Exploring Discourse Strategies in Social and Cognitive Interaction Manuela Romano, Maria Dolores Porto, 2016-03-31 This volume offers readers interested in Discourse Analysis and/or Socio-Cognitive models of language a closer view of the relationship between discourse cognition and society by disclosing how the cognitive mechanisms of discourse processing depend on shared knowledge and situated cognition An inter- and multidisciplinary approach is proposed that combines theories and methodologies coming from Conceptual Metaphor Theory Multimodal Metaphor Theory Critical Discourse Analysis Narratology Systemic Functional Linguistics Appraisal Theory together with the most recent developments of Socio-Cognitive Linguistics for the analysis of real communicative events which range from TV reality shows commercials digital stories or political debates to technical texts architectural memorials newspapers and autobiographical narratives Still several key notions are recurrent in all contributions embodiment multimodality conceptual integration metaphor and creativity as the fundamental constituents of discourse processing It is only through this wide-ranging epistemological and empirical approach that the complexity of discourse strategies in real contexts i.e. human communication can be fully comprehended and that discourse analysis and cognitive linguistics can be brought closer together

Aspects of the Syntax of Agreement Cedric Boeckx, 2008-04-28 This volume brings together various strands of research focusing on aspects of the

syntax of agreement and the role that agreement plays in linguistic theory The essays collected here show how and why agreement has emerged in recent years as the central theoretical construct in minimalism Although the theoretical context of the volume is minimalist in character Boeckx attempts to formulate formal and substantive universals in the domain of agreement

Prepositional Clauses in Spanish Manuel Delicado Cantero, 2013-07-31 This book presents an analysis of Spanish prepositional clauses complement and adverbial clauses The goal is to examine the syntax and evolution of those clauses and their components in Spanish contrasting them with other European languages Prepositional argument and adjunct clauses are grammatical in present day Spanish However Medieval Spanish only attests the latter the former were not frequent until the 16th 17th centuries Both types are examined in their syntactic evolution and properties including clausal nominality argumenthood nature of prepositions and optionality Latin and Portuguese French and Italian both in their present day and past forms are studied and compared to Spanish Likewise several Germanic languages are surveyed These languages show variable grammatical degrees of The comparison reveals aspects which challenge the commonly accepted conclusions about the clausal patterns of each language This study offers a novel approach to the analysis of Spanish prepositional clauses by looking at its properties and formation not only from within but also in contrast with other languages It argues for cross linguistically valid categories and explanations in order to comprehend the properties of human language
