Beginnings Marcus Verbrugge,2015-10-13 We all start from the beginning What if we thought about prayer that way Genesis may not be the first book that comes to mind when you think of prayer but nuggets of wisdom buried in this unlikely book can help to give you a fresh perspective on how to pray effectively Marcus Verbrugge shares his insights in Beginnings one man s personal journey of discovering how to pray from the beginning Use it for small group discussion as a devotional or just read it as a single volume This book will inspire educate and challenge you toward a richer deeper and more intimate prayer life as you dive into Genesis and find yourself growing ever closer to God Everyone's a Genius Alan Briggs,2017-09-19 Believe it or not everyone s a genius at something We just need to uncover and release it for the sake of the world Every member of your church comes with a unique set of God given skills and talents As a church leader you have the weighty task of uncovering and validating them Your challenge is to help your members identify and unleash their gifts to bring glory to God But in our selfie focused society this task can feel overwhelming God doesn t see two groups his gifted children and the rest of us He didn t give the Great Commission only to the extremely talented musicians writers artists pastors and church staff He gave it to all of us To each of us So how do we help our members find their sweet spots of service in the kingdom In Everyone s a Genius author pastor and leadership consultant Alan Briggs shares his belief that bringing out the abilities of often overlooked Christians those whose unique skill sets are not as easily identifiable remains a key component that will determine the church s impact in this and coming generations This is an inspiring look at how we can more effectively motivate Christians to leverage their personal abilities for Christ The truth is reading this book is risky It can change how you see every person you re leading It can make you see your community differently It can help you find gifts within your church family that will surprise you It can also unlock something within you that you never knew mattered to God It can expand your vision of the world deepen your appreciation for the least of these and refocus the mission of your church Perhaps God will use this book to take you on a journey toward a more appropriate theology of creativity Yes it s a risk but a risk we simply must take to impact the world for Jesus Are you in Journey Towards Home S. Steve Park,2017-03-14 Clives Staples Lewis 1898 1963 called his theological writings as that of a layman and an amateur who merely attempted to restate ancient and orthodox doctrines However S Steve Park argues that Lewis s theological reflections are well informed thoughtful and weighty For instance Lewis s notion of mere Christianity consistently shows his commitment to supernaturalism vs naturalism and eucatastrophic salvationism vs ethical developmentalism in sharp contrast to many prevailing theologians of his time In this book the author expounded Lewis s theological writings rather comprehensively and organized the results according to Lewis s signature literary motif of the journey towards home in four stages Away from Home Homeward Turning Home Away from Home and The Final Home Under these headings Lewis s major theological and

literary themes find illuminating treatments with rich contents and penetrating analyses In so doing the author presents to the readers probably for the first time a systematic theology of C S Lewis It turns out that Lewis more than just a storyteller was a significant participant in the world of theological reflections demonstrating himself to be a rather formidable theological mind to be reckoned with **Twentieth-century Science-fiction Writers** Curtis C. Smith, 1986
