Sisters and Rivals in British Women's Fiction, 1914-39 D. Wallace, 2000-06-21 What happens when two women love the same man This is the first book to examine female rivalry as a distinctive theme in women's fiction and to analyze the female identified erotic triangle where two women are rivals for the same man as a narrative pattern which has a special resonance for inter war women writers Focusing on five key writers Diana Wallace offers a reconsideration of inter war women's writing and an examination of the links and rivalries between women writers themselves **Encyclopedia of British Women's Writing 1900-1950** Ashlie Sponenberg, 2015-12-23 This study provides a comprehensive and wide ranging resource which includes information on many previously neglected British women writers novelists poets dramatists autobiographers and topics It provides contextualizing material with concise introductions to related topics including organizations movements genres and publications Catherine Cookson Country Julie Taddeo, 2016-12-05 Britain's most widely read author of the late twentieth century Catherine Cookson published more than 100 books including *The Fifteen Streets* *The Black Velvet Gown* and *Katie Mulholland* Set in England's industrial northeast her novels depict the social economic and emotional hardships of that area In the first essay collection devoted to Cookson the contributors examine what Cookson's memoirs and historical fiction mean to readers including how her fans contribute to her position in the cultural imaginary constructions of gender class and English and Irish identity in her work the importance of place in her novels Cookson's place in the heritage industry and television adaptations of Cookson's works Cookson's work tackled topics that were still taboo in the early post World War II era such as domestic abuse rape and incest This collection places Cookson in historical context and shows how skillful she was at pushing generic boundaries *The Woman's Historical Novel* D. Wallace, 2004-11-19 The historical novel has been one of the most important forms of women's reading and writing in the twentieth century yet it has been consistently under rated and critically neglected In the first major study of British women writers use of the genre Diana Wallace tracks its development across the century She combines a comprehensive survey with detailed readings of key writers including Naomi Mitchison Georgette Heyer Sylvia Townsend Warner Margaret Irwin Jean Plaidy Mary Renault Philippa Gregory and Pat Barker **Women's University Fiction, 1880-1945** Anna Bogen, 2015-10-06 The rise of the middle classes brought a sharp increase in the number of young men and women able to attend university Developing in the wake of this increase the university novel often centred on male undergraduates at either Oxford or Cambridge Bogen argues that an analysis of the lesser known female narratives can provide new insights

Heilmann, M. Llewellyn, 2007-04-11

This collection examines the dynamic experimentation of contemporary women writers from North America Australia and the UK Blurring the dichotomies of the popular and the literary the fictional and the factual the essays assembled here offer new approaches to reading contemporary women fiction writers reconfigurations of history *British Literature in Transition, 1980-2000* Eileen Pollard, Berthold Schoene-Harwood, 2019 This volume shows how British literature recorded contemporaneous historical change It traces the emergence and evolution of literary trends from 1980 2000 *Stevie Smith and Authorship* William May, 2010-08-12 This book is a full length study of the British novelist poet and illustrator Stevie Smith 1902 1971 It draws on extensive archival material to offer new insights into her work challenging conventional readings of her as an eccentric It reveals the careful control with which she managed her public persona reassesses her allusive poetry in the light of her own conflicted response to written texts and traces her simultaneous preoccupation with and fear of her reading public William May considers the influence of artists such as George Grosz and Aubrey Beardsley on her apparently artless illustrations and explores her use of fiction and book reviews as a way of generating contexts for her poetry offering readers a fascinating in depth study that not only radically alters our understanding of Smith and her work but provides new perspectives on British twentieth century poetry and its reception Rosamond Lehmann Judy Simons, 2011 This book locates Lehmann's fictional achievement in the context of her times and in particular describes its positioning within the turbulent period between two world wars and the changing aesthetic of modernity **Edith Ayrton Zangwill's *The Call*** Edith Ayrton Zangwill, 2019-11-14 Edith Ayrton Zangwill's 1924 novel *The Call* is widely regarded as one of the most important suffrage novels of the early 20th century Including authoritative notes and commentary throughout this is the first comprehensive scholarly edition of the novel *The Call* tells the story of a young chemist Ursula Winfield who comes of age in the years before the start of the First World War Confronted by the gross injustices faced by women and the working class in early 20th century Britain she is drawn inexorably and with increasing militancy into the suffragette movement The story charts the conflict between her political commitments and her personal life as the Great War approaches Alongside the definitive text of the novel this edition also includes contextual historical documents from contemporary reviews of the novel to newspaper coverage of the suffragette movement and critical chapters by leading scholars exploring the world of the novel **The Single Woman, Modernity, and Literary Culture** Emma Sterry, 2017-06-22 This book situates the single woman within the evolving landscape of modernity examining how she negotiated rural and urban worlds explored domestic and bohemian roles and traversed public and private spheres In the modern era the single woman was both celebrated and derided for refusing to conform to societal expectations regarding femininity and sexuality The different versions of single women presented in cultural narratives of this period including the old maid odd woman New Woman spinster and flapper were all sexually suspicious The single woman however was really an amorphous figure who defied straightforward categorization Emma Sterry explores depictions of such single women in

transatlantic women's fiction of the 1920s to 1940s Including a diverse selection of renowned and forgotten writers such as Djuna Barnes Rosamond Lehmann Ngaio Marsh and Eliot Bliss this book argues that the single woman embodies the tensions between tradition and progress in both middlebrow and modernist literary culture **Singled Out** Virginia
