The Jesus People Of The First Century:

The Jesus People of the First Century John Wood, 1974 *Reading Minjung Theology in the Twenty-First Century* Yung Suk Kim, Jin-Ho Kim, 2013-09-16 This edited volume brings Ahn Byung Mu's minjung theology into dialogue with twenty first century readers Ahn Byung Mu was one of the pioneers of Korean minjung theology The centerpiece of his minjung theology is focused on the Greek word *ochlos* understood as the divested marginalized powerless people Part 1 introduces readers to his life and theological legacy Part 2 includes four important writings of Ahn Byung Mu Jesus and Minjung in the Gospel of Mark Minjung Theology in the Gospel of Mark The Transmitters of Jesus Event Tradition and Minjok Minjung and Church Part 3 contains a collection of articles from international scholars who evaluate and engage Ahn's *ochlos* minjung theology in their own fields and formulate critical readings of minjung theology Responses include postcolonial black theology and feminist perspectives *The Stratified Leadership Model of the First-Century Christian Church* Barton S. Garratt Edsall, 2025-07-29 This research work aims to present a solution to the problem of withering Christian congregations present in modern Christian churches by way of expounding the doctrine that Jesus or his apostles promoted as displayed in the four canonical Gospels the Acts of the Apostles or the New Testament epistles This study presents factual information showing that the doctrine and arrangement of leaders that developed within the first century church may have been overlooked and lost by the wayside of history in favor of established traditions Paul declared his purpose for visiting the church believers in Rome was not to collect money or build houses of worship but so that their lives might manifest spiritual fruit Following that example improving the spiritual quality of their people's lives should be the primary goal of all Christian ministers The majority of this work will conduct a careful exegesis of selected passages from the New Testament which focus on the leadership model utilized by the first century church This study presents in detail the stratified leadership model of the early times in such a fashion that any modern church might replicate its design **Restoring the First-century Church in the Twenty-first Century** Warren Lewis, Hans Rollmann, 2005-10-15 Restoring the First century Church in the Twenty first Century Essays on the Stone Campbell Restoration Movement in Honor of Don Haymes is a snap shot of a major American religious movement just after the turn of the millennium When the Disciples of Alexander Campbell and the Christians of Barton Warren Stone joined forces early in the 19th century the first indigenous ecumenical movement in the United States came into being Two hundred years later this American experiment in biblical primitivism has resulted in three possibly four large segments Best known is the Christian Church Disciples of Christ active wherever ecumenical Christians gather The denomination is typically theologically open having been reshaped by theological Liberalism and the Social Gospel in the twentieth century and has been re organized on the model of other Protestant bodies The largest group the Churches of Christ easily distinguished by their insistence on a cappella music singing only is theologically conservative now tending towards the evangelical and congregationally autonomous though with a denominational sense of brotherhood The

Christian Churches Churches of Christ Independent are a via media between the two other bodies theologically conservative and evangelical congregationally autonomous pastorally oriented and comfortable with instrumental music The fourth numerically significant group the churches of Christ Anti Institutional is a conservative reaction to the a cappella churches much in the way that the Southern a capella churches reacted against the emerging intellectual culture and social location instrumental music and institutional centrism of the Northern Disciples following the Civil War Besides these four numerous smaller fragments typically one article splinter groups decorate the history of the Restoration Movement One Cup brethren Premillennialists No Sunday School congregations No Located Preacher churches and others This movement to unite Christians on the basis of faith and immersion in Jesus Christ and to restore New Testament Christianity is too little recognized on the American religious landscape and it has been too little studied by the academic community This volume is focused primarily on the a cappella churches and their interests but implications for the entire Stone Campbell Restoration Movement abound The voices that speak freely within were unimpeded in authoring these essays by standards of orthodoxy imposed from without All of the contributors are acquainted with Don Haymes the honoree of the volume and have been inspired by this friend and colleague a man with a rigorous and earthy intellect and a heavenly spirit David Bundy series editor *Studies in the History and Culture of World Christianities* **Christians in the Twenty-First Century** George D. Chryssides, Margaret Z. Wilkins, 2014-09-11 Christians in the Twenty First Century examines Christianity as it is understood and practised both by active followers and those who regard themselves as Christian The book opens with an examination of key Christian concepts the Bible the Creeds the Church and the sacraments and the major traditions of Roman Catholicism Eastern Orthodoxy and Protestantism as well as more recent movements The book continues with an analysis of the challenges presented by the rise of science new approaches to biblical scholarship the rise of fundamentalist movements the ordination of women secularization the interfaith movement and the impact of the electronic revolution *The Missed Mission of The Great Commission A First Century Discipleship Paradigm for the 21st Century* George Eberly, 2016-12-15 The Missed Mission of the Great Commission is discipleship or as Jesus puts it teaching them to observe all that I have commanded you Matthew 28 20 Thousands upon thousands of people have come to a personal relationship with Jesus Christ over the last four decades Yet during the same period of time the influence of Christianity on the American society has greatly diminished There have been many converts but far fewer have become disciples whose lives testify the presence of Jesus As Pastor Eberly shares about his years of ministry he calls the church back to a New Testament paradigm of discipleship He focuses on biblical principles rather than programs because one size does not fit all His book also points to practical ways in which these principles can be applied in whatever situation **Gnosticism, Docetism, and the Judaisms of the First Century** Urban C. von Wahlde, 2015-02-26 In this book von Wahlde provides an exploration of three distinct cultural and religious backgrounds against which scholars have frequently proposed that the Gospel and Letters of John are

to be read and understood von Wahlde examines each of these three possibilities in turn and shows how they may be regarded as plausible or implausible depending upon the evidence available von Wahlde shows that there are features within the Gospel and or Letters of John that do in fact suggest that they were influenced either by Gnosticism Docetism or one of the variant forms of Judaism However in each case while some of the evidence suggests a particular background von Wahlde shows that it is equally evident that not all of the evidence can be seen to suggest the same background Through an examination of the origins and purpose of the gospel and drawing on the conclusions of his well regarded commentary on the Johannine literature von Wahlde presents a new way of understanding the Gospel in its wider contexts

Popular Music in Evangelical Youth Culture Stella Lau, 2013-05-07 Christian churches and groups within Anglo American contexts have increasingly used popular music as a way to connect with young people This book investigates the relationships between evangelical Christianity and popular music focusing particularly on electronic dance music in the last twenty years Author Stella Lau illustrates how electronic dance music is legitimized in evangelical activities by Christians discourses and how the discourses challenge the divide between the secular and the sacred in the Western culture Unlike other existing books on the relationships between music cultures and religion which predominantly discuss the cultural implications of such phenomenon Popular Music in Evangelical Youth Culture examines the notion of spirituality in contemporary popular electronic dance music Lau s emphasis on the sonic qualities of electronic dance music opens the door for future research about the relationships between aural properties of electronic dance music and religious discourses With three case studies conducted in the cultural hubs of electronic dance music Bristol Ibiza and New York the monograph can also be used as a guidebook for ethnographic research in popular music

Storytellers and Audiences Thomas E. Boomershine, 2022-07-29 These essays explore the reconception of the Gospels as first century compositions of sound performed for audiences by storytellers rather than the anachronistic picture of a series of texts read by individual readers The new paradigm implicit in these initial experiments is based on the recent realization that the majority of persons 85 to 95 percent were illiterate and experienced the Jesus stories as members of audiences Either from memory or from memorized manuscripts the evangelists performed the Gospels as an evening s entertainment of two to four hours The audiences were predominantly addressed as Hellenistic Judeans who lived in the aftermath of the Roman Jewish war When heard whole the Gospels were vivid experiences of the central character of Jesus These studies of audience address and the interactions between first century storytellers and audiences reveal a dynamic performance literature that functioned as scripts for an ever expanding network of storytelling proclamations whose envisioned horizon was the whole world When the Gospels were told at one time from beginning to end they invited the listeners to move from being peripherally interested or initially opposed to Jesus to identifying themselves as disciples of Jesus and believers in him as the Messiah *Following the Master* Michael J. Wilkins, 2010-08-03 In the aftermath of the waves of discipleship programs that have swept over the church in the last 30 years clergy and laypersons alike are more confused than ever about what it means to be a disciple of Jesus Christ What should a disciple of Jesus look and act like today What is the relationship between discipleship and salvation between discipleship and sanctification between discipleship and ministry How were disciples of Jesus different from other disciples in the ancient world How did the early church carry out Jesus agenda in

making disciples of all the nations In Following the Master Michael J Wilkins addresses these and many other questions that perplex the church today not by offering another discipleship program or manual but by presenting a comprehensive biblical theology of discipleship Following the Master compares other forms of master disciple relationships in existence in the ancient Judaism and Greco Roman world traces Jesus steps as he called and developed disciples and Mediterranean world as it followed Jesus command to make disciples Following the Master lays the groundwork necessary for developing biblical discipleship ministries in the church on the mission field and in parachurch ministries It is essential reading for all pastors students and Christian workers The Common Thread Kevin J. Moroney,2021-03-17 The Episcopal Church is embarking on a new era of liturgical reform giving us an opportunity to reflect on why we do what we do as a body A Christian understanding of life sets every act of personal or communal worship as a response we look on ourselves and everything around us with curiosity wonder awe fear love hope and uncertainty about what it all means for us and how we feel about it Worship begins as a response but reaches into the future and makes alterations to adapt to changing circumstances This is essential reading as the General Convention approaches and these conversations continue **A Myth of Innocence** Burton L.
