**The Gothic Enterprise** Robert A. Scott, 2011-06-28 The great Gothic cathedrals of Europe are among the most astonishing achievements of Western culture Evoking feelings of awe and humility they make us want to understand what inspired the people who had the audacity to build them This engrossing book surveys an era that has fired the historical imagination for centuries In it Robert A Scott explores why medieval people built Gothic cathedrals how they built them what conception of the divine lay behind their creation and how religious and secular leaders used cathedrals for social and political purposes As a traveler s companion or a rich source of knowledge for the armchair enthusiast *The Gothic Enterprise* helps us understand how ordinary people managed such tremendous feats of physical and creative energy at a time when technology was rudimentary famine and disease were rampant the climate was often harsh and communal life was unstable and incessantly violent While most books about Gothic cathedrals focus on a particular building or on the cathedrals of a specific region *The Gothic Enterprise* considers the idea of the cathedral as a humanly created space Scott discusses why an impoverished people would commit so many social and personal resources to building something so physically stupendous and what this says about their ideas of the sacred especially the vital role they ascribed to the divine as a protector against the dangers of everyday life Scott s narrative offers a wealth of fascinating details concerning daily life during medieval times The author describes the difficulties master builders faced in scheduling construction that wouldn t be completed during their own lifetimes how they managed without adequate numeric systems or paper on which to make detailed drawings and how climate natural disasters wars variations in the hours of daylight throughout the year and the celebration of holy days affected the pace and timing of work Scott also explains such things as the role of relics the quarrying and transporting of stone and the incessant conflict cathedral building projects caused within their communities Finally by drawing comparisons between Gothic cathedrals and other monumental building projects such as Stonehenge Scott expands our understanding of the human impulses that shape our landscape *The Publishers Weekly*, 1909

Street     **History of the Book in Australia Volume 3** Craig Munro, 2006-07 This new volume in UQP's History of the Book in Australia series explores Australian book production and consumption from 1946 to the present day. In the immediate postwar era most books were imported into a colonial market dominated by British publishers. Paper Empires traces this fascinating and volatile half century using wide ranging research, oral history and memoir to explore the worlds of book publishing, selling and reading. After 1945 Australian publishing went from a handful of fledgling businesses to the billion dollar industry of today with thousands of new titles each year and a vast array of imported books. Publishing's postwar expansion began with the baby boom and the increased demand for school texts with independent houses blossoming during the 1960s and 70s followed by the current era dominated by global conglomerates. All aspects of print culture are explored from authorship and editing to bookselling, libraries and reading habits in the context of today's rapidly changing publishing landscape with its many technological challenges. A wide range of expert contributors including book trade practitioners have produced this lively and indispensable account of our vital cultural industry.     *France \* Spain: Basque Country and Navarre* Murray Stewart, 2024-12-06 This new thoroughly updated third edition of The Basque Country and Navarre Bradt's award winning guidebook remains the most in depth guide to a multi lingual multi cultural borderland that is neither Spain nor France but straddles the Pyrenees mountains that divide the two countries. Bradt's guide offers real insights into a profound regional identity uncovering the peculiarities which imbue the area with intrigue and takes you way beyond the delightful well known cities into the heart of the beautiful Basque countryside. Deep seated Basque traditions, singular cuisine, world class wine, strange sports, unique language, bold art and architecture all converge to showcase a land that continues to mystify and reveal itself the more you visit. Secluded valleys and rugged mountains, wild coastlines and the vestiges of industry long gone provide a strange mix that pays homage to a troubled past, a lively present and a constant reinvention that promises an exciting future for the Basques. Large and sparsely populated, little known and little visited, neighbouring Navarre offers natural attractions ranging from high Pyrenees to arid semi desert. This former kingdom's troublesome history is waymarked by lonely hilltop castles but only in the frenetic bull running days of Pamplona's San Fermín festival does it announce itself noisily on the world stage, welcoming hundreds of thousands of visitors to Ernest Hemingway's favourite party town. With advice on where to walk, cycle, horseride, surf and birdwatch, accompanying traditional listings of where to stay and eat, author Murray Stewart guides travellers through this increasingly popular area. Find the best pintxos, tapas and txakoli wine, the finest chuletín, beef chop and the freshest fish. From elegant Biarritz via the French Basque Pyrénées to the Navarran badlands of Bardenas Reales, travel to fascinating less visited places that host thrilling local festivals. New elements in this edition include a host of elegant hotels in San Sebastián, the city on the beach, transport improvements, new restaurants serving culinary specialities, a major reconfiguration of Bilbao's Bellas Artes museum and constantly evolving wine tourism opportunities. Whether you are a hiker or surfer, foodie or cyclist, spiritualist or golfer, let Bradt's The Basque Country and

Navarre help you enjoy a fascinating rewarding holiday      The EBay Price Guide Julia L.
