**Smart Start-Ups** David Silver, 2007-05-18 Praise for Smart Start Ups: Silver's new book is a masterpiece of clarity concerning the next great entrepreneurial wave, and my only problem with it was the charley horse in my elbow I got turning the pages. Robin Richards, founding President MP3.com and CEO Notification Technologies Inc. Silver is a modern-day Prometheus. For community entrepreneurs, Smart Start Ups contains the secrets of fire from the heavens. If you work with communities of any kind, you ignore this book at your own peril. John Szeder, former senior game developer, Digital Chocolate Inc. and CEO Mofactor Inc. Silver dives in and pulls the naked truth out of the world of online communities. There's nothing like it on the shelves. He speaks with the best and brightest in the mobile and online community markets. Sean Malatesta, founder Yack Media Services and Vice President Indiagames Inc. Smart Start Ups is a must-read for any aspiring Internet entrepreneur. Silver cuts right to the heart of the important fact that communities are like entire nations but without geographic borders, and they're creating the greatest transformation since the Industrial Revolution. Clarence Briggs, founder and CEO AIT.com. Silver's book is an excellent, captivating, ingenious, and essential read for anyone who wants to know how to create wealth by starting an online community. One mark of a great book is that it makes you see things in a new way. Silver certainly succeeds in that respect. Kyle E. Gillman, founder and CEO Forgefinder Inc.

*The Bet* Jay D. Rodgers, 2023-07-03 An entrepreneur shares anecdotes from his prosperous career while offering readers their own roadmap to success in business. The backbone of businesses: the opener and closer of deals, the risktaker who bets on themselves—that's an entrepreneur. Jay D. Rodgers has seen and done it all, from the gritty start-ups to full-scale world-wide businesses that generate millions in revenue each year. For more than half a century, Jay has started and sold capital ventures, from custom-made cowboy boots to the world's largest breath alcohol interlock company, and he's helped many others along the way. The Bet is blunt and honest and offers no excuses: an entrepreneur always finds a way. When Jay's betting, he's betting big, as an entrepreneur should, on his business, his partners, and his experience to wrangle the best results. His advice and strategies for success are set apart by his trials, errors, and triumphs that come with the territory of serial entrepreneurship. The Bet is like a session with Jay. He'll share how he did it, and he'll show you how. You'll learn the value of understanding what motivates people. An easy-never-fail secret to buying bank notes? Why sometimes it's more profitable to change the players than to change the game? An important concept Jay learned at Harvard Business School? An argument for why you should put all your eggs in one basket? Jay will even explain the bet he made with the publisher of this
