Stalking the Healthful Herbs Euell Gibbons,2020-03-23 Having written the enormously popular Stalking the Wild Asparagus and Stalking the Blue Eyed Scallop Euell Gibbons turned his attention to the wealth of herbs that grow wild throughout North America Combining the skills he learned as a boy with Indian lore and his years of patient experimentation he wrote this book that others might enjoy the benefits of our little known natural heritage Euell Gibbons shows the reader how to enjoy the culinary and medicinal virtues of herbs and wild plants Drawn from the author's wide knowledge of plants as well as from the lore of Native Americans and early settlers the information is supplemented by nutritionists at

Pennsylvania State University who worked with Gibbons on analysis of the entries Bulletin of the Public Museum of the City of Milwaukee Milwaukee Public Museum.1917 Our Knowledge Is Not Primitive Wendy Makoons Geniusz, 2022-12-05 Traditional Anishinaabe Ojibwe or Chippewa knowledge like the knowledge systems of indigenous peoples around the world has long been collected and presented by researchers who were not a part of the culture they observed The result is a colonized version of the knowledge one that is distorted and trivialized by an ill suited Eurocentric paradigm of scientific investigation and classification In Our Knowledge Is Not Primitive Wendy Makoons Geniusz contrasts the way in which Anishinaabe botanical knowledge is presented in the academic record with how it is preserved in Anishinaabe culture In doing so she seeks to open a dialogue between the two communities to discuss methods for decolonizing existing texts and to develop innovative approaches for conducting more culturally meaningful research in the future As an Anishinaabe who grew up in a household practicing traditional medicine and who went on to become a scholar of American Indian studies and the Ojibwe language Geniusz possesses the authority of someone with a foot firmly planted in each world Her unique ability to navigate both indigenous and scientific perspectives makes this book an invaluable contribution to the field of Native American studies and enriches our understanding of the Anishinaabe and other native communities Hearts & Collars Dan & Dawn Williams, When we started our power exchange relationship we didn t have many models for it We didn t know people who practiced authority transfer We both came into it with emotional burdens and trauma And in spite of that we were able to consciously design a power exchange relationship that helps us both grow brings us closer emotionally helps us heal some of those hurts and fulfills our deep desires. The tools we share in this book are ones that have worked for us over the last twenty years We hope some of them will help you avoid pitfalls we stumbled into Some of them may be right for you or for your partner s and some of them may not Like going clothes shopping we invite you to try everything on and if it doesn t fit leave it on the rack If there s one thing we hope you take away from this book it s this whoever you are whatever you ve been through you have the ability to reflect and grow and become the person you want to be Although it does take work unflinching honesty with yourself and compatible partner s it is possible to create relationships that hold you up and help you thrive We did it So can you Dan and dawn began their power exchange relationship in 2001 Since then they have presented at hundreds of events co authored five books and hosted over six hundred episodes of the Erotic Awakenings podcast They were part of the team that created the Columbus Space and they have served as co producers of PXS Power eXchange Summit and BTL Beyond the Love a Polyamory Summit Dan and dawn have been recognized as MAsT International Member's Choice Presenters of the Year 2016 Great Lakes title holders 2010 and as featured educators on both Kink Academy and Creative Sexuality Find more about Dan and dawn at www eroticawakening com
