries that one can go directly to portions dealing with given passages of scripture and understand what is being said about them does not fit *The Bhagavad Gita and the West* Rudolf Steiner, 2006-12 5 lectures Cologne Dec 28 1912 Jan 1 1913 CW 142 9 lectures Helsinki May 28 June 5 1913 CW 146 1 lecture Basel Sept 19 1912 CW 139 This combination of two volumes in Rudolf Steiner's Collected Works presents Steiner's profound engagement with Hindu thought and above all the Krishna in the Bhagavad Gita as they illuminate Western Christian esotericism In his masterly introduction Robert McDermott a longtime student of Rudolf Steiner as well as Hindu spirituality explores the complex ways in which the Song of the Lord or Bhagavad Gita has been understood in East and West He shows how Krishna's revelation to Arjuna a foundation of spirituality in India for more than two and a half millennia assumed a similarly critical role in the Western spiritual revival of the nineteenth and twentieth centuries In the West for instance leading up to Steiner's engagement McDermott describes the various approaches manifested by Emerson Thoreau H P Blavatsky and William James In the East he engages with interpretations of historical figures such as Mahatma Gandhi and Sri Aurobindo relating them to Steiner's unique perspective In addition and most important he illumines the various technical terms and assumptions implicit in the worldview expressed in the Bhagavad Gita The main body of *The Bhagavad Gita and the West* consists of two lecture courses by Rudolf Steiner *The Bhagavad Gita and the Epistles of Paul* and *The Esoteric Significance of the Bhagavad Gita* In the first course his main purpose is to integrate the flower of Hindu spirituality into his view of the evolution of consciousness and the pivotal role played in it by the Mystery of Golgotha the incarnation death and resurrection of Jesus Christ Steiner views Krishna as a great spiritual teacher and the Bhagavad Gita as a preparation though still abstract for the coming of Christ and the Christ impulse as the living embodiment of the World Law and Devotion represented by the three Hindu streams of Veda Sankhya and Yoga For Steiner the epic poem of the Bhagavad Gita represents the fully ripened fruit of Hinduism whereas Paul is related but represents the seed of something entirely new In the last lecture of part one Steiner reveals Krishna as the sister soul of Adam incarnated as Jesus and claims Krishna's Yoga teachings streamed from Christ into Paul In the second lecture course five months later Steiner engages the text of the Bhagavad Gita on its own terms as signaling the beginning of a new soul consciousness To aid in understanding both of these important cycles this book includes the complete text of the Bhagavad Gita in Eknath Easwaran's luminous translation In our age when East and West are growing closer and we live increasingly in a global intercultural and religiously pluralistic world this remarkable book is required reading *The Bhagavad Gita and the West* is a translation of two volumes in German *Die Bhagavad Gita und die Paulusbriefe* CW 142 and *Die okkulten Grundlagen der Bhagavad Gita* CW 146 The lecture in the appendix is translated from *Das Markus Evangelium* CW 139 and was published in *The Gospel of St Mark Anthroposophic Press* 1986 *The Boy's Hakluyt* Edwin Monroe Bacon, 1910 *The Quest for the Christ Child in the Later Middle Ages* Mary Dzon, 2017-01-25 Beginning in the twelfth century clergy and laity alike started wondering with intensity about the

historical and developmental details of Jesus early life Was the Christ Child like other children whose characteristics and capabilities depended on their age Was he sweet and tender or formidable and powerful Not finding sufficient information in the Gospels which are almost completely silent about Jesus childhood medieval Christians turned to centuries old apocryphal texts for answers In *The Quest for the Christ Child in the Later Middle Ages* Mary Dzon demonstrates how these apocryphal legends fostered a vibrant and creative medieval piety Popular tales about the Christ Child entertained the laity and at the same time were reviled by some members of the intellectual elite of the church In either case such legends so persistent left their mark on theological devotional and literary texts The Cistercian abbot Aelred of Rievaulx urged his monastic readers to imitate the Christ Child s development through spiritual growth Francis of Assisi encouraged his followers to emulate the Christ Child s poverty and rusticity Thomas Aquinas for his part believed that apocryphal stories about the Christ Child would encourage youths to be presumptuous while Birgitta of Sweden provided pious alternatives in her many Marian revelations Through close readings of such writings Dzon explores the continued transmission and appeal of apocryphal legends throughout the Middle Ages and demonstrates the significant impact that the Christ Child had in shaping the medieval religious imagination

Deeper Secrets of Human Evolution in the Light of the Gospels Rudolf Steiner, 2021-10-14 The personality who received the Christ Being into himself in his thirtieth year is a complex entelechy Only on the basis of the Akashic Record can an accurate view be gained as to why the life of Jesus is so diversely presented in the various Gospels Rudolf Steiner Previously untranslated this collection of twelve lectures represents a middle point in Rudolf Steiner s unique exposition of the Christian gospels his momentous courses on St John and St Luke had already been delivered whilst his lectures on the Matthew and Mark gospels were yet to follow Here he examines the varying depictions of Christ in the gospels explaining that they represent four different but complementary perspectives Steiner s unparalleled insights are based on his firsthand ability to research the spiritual Akashic Record the universal compendium of all events thoughts emotions and intentions The twelve lectures include The Gospels Buddha and the two Jesus children Four varying depictions of Christ in the four Gospels The Mission of the ancient Hebrew people Preparations for an understanding of the Christ Event On the right attitude to Anthroposophy The Gospel of Matthew and the Christ conundrum Group souls and Individuality God within and the God in outer manifestation The Christmas tree as a symbol and A Christmas mood Translated by Christiana Bryan this volume features an introduction by Tom Ravetz as well as notes and an index

Spiritual Science in the Third Millennium Pietro Archiati, 2015-04-21 Can there be such a thing as spiritual science today Should faith and spirit remain as purely private concerns or as traditionally preserves of the Church When Rudolf Steiner founded anthroposophy in the early twentieth century his intention was to create a fundamentally scientific approach to the spirit His basic works detail methods for developing spiritual consciousness allowing the individual to replicate the results of his research This key aspect distinguishes anthroposophy from the wealth of spiritual teachings sects cults and religions within the modern cultural milieu

But did Steiner fail in his endeavour to build a scientific path to spiritual knowledge Is anthroposophy just another theory based on intellectual thought to be analysed and dismissed Up to now academia has largely ignored Rudolf Steiner's work In 2013 however the first volume of a new series a critical edition of Rudolf Steiner's writings edited by a professor of the largest religious university in the USA was published by a respected German academic press Taking this concrete case as an illustration Pietro Archiati argues that academia with its in built bias towards the atheistic assumptions of materialistic science will almost inevitably misrepresent Steiner's work Anthroposophy is a spiritual science whose metamorphosing nature requires penetration of its essence for true understanding Presenting a broad exploration of the critical questions outlined above Archiati's exposition works not only as a critique of a specific new edition of Steiner's works but also as an introduction to key tenets of anthroposophical methodology and thought When in the case of a flower the coloured blossom appears this does not come as a correction of a faulty green leaf It is on the contrary a further metamorphosis of the plant which without the existence of the green leaf would not have been able to arise Rudolf Steiner was always comparing the arising of his spiritual science with the evolution of a living organism Pietro Archiati **Talks to Boys and Girls about Jesus** Wilbur Fisk Crafts, 1881 **Kaspar Hauser** Karl Heyer, 2024-10-21 From his appearance on the streets of Nuremberg in 1828 to his disturbing murder only five years later the enigmatic story of Kaspar Hauser has stirred feelings of love and admiration in countless people He has been celebrated as the subject of films and plays popular books and academic studies yet even today almost two hundred years after his death he continues to arouse opposition and hatred from his detractors who dismiss him as an opportunist and a fraud In the first English language edition of this classic text the original comprehensive attempt to illumine the mysterious life of Kaspar Hauser from a spiritual scientific anthroposophical perspective historian Karl Heyer gathers the basic facts of the life and death of the Child of Europe exploring his remarkable abilities and character With impressive clarity he goes on to study Hauser's fate in relation to the mission and destiny of Middle Europe focusing on the roles of the House of Baden and key political actors such as Napoleon and Otto von Bismarck His original research leads to some shattering conclusions with significant consequences for Europe's future Heyer was initially drawn to the subject through a private conversation with Rudolf Steiner That seed matured forty years later into intensive research and the first publication of this book in German in 1958 For me said Heyer it represented the high point of my writing and a kind of crowning of my life's work Rudolf Steiner, Master of the White Lodge Judith von Halle, 2025-09-25 Today the spirit of the earth lives with the Masters and this spirit of the earth will become the physical garment of the next planet The smallest thing we do will have an effect on the smallest atom of the next planet Only this feeling gives us a full connection with the Lodge of the Masters Rudolf Steiner 21 October 1905 Who was Rudolf Steiner Judith von Halle begins her exploration by addressing the controversy surrounding the dates of Steiner's birth and christening an entry point that leads into a profound study of an individuality whose higher spiritual nature remains largely

unrecognized today Along the way we encounter previously unexplored facets hidden treasures of Steiner s occult biography including his deep inner connection to the archetypes of the two Jesus children Rudolf Steiner frequently emphasized the urgent need to understand the mission of the Masters of the White Lodge Drawing on her own spiritual research Judith von Halle offers striking insights into Steiner s true spiritual identity and his relationship with the White Lodge The book also includes a previously unpublished document by Edith Maryon shedding light on Steiner s role within the Lodge and his connection to the Masters of the East
