La Argentina democrática Antonio Camou, María Cristina Tortti, 2007 **Democracia y ciudadanía en el Mercosur**, 2006 Region and Nation James Brennan, 2016-04-30 The study of twentieth century Argentine history is undergoing a radical transformation Both Argentine and U S historians of Argentina are recasting the great debates in the historiography by challenging the Buenos Aires centered focus of most of the existing historical scholarship and offering a new perspective on the country s modern history Argentina s supposed exceptionalism is being challenged by these historians The persistence of political clientelism and oligarchic rule enclave economies and pre capitalist social relations the role of traditional institutions such as the Church and family intense class conflict and working class militancy all approximate Argentina closer to the Latin American experience than the previous historiography would suggest This book is a unique collaboration between Argentine and U S historians of this other Argentina **Indicators of Quality of Life in Latin America** Graciela Tonon, 2016-03-21 This volume sheds new light on the use of quantitative qualitative and synthetic indicators for the measurement of quality of life in different countries of Latin America Organized in three parts the book presents the methodology for the construction of new indicators discusses quality of urban life from a geographical perspective and examines quality of life of different populations The book focuses on the social economic political geographical and demographic dimensions It covers a wide range of topics including the ways to measure social political and spatial inequalities the changes in urban quality of life the construction of a synthetic indicator for the assessment of habitability the measuring of spatial segregation in midsize and smaller cities by using thematic cartography and synthesis maps and the concept of habitability It includes research conducted on the quality of life of different population groups working boys and girls high school students and older people **The Principle of Equality in Diverse States** Eva Maria Belser, Thea Bächler, Sandra Egli, Lawrence Zünd, 2021-05-25 This book examines different approaches by which states characterised by federal or decentralized arrangements reconcile equality and autonomy In case studies from four continents leading experts analyse the challenges of ensuring institutional social and economic equality whilst respecting the competences of regions and the rights of groups Bibliography for Urban and Regional Planning in Latin America Jesus H. Hinojosa, 1977
Power, Alliances, and Redistribution Carl Friedrich Bossert, 2021-04-19 Lateinamerika gilt als der ungleichste Kontinent der Welt Paradoxerweise hat die Entwicklung ressourcenintensiver Sozialsysteme wenig dazu beigetragen das soziale Ungleichgewicht zu ver ndern Der Autor zeichnet dieses Paradox am Beispiel Argentinien nach deckt die zugrundeliegenden Macht und Interessenskonflikte auf und stellt erfolgreiche Strategien zur Umsetzung einer integrativen Politik vor Als erste Studie dieser Art untersucht sie systematisch die langfristige Entwicklung der sozialen Absicherung von Geringverdienern in Argentinien und analysiert die entscheidenden politischen sozialen und konomischen Einflussfaktoren

Argentina, 1516-1987 David Rock, 1987-11-18 N this comprehensive history updated to include the climactic events of the five years since the Falklands War Professor Rock documents the early colonial history of Argentina pointing to the colonial forms established during the Spanish conquest as the source for Argentina's continued reliance on foreign commercial and investment partnerships The collapse of Argentina's close western European ties after World War II is thus seen as the underlying cause for her current economic and political crisis **An Introduction to International Migration Studies** Marco Martiniello, 2025-10-01 Focusing mainly on the European experience including Eastern Europe this important volume offers an advanced introduction to immigrant incorporation studies from a historical empirical and theoretical perspective Beyond incorporation theories renowned scholars in the field explore incorporation in action in different fields policy issues and normative dimensions An advanced introduction to international migration studies from a historical empirical and theoretical perspective Types of migration and migration regulation are explored by respected scholars in the field Focusing mainly on the European experience including Eastern Europe **The Ruins of the New Argentina** Mark A. Healey, 2011-03-09 A history explaining how Peronism emerged in relation to both the earthquake that devastated San Juan Argentina in 1944 and the massive rebuilding project that followed **De la estructura agraria al sistema agroindustrial** Absalón Machado C., 2002 Argentina, 1516-1982 David Rock, 1985 A general history of Argentina that emphasizes current history and problems *Development* Stuart Corbridge, 2017-05-15 The volume brings together twenty five of the most influential articles published in the field of development geography since 1960 The first part looks at the origins of development geography and the debates between modernization theorists and radicals that took shape in the 1970s Thereafter the book is organized thematically Geographers have made key contributions to development studies in four major areas all of which are represented here and include gender and households development alternatives and identities resource conflicts and political ecology and globalization and resistance The book ends with three broad ranging essays by leading figures in the field COVID-19 and a World of Ad Hoc Geographies Stanley D. Brunn, Donna Gilbreath, 2022-09-15 This book provides an interdisciplinary overview of the causes and impacts of COVID 19 on populations economies politics institutions and environments from all world regions The book maps the causes effects and impacts of the virus and describes the impact of the virus on among others health care teaching and learning travel tourism daily life local and regional economies media impacts elections and indigenous populations and much more Contributions to this book come from the humanities social and policy science disciplines as well as from emerging transdisciplinary fields including climate change sustainability health care and epidemiology security art visualization economic and social well being law and borderland studies As such this book will be a rich source of information to all those geographers social scientists and urban and regional planners working in this field *For a New Geography* Milton Santos, 2021-11-09 For the first time in English a key work of critical geography Originally published in 1978 in Portuguese For a New Geography is a milestone in the history

of critical geography and it marked the emergence of its author Milton Santos 1926 2001 as a major interpreter of geographical thought a prominent Afro Brazilian public intellectual and one of the foremost global theorists of space Published in the midst of a crisis in geographical thought *For a New Geography* functioned as a bridge between geography's past and its future In advancing his vision of a geography of action and liberation Santos begins by turning to the roots of modern geography and its colonial legacies Moving from a critique of the shortcomings of geography from the field's foundations as a modern science to the outline of a new field of critical geography he sets forth both an ontology of space and a methodology for geography In so doing he introduces novel theoretical categories to the analysis of space It is in short both a critique of the Northern Anglo centric discipline from within and a systematic critique of its flaws and assumptions from outside Critical geography has developed in the past four decades into a heterogeneous and creative field of enquiry Though accruing a set of theoretical touchstones in the process it has become detached from a longer and broader history of geographical thought *For a New Geography* reconciles these divergent histories Arriving in English at a time of renewed interest in alternative geographical traditions and the history of radical geography it takes its place in the canonical works of critical geography

Essays in Argentine Labour History, 1870-1930 Jeremy Adelman, 1992-06-18 From 1870 to 1930 Argentina underwent massive changes The development of the working classes shaped the direction of those changes by promoting democratization and economic redistribution This text looks at the formation and weaknesses of the Argentine working classes during this period

Perceptions of Marginality Heikki Jussila, Walter Leimgruber, Roser Majoral, 2019-07-09 First published in 1998 this volume takes an international approach theoretical and regional perceptions and experiences of marginality along with some key case studies in Arctic North America Greenland Aboriginal Australia and the Republic of Ireland Its contributors are geographers from all over the world It is part of a series which aims to publish new scientific work on the dynamism of the marginal and critical regions of the world and concentrates on understanding marginality and its processes the human process and its agents comparative approaches and different policy responses to economic social and environmental problems along with studying the human response to global change and its implications for marginalization

The Politics of Privatisation and Trade Union Mobilisation Pablo Ghigliani, 2010 This is a comparative study of how workers and their unions respond to privatisation Drawing upon research from a variety of disciplines the author examines the push toward privatisation in diverse national settings its profound impact on organised labour and the often innovative responses of workers and their unions in the affected industries By means of a detailed analysis of the privatisation of the electricity industries in the United Kingdom and Argentina and the various initiatives of workers and their trade unions in these two countries this book offers an engaging comparative case study that sheds new light on key issues in contemporary labour studies the strategic choices available to workers and their organisations when faced with the radical restructuring of their industries the types of resources available to trade unions and how they are

mobilised and the impact of widespread worker unrest on their organisations This book also provides fresh insight into the use of mobilisation theory in the field of labour studies The author employs mobilisation theory to make sense of worker and trade union responses to privatisation and he argues that this theoretical framework can be useful for cross national comparisons Ideas, política, economía y sociedad en la Argentina (1880-1955) ,2007
