groundbreaking study we must examine its prehistory throughout Europe We must look at countries as far flung as Romania and France Russia and Greece where decades before the Nazis came to power a deadly combination of envy competition nationalism and social upheaval fueled a surge of anti-Semitism creating the preconditions for the deportations and murder to come In the late nineteenth century new opportunities for education and social advancement were opening up and Jewish minorities took particular advantage of them leading to widespread resentment At the same time newly created nation states especially in the east were striving for ethnic homogeneity and national renewal goals which they saw as inextricably linked Drawing upon a wide range of previously unpublished sources Aly traces the sequence of events that made persecution of Jews an increasingly acceptable European practice Ultimately the German architects of genocide found support for the Final Solution in nearly all the countries they occupied or were allied with Without diminishing the guilt of German perpetrators Aly documents the involvement of all of Europe in the destruction of the Jews once again deepening our understanding of this most tormented history Praise for *Europe Against the Jews 1880-1945* A masterpiece Die Zeit If HBO's *The Plot Against America* makes you want to know the grim real life context read German historian Gtz Aly's new book *Europe Against the Jews* New York Magazine A major work on anti-Semitism of incredible research and singular scholarship Aly delivers again this time expanding his lens outside of Germany to offer further revelations about the Holocaust Kirkus Reviews
