Black Power Jeffrey O. G. Ogbar, 2019-03-19 Exploring the profound impact of the Black Power movement on African Americans Outstanding Academic Title Choice In the 1960s and 70s the two most important black nationalist organizations the Nation of Islam and the Black Panther Party gave voice and agency to the most economically and politically isolated members of black communities outside the South Though vilified as fringe and extremist these movements proved to be formidable agents of influence during the civil rights era ultimately giving birth to the Black Power movement Drawing on deep archival research and interviews with key participants Jeffrey O G Ogbar reconsiders the commingled stories of and popular reactions to the Nation of Islam Black Panthers and mainstream civil rights leaders Ogbar finds that many African Americans embraced the seemingly contradictory political agenda of desegregation and nationalism Indeed black nationalism he demonstrates was far more favorably received among African Americans than historians have previously acknowledged It engendered minority pride and influenced the political cultural and religious spheres of mainstream African American life for the decades to come This updated edition of Ogbar s classic work contains a new preface that describes the book s genesis and links the Black Power movement to the Black Lives Matter movement A thoroughly updated essay on sources contains a comprehensive review of Black Power related scholarship Ultimately Black Power reveals a black freedom movement in which the ideals of desegregation through nonviolence and black nationalism marched side by side

**Civil Rights History from the Ground Up** Emilye Crosby, 2011 After decades of scholarship on the civil rights movement at the local level the insights of bottom up movement history remain essentially invisible in the accepted narrative of the movement and peripheral to debates on how to research document and teach about the movement This collection of original works refocuses attention on this bottom up history and compels a rethinking of what and who we think is central to the movement The essays examine such locales as Sunflower County Mississippi Memphis Tennessee and Wilson North Carolina and engage such issues as nonviolence and self defense the implications of focusing on women in the movement and struggles for freedom beyond voting rights and school desegregation Events and incidents discussed range from the movement's heyday to the present and include the Poor People's Campaign mule train to Washington D C the popular response to the deaths of Rosa Parks and Coretta Scott King and political cartoons addressing Barack Obama's presidential campaign The kinds of scholarship represented here which draw on oral history and activist insights along with traditional sources and which bring the specificity of time and place into dialogue with broad themes and a national context are crucial as we continue to foster scholarly debates evaluate newer conceptual frameworks and replace the superficial narrative that persists in the popular imagination
