**Slithery Snakes and Other Aids to Children's Writing** Walter Thomas Petty, Mary Elizabeth Bowen, 1967  
*Teaching All the Children to Write* James L. Collins, 1983      *Teaching Students with Behavior Disorders* Patricia A. Gallagher, 1979      **Teaching Elementary Language Arts** Betty Coody, David Nelson, 1982      Choice Richard K. Gardner, Phyllis Grumm, 1976      Ways of Writing with Young Kids Sharon A. Edwards, Robert W. Maloy, Ruth-Ellen Verock-O'Loughlin, 2003

*Ways of Writing with Young Kids* presents ideas and strategies for teaching children how to write creatively in fiction, nonfiction and poetry conventionally using standard spelling, punctuation and sentence structures and confidently as they learn the roles and rules of written language. *Ways of Writing with Young Kids* is uniquely organized in twenty three ways of writing that expand beyond one particular area. Giving readers a new perspective, the authors adhere to a unique and easy to follow system. The Five C's of Children's Writing: Coaching, Creativity, Conventions, Choice and Confidence. Written in an easy to read format, the book explains writing ideas and strategies clearly and concisely in an open ended, easy to do and engaging style that offers readers lots of flexibility of how to use the activities with their children.

Every child needs to learn to read, write and spell. With Letterland it is simply an enjoyable journey of discovery. This new edition of the Letterland Teacher's Guide encompasses the fun of learning with Letterland friends whilst ensuring that the core criteria of an effective systematic phonics programme are fully met.      Encyclopedia of Play in Today's Society Rodney P. Carlisle, 2009-04-02

Selected as an Outstanding Academic Title by Choice Magazine January 2010

The Encyclopedia of Play: A Social History explores the concept of play in history and modern society in the United States and internationally. Its scope encompasses leisure and recreation activities of children as well as adults throughout the ages from dice games in the Roman empire to video games today. As an academic social history it includes the perspectives of several curricular disciplines from sociology to child psychology from lifestyle history to social epidemiology. This two volume set will serve as a general non-technical resource for students in education and human development, health and sports psychology, leisure and recreation studies and kinesiology history and other social sciences to understand the importance of play as it has developed globally throughout history and to appreciate the affects of play on child and adult development particularly on

Heilman,Russell S. Donda,2014-01-21 About 90% of people have faith in a supreme being but our yearning for the divine and whatever it promises involves a large divergence in mental states and behaviors Some adhere to doctrine supplication and fastidious religious practices others have a strong sense they are part of something greater and more universal However all religious and spiritual paths are mediated by complex brain networks When different areas of the brain are stimulated a person can have a variety of experiences but there is no specific God spot where stimulation enhances religiosity or spirituality Functional brain imaging shows that there are specific areas of the brain that light up when subjects perform certain religious activities but imaging only provides anatomic correlations not functional explanations The Believer s Brain takes a step beyond these singular methodologies providing converging evidence from a variety study methods of how humans brain networks mediate different aspects of religious and spiritual beliefs feelings actions and experiences Although the book reveals how our brain is the home to the religious and spiritual mind understanding this gift will not diminish our spirituality or our love or our belief in a supreme being but will increase appreciation of the apparatus that mediates these mental states     **The Publishers' Trade List Annual** ,1981
