The Jimi Hendrix Companion Three Decades Of Commentary:

The Jimi Hendrix Companion Chris Potash,1996 **The Jimi Hendrix Companion** Chris Potash,2000-12-22 Drawing on well known writers including Jon Pareles John Rockwell Dave Marsh P J O Rourke and Lester Bangs the work gives a perfect introduction to Hendrix his music and his times [The Words and Music of Jimi Hendrix](#) David V. Moskowitz,2010-10-21 This comprehensive discussion of the singer songwriter guitarist s life carves autobiographical details from the lyrics of his song catalog Jimi Hendrix was a rock n roll guitar god and remains an important rock icon still popular despite the four decades that have passed since his death in 1970 The Words and Music of Jimi Hendrix uses Hendrix s music including the posthumous album Valleys of Neptune released on March 9 2010 to shed light on the details of the singer songwriter s all too brief life Organized chronologically the book provides an in depth look at Hendrix s life carving autobiographical details from his lyrics At the same time it offers readers a better understanding of the superstar s music and the forces behind it The book focuses on the three albums released during Hendrix s life as well as the major posthumous works Priority is also given to touring and to the influence of other guitarists **Philosophizing Rock Performance** Wade Hollingshaus,2013-09-12 Bob Dylan Jimi Hendrix and David Bowie are among three of the most influential figures in twentieth century popular music and culture and innumerable scholars and biographers have explored the history of their influence However critical historiography reminds us that such scholarship is responsible not just for documenting history but also for producing it In brief there is always some kind of logic underwriting these historiographies drawing boundaries through and around our thinking In Philosophizing Rock Performance Dylan Hendrix Bowie Wade Hollingshaus capitalizes on this notion by embracing a set of historiographical logics that re imagine these three artists Noting how Dylan Hendrix and Bowie first established their reputations amid the anti establishment sentiments that emerged in Western counties during the 1960s and early 1970s he connects them with the concurrent formative phase of Continental philosophy in the work of Giorgio Agamben Jean Fran ois Lyotard Michel de Certeau Jacques Ranci re Guy Debord and Michel Foucault In Philosophizing Rock Performance Hollingshaus draws on the work of these latter Continental thinkers to explore how we might otherwise think about Dylan Hendrix and Bowie This work is ideal for those in the fields of music history performance studies philosophy American and European cultural and intellectual history and critical theory **Jimi Hendrix** Edward Willett,2010-07-01 Read about the short life of a rock music legend From source other than the Library of Congress **The Rough Guide to Jimi Hendrix** Richie Unterberger,Rough Guides,2009-06-01 The Rough Guide to Jimi Hendrix is a thorough reference book to the life and music of the greatest rock guitarist of all time It covers all the key events in his metamorphosis from a misfit youngster growing up in poverty in Seattle to his rise to international stardom from his days as a starving backup musician in the early 1960s to his triumphant appearances at the Monterey Pop and Woodstock rock festivals and his mysterious sordid death in 1970 Special chapters are devoted to vivid description and critical evaluation of

all his important studio and live albums and best thirty songs as well as all major live and documentary Hendrix videos his myriad musical influences from blues soul rock and jazz Hendrix related sites and shrines and his spectacular arsenal of guitar techniques and effects Also including special features on overlooked aspects of his art ranging from his love of Bob Dylan s music to his relationship with the Black Power movement The Rough Guide to Jimi Hendrix in a new ePub format documents all dimensions of this one of a kind musical genius Remembering Woodstock Andy Bennett,2017-09-29 The Woodstock festival of 1969 which featured such groups and artists as the Who Country Joe and the Fish Ten Years After Janis Joplin and Jimi Hendrix is remembered as much for its bringing together of the counter cultural generation as for the music performed The event represented a milestone in the use of music as a medium for political expression while simultaneously acting as a springboard for the more expressly commercial of rock and pop events which were to follow In the thirty years since the festival took place Woodstock has become the subject of many books magazine articles and documentaries which have served to mythologise the event in the public imagination These different aspects of the Woodstock festival will be discussed in this wide ranging book which brings together a number of established and new writers in the fields of sociology media studies and popular music studies Each of the five chapters which will focus on a specific aspect of the Woodstock festival and its continuing significance in relation to the music industry the rock festival tradition sixties nostalgia and the cultural impact of popular music *Jimi Hendrix FAQ* Gary J. Jucha,2013-02-01 FAQ Jimi Hendrix left the world too soon at the age of twenty seven but despite the brevity of his career his body of work is as vital to 20th century music as that of Louis Armstrong the Beatles and Miles Davis Hundreds of hours of unreleased studio sessions and concert performances were his salvation A modest man but highly competitive musician Hendrix set the stage for many of the most significant musical movements to emerge between 1970 and 1999 including heavy metal fusion glam rock and rap Voodoo bluesman sonic producer the lyricist that out Dylaned Dylan these are what snatch our attention 40 years after his death as do his aw shucks smile in photos and the raw sexuality of his concert performances It s hard to find the man under all the falsehoods told by friends business associates and even Jimi himself *Jimi Hendrix FAQ* attempts to present the facts in a fast moving fan friendly read **Jimi Hendrix** Rebecca Poole,2006-01-01 Discusses the childhood young adulthood musical career and death of Jimi Hendrix considered by many to be the world s greatest rock and roll guitarist **Sexing the Groove** Sheila Whiteley,2013-09-05 *Sexing the Groove* discusses these issues and many more bringing together leading music and cultural theorists to explore the relationships between popular music gender and sexuality The contributors who include Mavis Beayton Stella Bruzzi Sara Cohen Sean Cubitt Keith Negus and Will Straw debate how popular music performers subcultures fans and texts construct and deconstruct masculine and feminine identities Using a wide range of case studies from Mick Jagger to Riot Grrrls they demonstrate that there is nothing natural permanent or immovable about the regime of sexual difference which governs society and culture *Sexing the Groove* also includes a comprehensive annotated bibliography for

further reading and research into gender and popular music **Hendrix** Gillian G. Gaar, 2017-10-01 This definitive illustrated biography explores the life and career of the rock music legend with photographs posters and other ephemera Every music critic to rank the Greatest Rock Guitarists of All Time agrees on one thing Jimi Hendrix is number one Hendrix enjoyed the international limelight for less than four years but his innovative guitar playing and imaginative interpretations of blues and rock continue to inspire generations of musicians and music lovers In *Hendrix* music journalist Gillian Gaar explores the guitarist's life from his childhood in Seattle to his service as an Army paratrooper his role as a sideman on the chitlin circuit his exile in the United Kingdom his rise to superstardom and his untimely death in 1970 The volume is enhanced throughout with rare archival photographs as well as posters picture sleeves and other assorted memorabilia

Imagine Nation Peter Braunstein, Michael William Doyle, 2013-07-04 Amidst the recent flourishing of Sixties scholarship *Imagine Nation* is the first collection to focus solely on the counterculture Its fourteen provocative essays seek to unearth the complexity and rediscover the society changing power of significant movements and figures *Stone Free* Jas Obrecht, 2018-10-29 A compelling portrait of rock's greatest guitarist at the moment of his ascendance *Stone Free* is the first book to focus exclusively on the happiest and most productive period of Jimi Hendrix's life As it begins in the fall of 1966 he's an under sung under accomplished sideman struggling to survive in New York City Nine months later he's the toast of Swinging London a fashion icon and the brightest star to step off the stage at the Monterey International Pop Festival This momentum building day by day account of this extraordinary transformation offers new details into Jimi's personality relationships songwriting guitar innovations studio sessions and record releases It explores the social changes sweeping the U K Hendrix's role in the dawning of flower power and the prejudice he faced while fronting the Jimi Hendrix Experience In addition to featuring the voices of Jimi his bandmates and other eyewitnesses *Stone Free* draws extensively from contemporary accounts published in English and foreign language newspapers and music magazines This celebratory account is a must read for Hendrix fans

From Handel to Hendrix Michael Chanan, 1999-12-17 This study examines the composer as a public figure It examines the fate of the composer through successive incarnations and investigates a range of themes such as subjectivity and identity Jimi Hendrix Marie-Paule Macdonald, 2015-10-15 Jimi Hendrix one of the great instrumentalists in rock history pioneered amplified sound that extended the scope of the guitar into the urban landscape In this book Marie Paule Macdonald situates Hendrix's trajectory through the places he made music translating an innovative sense of space into his songs Macdonald follows Hendrix from the Pacific Northwest to the California coast to New York City from his musical beginnings as a youth in Seattle to his launch touring career and up until his last weeks in London She charts the surroundings of a genuine inner city dweller a nighthawk and wanderer who roamed the streets and alleys of everyday neighborhoods and haunted seedy basement bars and intimate clubs as performer or audience member She explores how the rumble uproar babble and discord of urban life inspired Hendrix to incorporate noise into his powerful

repertoire Tracking the variety of places where Hendrix played from open air stages to dilapidated ballrooms she shows how space eventually became a process as Hendrix would eventually commission an architect and sound engineer to build an urban recording studio that would capture the reverberation bounce sustain and echo that he heard and played Crackling with the electrifying sound of explosive creativity Jimi Hendrix explores place and space to offer fascinating new insight into Hendrix's resounding talent

Too Much Too Young Sheila Whiteley, 2013-10-18 *Too Much Too Young* investigates how age and gender have shaped the careers and images of pop music stars examining the role of youth and youthfulness in pop music through a series of themed case studies Whiteley begins by investigating the exploitation of child stars such as Brenda Lee and Michael Jackson offering a psychoanalytic reading of the relationship between child star and oppressive manager and looks at the current glut of boy and girl bands and stars in the mold of Britney Spears to examine the continuing fatal attraction of stardom for adolescents Whiteley then considers the star images of female singer songwriters Kate Bush Tori Amos and Bjork whose little girl voices and characterization by the media suggests a girlish femininity which is often at odds with the intentions of their musical output She then moves on to explore the rock pop divide as it affects the image of male performers considering why male stars usually fall into the category of wild boys such as Kurt Cobain or Jim Morrison or nice boys like Cliff Richard The Monkees and Wham Whiteley ends by asking what happens to stars who set so much store by manipulations of youthfulness when they begin to age and points to stars like Robbie Williams Kylie Minogue and Cher to demonstrate that it is possible to achieve iconic pop status even without dying young

Woodstock Scholarship Jeffrey N. Gatten, 2016-11-11 Since August 1969 the Woodstock Music and Art Fair looms large when recounting the history and impact of the baby boom generation and the societal upheavals of the Sixties Scholars study the sociological political musical and artistic impact of the event and use it as a cultural touchstone when exploring alternative perspectives or seeking clarity This interdisciplinary annotated bibliography records the details of over 400 English language resources on the Festival including books chapters articles websites transcriptions and videos Divided into six main subsections Culture Society History Biography Music Film Arts Literature for ease of consultation *Woodstock Scholarship* sheds light on all facets of a key happening in our collective history Throughout the 1960s popular music became increasingly reflective and suggestive of the rising political and social consciousness of the youth culture Examples can be seen in the development of the protest song genre within the folk music boom of the early Sixties and the marriage of lifestyle to music first reflected by The Beatles with fashion followed by psychedelic music with the emerging drug culture Woodstock was where these themes coalesced thus becoming the defining and last great moment of the 1960s However Woodstock also represented an abundant amount of experiences and ideas and moments Thus when exploring the complicated accounts and numerous facets of America during the turbulent Sixties one discovers scholarship on the key subjects such as the Vietnam War or the Civil Rights Movement often considering and debating the importance relevance and epic nature of Woodstock Multiple narratives emerge a radical

engagement of the hippie movement an overt commercial exploitation of youth culture a political statement Woodstock scholarship does not stand alone as field of study but it is at the cross road of a number of disciplines music history cultural studies sociology arts and literature media studies politics and economics Providing full bibliographical details and concise informative annotation for each entry Woodstock Scholarship is an essential tool for students scholars teachers and librarians in all these areas as well as for anyone seeking a deeper understanding of both the Woodstock Music and Art Fair phenomenon and of the confluence of music commerce and politics

Resonances Michael Goddard, Benjamin Halligan, Nicola Spelman, 2013-07-18 *Resonances* is a compelling collection of new essays by scholars writers and musicians all seeking to explore and enlighten this field of study Noise seems to stand for a lack of aesthetic grace to alienate or distract rather than enrapture And yet the drones of psychedelia the racket of garage rock and punk the thudding of rave the feedback of shoegaze and post rock the bombast of thrash and metal the clatter of jungle and the stuttering of electronica together with notable examples of avant garde noise art have all found a place in the history of contemporary musics and are recognised as representing key evolutionary moments Noise therefore is the untold story of contemporary popular music and in a critical exploration of noise lies the possibility of a new narrative one that is wide ranging connects the popular to the underground and avant garde fully posits the studio as a musical instrument and demands new critical and theoretical paradigms of those seeking to write about music

Fifty Years of the Concept Album in Popular Music Eric Wolfson, 2023-12-28 The concept album is one of popular music s most celebrated and misunderstood achievements This book examines the untold history of the rock concept album from The Beatles to Beyonc The roots of the concept album are nearly as old as the long playing record itself as recording artists began using the format to transcend a mere collection of songs into a listening experience that takes the listener on a journey through its unifying mood theme narrative or underlying idea Along the way artists as varied as the Moody Blues Jimi Hendrix Joni Mitchell Pink Floyd Parliament Donna Summer Iron Maiden Radiohead The Notorious B I G Green Day Janelle Mon e and Kendrick Lamar created albums that form an extended conversation of art and music Limits were pushed as the format grew over the subsequent eras Seminal albums like the Beatles Sgt Pepper s Lonely Hearts Club Band the Who s Tommy Marvin Gaye s What s Going On stand alongside modern classics like Liz Phair s Exile in Guyville Kendrick Lamar s good kid m A A d city and Beyonc s Lemonade Mixing iconic albums with some newer and lesser known works makes for a book that ventures into the many sides of a history that has yet to be told until now

Miles Davis Clarence Bernard Henry, 2017-08-15 This research and information guide provides a wide range of scholarship on the life career and musical legacy of Miles Davis and is compiled for an interdisciplinary audience of scholars in jazz and popular music musicology and cultural studies It serves as an excellent tool for librarians researchers and scholars sorting through the massive amount of material in the field
