

Slow Turning

Words and Music by
John Hiatt

P. Neukirch, Université de Marcell

When I was a boy, I thought it just came to ya. But I nev - er could tell what's mine.

Slow Turning Piano Vocal Guitar

Karin Nielsen-Saines

Slow Turning Piano Vocal Guitar:

The Beatles Through Headphones Ted Montgomery, 2022-02-22 This book delves into the aural splendor of the Beatles discography breaking down each song and taking a close look at how the group's music sounds through headphones rather than external speakers Mistakes studio chatter secret meanings and other audio esoterica are all identified and discussed Thousands of books have been written about the Beatles music but this is the first to look at their discography through the prism of headphones which yield a unique artistic listening experience The author argues that the Beatles should be heard through headphones to appreciate the real depth of their musical creativity and to fully understand the timeless songs that remain influential to this day

American Troubadours Mark Brend, 2001-04 The others are still known only to relatively small groups of enthusiasts critics knowledgeable collectors and other musicians This book tells their stories

BOOK JACKET

Blue Skies, Green Hell Marilyn Lazzari-Wing, 2012-08-08 Blue Skies Green Hell a thriller written by a bush pilot's wife is a riveting tale set in the 1950s when pioneers of the sky flew single engine aircraft over unforgiving wilderness and impenetrable jungle in Venezuela Marilyn and Frank live in a place called the last frontier on the Orinoco River where he establishes a multi aircraft service that flies supplies and medicine to remote and inaccessible communities Together they challenge the odds and take the exhilaration of flying to new heights Their world is fierce weather with no weather reports aircraft with limited range radios and planes with six basic instruments A search and rescue effort ends when they make a forced landing in no man's land A flight to Miami turns sour as their twin engine C 46 conks out over the Caribbean Best friends die in fiery crashes A stone age Indian appears where he shouldn't be This is drama from the cockpit of vintage aircraft

Zeta Magazine, 1989

Yeah! Yeah! Yeah! Bob Stanley, 2014-07-07 Stanley is as clear eyed about music as he is crazy in love with it Mikael Wood Los Angeles Times A monumental work of musical history Yeah Yeah Yeah traces the story of pop music through songs bands musical scenes and styles from Bill Haley and the Comets Rock around the Clock 1954 to Beyoncé's first megahit Crazy in Love 2003 Bob Stanley himself a musician music critic and fan teases out the connections and tensions that animated the pop charts for decades and ranges across the birth of rock soul R B punk hip hop indie house techno and more Yeah Yeah Yeah is a vital guide to the rich soundtrack of the second half of the twentieth century and a book as much fun to argue with as to quote

The Ultimate Church Sound Operator's Handbook Bill Gibson, 2007 Written to specifically address the concerns and needs of the sound person who serves ministries and churches this comprehensive handbook blends the relational and technical aspects of church sound in a straightforward and easy to understand manner

Great Songwriting Techniques Jack Perricone, 2018-04-02 In Great Songwriting Techniques veteran composer and teacher Jack Perricone shares years of experience in the art science and pedagogy of songwriting to teach readers the craft Whether they write for a small group of friends or in the hopes of creating a smash hit aspiring songwriters can learn how to focus on topics essential to their success in this competitive field every songwriter must be aware of

audience thick skinned enough to handle rejection and competition and most importantly have the confidence to master the craft of composing and producing Perricone teaches readers to accomplish this through a targeted series of lessons on key elements of songwriting from building blocks like melody harmony and rhythm to more advanced topics like lyric placement and tone texture Chapters explore loop based harmonic patterns tone tendencies form function and lyric writing all in service of preparing the aspiring songwriter to be a master of prosody and keen in understanding the relationship between words and music The volume includes examples of exceptional songwriting from well known artists such as Irving Berlin Prince Bob Dylan Stevie Wonder Justin Timberlake and Taylor Swift **Got Live Album If You Want It!** Avram Mednick, 2013-11-13

This is Avram Mednick's third non fiction book about music Go figure since his best instrument is the radio This one is about live albums one hundred of which he discusses He seems to be stuck on that number **Rocking the Classics** Edward Macan, 1997-01-09 Few styles of popular music have generated as much controversy as progressive rock a musical genre best remembered today for its gargantuan stage shows its fascination with epic subject matter drawn from science fiction mythology and fantasy literature and above all for its attempts to combine classical music's sense of space and monumental scope with rock's raw power and energy Its dazzling virtuosity and spectacular live concerts made it hugely popular with fans during the 1970s who saw bands such as King Crimson Emerson Lake and Palmer Yes Genesis Pink Floyd and Jethro Tull bring a new level of depth and sophistication to rock On the other hand critics branded the elaborate concerts of these bands as self indulgent and materialistic They viewed progressive rock's classical rock fusion attempts as elitist a betrayal of rock's populist origins In *Rocking the Classics* the first comprehensive study of progressive rock history Edward Macan draws together cultural theory musicology and music criticism illuminating how progressive rock served as a vital expression of the counterculture of the late 1960s and 1970s Beginning with a description of the cultural conditions which gave birth to the progressive rock style he examines how the hippies' fondness for hallucinogens their contempt for Establishment approved pop music and their fascination with the music art and literature of high culture contributed to this exciting new genre Covering a decade of music Macan traces progressive rock's development from the mid to late sixties when psychedelic bands such as the Moody Blues Procol Harum the Nice and Pink Floyd laid the foundation of the progressive rock style and proceeds to the emergence of the mature progressive rock style marked by the 1969 release of King Crimson's album *In the Court of the Crimson King* This golden age reached its artistic and commercial zenith between 1970 and 1975 in the music of bands such as Jethro Tull Yes Genesis ELP Gentle Giant Van der Graaf Generator and Curved Air In turn Macan explores the conventions that govern progressive rock including the visual dimensions of album cover art and concerts lyrics and conceptual themes and the importance of combining music visual motif and verbal expression to convey a coherent artistic vision He examines the cultural history of progressive rock considering its roots in a bohemian English subculture and its meteoric rise in popularity among a legion of fans in North America and continental Europe Finally he addresses

issues of critical reception arguing that the critics largely negative reaction to progressive rock says far more about their own ambivalence to the legacy of the counterculture than it does about the music itself An exciting tour through an era of extravagant mind bending and culturally explosive music Rocking the Classics sheds new light on the largely misunderstood genre of progressive rock [Here Comes the Sun](#) Joshua M. Greene,2010-12-09 A fascinating read Associated Press Joshua Greene who studied meditation with the legendary Beatle George Harrison draws on personal remembrances recorded conversations and firsthand accounts to create a moving portrait of Harrison s spiritual life his profound contribution to the Beatles music and previously unpublished anecdotes about his time with music legends Bob Dylan Elvis Presley and others Many well known artists have touched people s hearts with their music but few have ever succeeded in touching people s souls That was George s gift and his story is described here with affection and taste A wonderful book Mia Farrow
