Smugglers Gold:

Smugglers' Gold Lyle Brandt, 2013-12-03 Five days after General Robert E Lee's surrender at Appomattox President Abraham Lincoln is mortally wounded by an assassin's bullet. Scattered Confederate forces ignore the armistice determined to continue the Civil War despite the Union victory. American citizens tired of years of bloodshed want nothing more than to rebuild a country vulnerable to corruption and criminal enterprises. Disgraced ex-Deputy U.S. Marshal Gideon Ryder has been given a second chance to serve his country as an agent of the newly created United States Secret Service. Assigned to investigate a smuggling ring operating out of Galveston Island on the Gulf Coast of Texas, Ryder must navigate his way through the population of immigrants, sailors, former slaves, and ex-Rebels to infiltrate a gang of outlaws more deadly and dangerous than the Secret Service could have imagined. **FIRST IN A NEW SERIES** **Super Sleuths and the Smuggler's Gold** E.M. Clarke, 2019-11-26 The Super Sleuths are back! A cargo of gold has gone missing, and only two mysterious clues remain to set the Sleuths on their treasure hunt. Joined by their friend and adventurer Nica the Navigator, they set off to trace the gold to its hiding place. With the help of their spy parrots and Rafa the monkey, the Sleuths must use all their skills to track down the gold. But a band of merciless pirates are on their tail. Can they solve the clues and find the hidden treasure? Will they get there before the Black Cross Gang, or will the pirates seize victory? **Super Sleuths Super Sleuths Always searching after truth. We fear no danger or any foe. Where there is mystery, there we go.** **Super Sleuth Adventures Book 1 Super Sleuths and the Pirates Plunder Book 2 Super Sleuths and the Royal Captive Book 3 Super Sleuths and the Smuggler's Gold Book 4 Super Sleuths and the Black Castle Coming soon Book 5 Super Sleuths and the Magical Parrots Book 6 Super Sleuths and the Cabin Boy's Secret Book 7 Super Sleuths and the Sunken Treasure** *Hubs of Illicit Trade in the Global Economy* Yulia Krylova, 2024-09-30 This book meticulously examines how centers of illicit trade pose myriad threats to global security and sustainable development. The exponential growth of illicit trade, resulting in annual losses amounting to trillions of dollars for the global economy, is increasingly concentrated within specific geographic areas. These locales serve as safe havens for smugglers and their accomplices, fostering a criminal ecosystem that facilitates the convergence of various criminal activities. The book underscores the detrimental impact of poorly regulated international free trade zones, which prioritize expediency over security, thereby allowing illicit trade to flourish in regions characterized by opaque governance and lax regulatory oversight. It comprehensively explores the spectrum of illicit trade present in notorious hubs such as the Argentina-Brazil-Paraguay Tri-Border Area, Dubai, Panama, Belize, Guatemala, and Ukraine. Emphasizing the phenomenon of crime convergence associated with these hubs, the book offers actionable recommendations for disrupting their interconnected illicit supply chains, infrastructures, and networks. By addressing this interconnectedness, the book fills a critical void in understanding how vulnerabilities within the global economy fuel the creation of illicit trade hubs. It will be of great value to researchers in the fields of trade, economics, criminology, and international development. It will also be an

excellent resource for government agencies policymakers and private sector managers in those industries most affected by the growing problem of illicit trade **Gold** Michael John Bloomfield,Roy Maconachie,2021-02-04 Gold remains a highly prized and impactful resource within the global economy From the insatiable demand for gold in the electronics that permeate our day to day lives to the environmental desolation driven by gold mining in the Amazon the gold trade continues to touch the lives and livelihoods of people across the world Bloomfield and Maconachie tell the intriguing story of the yellow metal tracing the seismic shifts in the industry over the past few decades They show how huge purchases of gold reserves by BRICS countries mark the shifting balance of power away from the West and how rising affluence in India and China has led to a surging demand for gold jewellery calling into question current approaches to make supply chains more responsible Explaining why gold is so difficult to regulate and why it is only becoming more so the authors suggest ways we could collectively make practices work better for the countless workers and communities who suffer at the producer end of the supply chain Linking local to global producer to consumer and gold s extraction from the Earth to the financial centres that fuel it this book offers a probing analysis that reveals who wins and who loses and what this means for the future of gold

reveals a bottom up history of the Punjab border and the invention of the borderland society narrating a story with local meanings and transnational dimensions

Buried Treasures of the Pacific Northwest W. C. Jameson, 2006-01-30 Do Indians living today know the location of the supposedly cursed Lost Gold of Devil's Sink Did Sir Francis Drake bury millions of dollars worth of ancient Incan treasures Has anyone found the box of gold coins buried by a reputed giant in the Washington rain forest Is there a noble family's fortune buried near an old log cabin in the Cascades

Border Contraband George T. Díaz, 2015-02-28 Present day smuggling across the U S Mexico border is a professional often violent criminal activity However it is only the latest chapter in a history of illicit business dealings that stretches back to 1848 when attempts by Mexico and the United States to tax commerce across the Rio Grande upset local trade and caused popular resentment Rather than acquiesce to what they regarded as arbitrary trade regulations borderlanders continued to cross goods and accepted many forms of smuggling as just In Border Contraband George T Díaz provides the first history of the common yet little studied practice of smuggling across the U S Mexico border In Part I he examines the period between 1848 and 1910 when the United States and Mexico's trade concerns focused on tariff collection and on borderlanders attempts to avoid paying tariffs by smuggling Part II begins with the onset of the Mexican Revolution in 1910 when national customs and other security forces on the border shifted their emphasis to the interdiction of prohibited items particularly guns and drugs that threatened the state Díaz's pioneering research explains how greater restrictions have transformed smuggling from a low level mundane activity widely accepted and still routinely practiced into a highly profitable professional criminal enterprise
