## **Sisterhood Is Global:**

**Sisterhood is Global** Robin Morgan, 1996 *Sisterhood Is Global* has been revered as the essential feminist text on the international women's movement since its first appearance when it was hailed as a historic publishing event. The anthology features original essays Morgan commissioned from a deliberately eclectic mix of women both famous and less known: grass roots activists, politicians, scholars, guerrillas, novelists, social scientists, and journalists representing seventy countries from every region and political system with particular emphasis on the Global South. These truth-telling, impassioned essays celebrate the diversity as well as the similarity of women's experience; they also reveal shared female rage, vision, and pragmatic strategies for worldwide feminist solidarity and political transformation. The first such international collection, *Sisterhood Is Global* became an instant classic and remains unequalled in its breadth and comprehensiveness. The book covers Afghanistan to Zimbabwe and includes moving essays from such distinguished writers as Marjorie Agosin (Chile), Ama Ata Aidoo (Ghana), Shulamit Aloni (Israel), Peggy Antrobus (Caribbean), Simone de Beauvoir (France), Lidia Falcon (Spain), Hema Goonatilleke (Sri Lanka), Fatima Mernissi (Morocco), Nawal El Saadawi (Egypt), Ana Titkow (Poland), Marilyn Waring (New Zealand), and Xiao Lu (China).

**Sisterhood Is Forever** Robin Morgan, 2007-11-01 Thirty years after Robin Morgan's groundbreaking anthology *Sisterhood Is Powerful* named by The American Librarians Association one of The 100 Most Influential Books of the Twentieth Century comes this landmark new collection for the twenty-first century: *Sisterhood Is Forever*. With over 60 original essays Morgan commissioned from well-known feminist leaders plus energetic Gen X and Y activists, it is a composite mural of the female experience in America where we've been, where we are, where we're going. The stunning scope of topics ranges from reproductive health and environmental issues to workplace inequities and the economics of women's unpaid labor from globalization to the politics of aging from cyberspace violence against women and electoral politics to spirituality, the law, the media, and academia. The deliberately audacious mix of contributors spans different generations, races, ethnicities, and sexual preferences: CEOs, housewives, rock stars, farmers, scientists, prostituted women, politicians, women in prison, firefighters, disability activists, artists, flight attendants, an army general, an astronaut, an anchorwoman, even a pair of teens who edit a girls' magazine. Each article celebrates the writer's personal voice, her humor,

passion anger and the integrity of her perspective while offering the latest data on women's status political analysis new how to tools for activism and visionary yet practical strategies for the future strategies needed now more than ever Robin Morgan's own contributions are everything her readers expect prophetic powerfully argued unsentimentally lyrical From her introduction The book you hold in your hands is a tool for the future a future also in your hands Edna Acosta Bel n Carol J Adams Margot Adler Natalie Angier Ellen Appel Bronstein Mary Baird Brenda Berkman Christine E Bose Kathy Boudin Ellen Bravo Vednita Carter Wendy Chavkin Kimberl Crenshaw Gail Dines Paula DiPerna Helen Drusine Andrea Dworkin Eve Ensler Barbara Findlen Mary Foley Patricia Friend Theresa Funciello Carol Gilligan Sara K Gould Ana Grossman The Guerrilla Girls Beverly Guy Sheftall Kathleen Hanna Laura Hershey Anita Hill Florence Howe Donna M Hughes Karla Jay Mae C Jemison Carol Jenkins Claudia J Kennedy Alice Kessler Harris Clara Sue Kidwell Frances Kissling Sandy Lerner Suzanne Braun Levine Barbara Macdonald Catharine A MacKinnon Jane Roland Martin Debra Michals Robin Morgan Jessica Neuwirth Judy Norsigian Eleanor Holmes Norton Grace Paley Emma Peters Axtell Cynthia Rich Amy Richards Cecile Richards Carolyn Sachs Marianne Schnall Pat Schroeder Patricia Silverthorn Eleanor Smeal Roslyn D Smith Gloria Steinem Mary Thom Jasmine Victoria Faye Wattleton Marie Wilson Helen Zia Sisterhood is Global Rosario A. women's human rights into U.S. policy toward Islamic countries since 1979 reframing U.S. Islamic relations and challenging assumptions about the drivers of American foreign policy      Lost in Translation Kateryna Pishchikova, 2006      **The Oxford Handbook of Feminist Theory** Lisa Jane Disch, M. The Handbook raises new questions, brings new evidence, and poses significant challenges across the spectrum of academic disciplines, demonstrating the interdisciplinary nature of feminist theory.      A Companion to Global Gender History Teresa A. Meade, Merry E. Wiesner-Hanks, 2020-11-19 Provides a completely updated survey of the major issues in gender history from geographical, chronological, and topical perspectives. This new edition examines the history of women over thousands of years, studies their interaction with men in a gendered world, and looks at the role of gender in shaping human behavior. It includes thematic essays that offer a broad foundation for key issues such as family, labor, sexuality, race, and material culture, followed by chronological and regional essays stretching from the earliest human societies to the contemporary period. The book offers readers a diverse selection of viewpoints from an authoritative team of international authors and reflects questions that have been explored in different cultural and historiographic traditions. Filled with contributions from both scholars and teachers, *A Companion to Global Gender History*, Second Edition, makes difficult concepts understandable to all levels of students. It presents evidence for complex assertions regarding gender identity and grapples with evolving notions of gender construction. In addition, each chapter includes suggestions for further reading in order to provide readers with the necessary tools to explore the topic further. Features newly updated and brand new chapters filled with both thematic and chronological geographic essays. Discusses recent trends in gender history, including material culture, sexuality, transnational developments, science, and intersectionality. Pietrzak, 2024-08-14 *Civil Society: Ideas, Interpretations, Transgressions* is essential to learning about the place and importance of civil society in creating and maintaining a liberal democracy. Edyta B. Pietrzak takes us on a journey of interpretation, addressing the critical role the idea of a civil society has for our world and how it has evolved over time. She uncovers the meanings of theories and clarifies ways of thinking that are sensitive to

peculiarities intermittences contrasts or unique things Part I introduces the theory and key terms What is the public sphere and how can it be understood Is it synonymous with civil society or does it only establish its area of activity It aims to illustrate how social life has changed over centuries and its basic components have been experienced and interpreted in various ways Part II represents a collection of interpretations and approaches to the idea of civil society Pietrzak begins with the traditional Republican interpretation continues with liberal Hegelian sociological and historical materialistic interpretations and concludes with modern communitarian and neo liberal concepts Part III reminds us that civil society is not an abstract concept nor does it exist in a vacuum or out of context When describing the process of change and transformation in civil society reference must be made to transgressions Here we learn about issues such as transnational civil society citizenship and diversity feminist citizenship and civil society in the era of the Anthropocene to name a few

**Feminism Enchanted** Yanbing Er, 2025-09-16 The feminist movement has long been guided by the promise of progress for women politically economically and in personal life But we live in a time when history appears to be moving backward into a more reactionary past How might feminist thought make sense of this plight without returning to the liberal Western framework of progressive reason Yanbing Er argues that the key to this predicament lies in the capacity of the literary imagination to invigorate feminist critical practice She reveals how a literary mode of enchantment fundamentally transforms feminist theory and praxis imagining new and surprising possibilities that had once been foreclosed by dominant paradigms of progress Enchantment illuminates forms of existence that have been lost erased or obscured allowing us to encounter both feminism and the world anew Er finds incantatory power in the works of writers such as Rivers Solomon Akwaeke Emezi Ruth Ozeki and Alexis Wright who disrupt hegemonic ways of thinking by summoning otherwise unimaginable ways of being Their works collectively present an immersive and expansive feminist imaginary that makes space for marginalized histories narratives and lifeworlds Elegantly written and boldly argued **Feminism Enchanted** shows how poetic language conjures alternative futures for feminist thought

**Discrimination Against Women** Eschel Mostert Rhodie, 1989 Comprises a general evaluation of the status of women by region and case studies of their legal status within 20 countries Includes a chapter with an annotated list of important source materials

*Liberal Christianity and Women's Global Activism* Amanda Izzo, 2018-01-30 Religiously influenced social movements tend to be characterized as products of the conservative turn in Protestant and Catholic life in the latter part of the twentieth century with women s mobilizations centering on defense of the traditional family In *Liberal Christianity and Women's Global Activism* Amanda L Izzo argues that contrary to this view liberal wings of Christian churches have remained an instrumental presence in U S and transnational politics Women have been at the forefront of such efforts Focusing on the histories of two highly influential groups the Young Women s Christian Association of the USA an interdenominational Protestant organization and the Maryknoll Sisters a Roman Catholic religious order Izzo offers new perspectives on the contributions of these women to transnational social movements women s history and religious studies as she traces the connections between turn of the century Christian women s reform culture and liberal and left wing religious social movements of the 1960s and 1970s Izzo suggests that shared ethical theological and institutional underpinnings can transcend denominational divides and that strategies for social change often associated with secular feminism have ties to spiritually inspired social movements
