**The Jews of Moslem Spain** Eliyahu Ashtor,1973 **The Jews of Moslem Spain** Eliyahu Ashtor,1979 The Jewish Intellectual Tradition Alan Kadish, Michael A. Shmidman, Simcha Fishbane, 2021-01-19 The Jewish intellectual tradition has a long and complex history that has resulted in significant and influential works of scholarship In this book the authors suggest that there is a series of common principles that can be extracted from the Jewish intellectual tradition that have broad even life changing implications for individual and societal achievement These principles include respect for tradition while encouraging independent often disruptive thinking a precise system of logical reasoning in pursuit of the truth universal education continuing through adulthood and living a purposeful life The main objective of this book is to understand the historical development of these principles and to demonstrate how applying them judiciously can lead to greater intellectual productivity a more fulfilling existence and a more advanced society A Vigilant Society Javier Roiz, 2013-03-01 Uncovers a fundamental change that took place in Western thinking especially its departure from the Sephardic philosophy found in the Iberian Peninsula during the 13th century JPS: the Americanization of Jewish Culture, 1888-1988 Jonathan D. Sarna, 2021-10 Published to mark the 100th anniversary of The Jewish Publication Society Jonathan Sarna's engaging blend of anecdote and analysis presents the personalities and the controversies the struggles and the achievements behind a century of publishing by the oldest English language publisher of Jewish books in the world Includes black and white photographs and extensive listings of IPS officers and editors governing boards and authors translators and illustrators up to 1988 The Jews of Arab Lands Norman A. Stillman,1979 Atlas of Jewish History Dan Cohn-Sherbok, 2013-01-11 In this illuminating history Dan Cohn Sherbok traces the development of Jewish history from ancient times to the present day Containing over 100 maps and 30 photographs this is a comprehensive atlas of Jewish history designed for students and the general reader It is ideally suited for those courses in Jewish or Biblical Studies serving as a handy reference guide as well as The Jews Of Iraq Nissim Rejwan, 2019-07-11 This book provides an account of the Jews of Iraq their history a textbook culture and society It covers the Iragi Jewish history in three parts from the Assyrian Captivity to the Arab Conquest 731 bc ad 641 the encounter with Islam 641 1850 and the last hundred years 1850 1951 The Binding of Isaac, Religious Murders & Kabbalah Lippman Bodoff, 2005 In a series of evocative groundbreaking articles the author analyzes the Biblical and Rabbinic basis for what surely are now some of the most hotly debated topics in Jewish religious thought today These include how the traditional interpretation of the Binding of Isaac has been misapplied in both Christian theology and Jewish martyrology and how the centuries long and newly resurgent belief in mysticism and messianism in kabbalah and Hasidism has distorted classical Judaism and thwarted its national and cultural development. The author counters the arguments of those who see Judaism's and the world's newfound obsession with mysticism and kabbalah as a natural outgrowth of a progressive trend within rabbinic Judaism and warns of the impending danger of rejecting the very core of Jewish thought

and opinion as it was expounded in the Torah and classical Jewish tradition the Oral Law Each section of this magnificent work will give the reader new insights into how different aspects of Judaism have evolved and why they have often been in contention with each other Nor is he afraid to deal with some of the supercharged issues within Judaism such as what are the underlying premises of Jewry's claim to the Divinely Promised Land And has this claim been affected by its failure to pursue an active program of nationalism These highly acclaimed articles have been gleaned from today s leading Jewish journals and have stood the test of time They contain valuable source material and are a ready reference to the many historical and religious topics that are the focus of discussion across all main Jewish denominations The World of the Yeshiva William B. Helmreich, 2000 In the advance veshiva adult males spend long periods of time sometimes their entire lives studying and interpreting traditional writings on Jewish law and theology all but totally cut off from the mainstream of American life and indeed the lives of most American Jews Why is this East European incarnation of an ancient Jewish tradition flourishing in present day America What does its successful transplantaion tell us about Orthodox Jewish life The Late Medieval Hebrew Book in the Western Mediterranean Javier del Barco, 2015-09-29 This collection takes the Hebrew book as a focal point for exploring the production circulation transmission and consumption of Hebrew texts in the cultural context of the late medieval western Mediterranean The authors elaborate in particular on questions concerning private vs public book production and collection the religious and cultural components of manuscript patronage collaboration between Christian and Jewish scribes artists and printers and the impact of printing on Iberian Jewish communities Unlike other approaches that take context into consideration merely to explain certain variations in the history of the Hebrew book from antiquity to the present the premise of these essays is that context constitutes the basis for understanding practices and processes in late medieval Jewish book culture Revisiting Jewish Spain in the Modern Era Daniela Flesler, Tabea Alexa Linhard, Adrián Pérez Melgosa, 2015-07-16 This innovative volume offers fresh perspectives and directions on the intersection of Hispanic and Jewish studies It shows how Jewishness has played a crucial role in Spanish political social and cultural developments in the modern era exploring the effects of the multiple material and symbolic absences of Jews and Judaism from modern Spanish society The book considers the haunting presence that this absence has entailed Contributors analyze the different and contradictory ways in which Spain as a nation has tried to come to terms with its Jewish memory and with Jews from the nineteenth century to the present Jos Amador de los R os efforts to incorporate Jewishness into the canon of Spanish national literature and history the emergence in the mid nineteenth century of the figure of the Jewish conspirator who seeks to foment revolutionary unrest in novels from Spain Italy and France the development of philosephardism and its interconnections with anti Semitism Spanish fascism and colonial ambitions at the turn of the twentieth century the instrumentalization of the Spanish Jewish past during the Second Republic the role of philosemitism in the development of Catalan nationalism and the relationship between the memory of Sepharad and Holocaust commemoration in contemporary

Lieberman, 2021-09-02 Volume 5 examines the history of Judaism in the Islamic World from the rise of Islam in the early sixth century to the expulsion of Jews from Spain at the end of the fifteenth This period witnessed radical transformations both within the Jewish community itself and in the broader contexts in which the Jews found themselves The rise of Islam had a decisive influence on Jews and Judaism as the conditions of daily life and elite culture shifted throughout the Islamicate world Islamic conquest and expansion affected the shape of the Jewish community as the center of gravity shifted west to the North African communities and long distance trading opportunities led to the establishment of trading diasporas and flourishing communities as far east as India By the end of our period many of the communities on the other side of the Mediterranean had come into their own while many of the Jewish communities in the Islamicate world had retreated from their high water The Jewish Polity Daniel Judah Elazar, Stuart Cohen, 1985 Astronomies and Cultures in Early Medieval Europe mark Stephen C. McCluskey, 2000-11-20 This book provides an overview of the astronomical practices that continued through the so called Dark Ages Like the astronomies of traditional societies early medieval astronomies established a religious framework of sacred time and ritual calender here Christian feasts tied to a pre Christian ritual solar calender the date of Easter tied to the Hebrew lunar calender and the timing of monastic prayers in terms of the course of the stars Coupled with the remnants of ancient geometrical astronomy these provided the framework for the rebirth of astronomy with the rise of the medieval universities Sephardic Studies in the University Jane S. Gerber, 1995 Nevertheless the teaching of Sephardic civilization was incomplete and Eurocentric with the Jews of Islam an ongoing entity for over a thousand years scarcely figuring in any course offerings
