dedication of its compiler Elias Lönnrot a physician and philologist whose life was marked by a profound commitment to the preservation of Finnish folklore Lönnrot traveled extensively through rural Finland collecting songs and tales that had been passed down through generations This deep engagement with the oral traditions informed his vision of a national epic that not only celebrates Finnish culture but also serves as a resistance against Russian domination in the 19th century I highly recommend the Kalevala to readers interested in mythology literature and cultural identity This timeless epic is not only a reflection of Finnish heritage but also resonates universally inviting contemplation on the power of storytelling and the collective human experience      *Kalevala: The Epic Poem of Finland* Anonymous, 2021-10-21 The Kalevala is the national epic of Karelia and Finland and one of the most significant works of Finnish literature Today's modern version was compiled in the 19th century by Elias Lönnrot from Karelian and Finnish oral folklore and mythology The epic tells the story about the Creation of Earth describing the controversies and retaliatory voyages between the peoples of the land of Kalevala called Väinö and the land of Pohjola and their various protagonists and antagonists as well as the construction and robbery of the mythical wealth making machine Sampo      **Sea Moon Poem Shapes** Melody Lemond, 2014-11-07 The feeling of mounting anticipation as one steps onto the stage to dance is indescribable All mundane concepts and concerns are left behind for a brief timeless spell to simply express and share all the joy and wonder available to us beyond the veil of the material world It had never occurred to me that the written word could also have a similar effect Aside from several love poems and channeled writings I had not until fairly recently been aware of the fact that the medium of writing may also be a springboard for sharing where one's thoughts dreams aspirations and soul intentions can find a foothold in reality not until I inadvertently stumbled upon a veritable community of poets on social media To know that I could allow my thoughts to take shape in forms not traditionally acceptable was gratifying to say the least With the writing of each of these poem shapes in Sea Moon I felt as though I had stepped like the dancer at heart that I am and perhaps we all are into a welcoming forum of word wielders Its not without the support of other poets therefore that I'm propelled here to embrace my direction one whose ultimate goal is to touch people on as wide a scale as possible by simply conveying ideas that might strike melodious chords I speak my truth here in the knowledge that many of the like minded will welcome my organically honed word shapes call it poetry or not and resonate with them I believe in the transformative power of all forms of art If writing be an art form then let us step lightly into this sanctioned art space as both writer and reader as performer and audience and respecting fully its ever changing boundaries allow the symbolism the beauty of words as M. Marceau put it to penetrate our receptive orbs and have their essence filter through and transform our whole beings It is with a deep seated desire to touch and to share that I offer you my words as structured here in the hope that even a single resonant note will be struck perhaps to reverberate Beyond hope I trust and know that we are ready for fresh waves of color to wash over us to cleanse nourish and transform us so that we might all actually be the dancers at heart that we truly are Enjoy      **Poems / by John B.
