Catalogue of the Library of the Peabody Institute of the City of Baltimore ,1883 Form and Power in Medieval and Early Modern Literature Daniel G. Donoghue,Daniel Donoghue,Sebastian Sobeki,Nicholas Watson,2024 New and exciting scholarship on medieval and early modern English culture in all its diversity This book honours James Simpson an enormously influential figure in English literary studies Known for championing once neglected writers such as Gower Hoccleve and Lydgate Simpson has also pioneered the field of Trans Reformation studies dismantling the barrier between the medieval and early modern periods He has written powerfully about the history of freedoms the relationship between literary and intellectual history and about the category of the literary itself in all its urgency Inspired by Simpson s interventions the essays collected here deal with texts and topics from the eighth to the seventeenth centuries Langland s Piers Plowman and Chaucer s Physician s Tale and Troilus and Criseyde rub shoulders with Old English riddles Saint Erkenwald The Digby Lyrics Lydgate s Dietary and Lodge s Robert the Devil Revisionist studies of two much debated genres allegory and romance join forces with chapters on neglected physical features of early books line fillers and catchwords as well as studies of iconoclasm and the histories of enemy love The volume begins with a piece by the honorand himself on recognition in literary texts **Monstrous Fantasies** Leila K. Norako,2024-08-15 Monstrous Fantasies asks why medieval romances reimagining the crusades ending in a Christian victory circulated in England with such abundance after the 1291 Muslim reconquest of Acre the last of the Latin crusader states in the Holy Land and what these texts reveal about the cultural anxieties of late medieval England Leila K Norako highlights the impact that the Ottoman victory and subsequent massacre of Christian prisoners at the battle of Nicopolis in 1396 had on intensifying the popularity of what she calls recovery romance These two episodes inspired a sense of urgency over the fate of the Holy Land and of Latin Christendom itself resulting in the proliferation of romances in which crusading English kings like Richard I and anachronistic legends like King Arthur not only reconquered Jerusalem but committed genocidal violence against the Muslims These romances which as Norako argues also

influenced Geoffrey Chaucer's Canterbury Tales conjure fantasies of an ascendant global Christendom by rehearsing acts of conquest and cultural annihilation that were impossible to realize in the late Middle Ages Emphasizing the tension in these texts between nostalgia and anticipation that fuels their narrative momentum Monstrous Fantasies also explores how the cultural desires for European and Christian hegemony that recovery romances versified were revived in the wake of the so called wars on terror in the twenty first century in such films as Kingdom of Heaven and American Sniper **Le Morte Arthur** James Douglas Bruce, 1903 A Manual of the Writings in Middle English, 1050-1400 John Edwin Wells, 1929 **Lancelot of the Laik** Skeat, 1865 **Works of the Camden Society** , 1844 **Early English Text Society** , 1903 Chaucer Source and Analogue Criticism Lynn King Morris, 2019-09-18 Originally published in 1985 This impressive research tool offers four different indexes to cross reference works on the sources of Chaucer The user can look up sources by author genre type or title or look up the title of one of Chaucer's works to find which bibliographic entries they are mentioned within This is a useful reference work on Chaucer source and analogue scholarship including 1477 entries
