Archaeological Sites as Space for Modern Spiritual Practice Raimund Karl,Jutta Leskovar,2018-11-07

Archaeological heritage can be disputed especially where it is important to religions and their practitioners While the destruction of archaeological sites in war often due to religious fervour is frequently making the headlines apparently lesser disputes about local heritage sites go unreported This book focuses on these lesser but much more frequent potential conflicts between archaeological heritage management and conservation on the one hand and practitioners of religious beliefs who use archaeological heritage in their practice on the other By exploring case studies from Austria the Czech Republic Estonia France Norway Romania Russia Spain Sweden and Wales this book examines the interaction between spiritual practice and monuments conservation This book will be of great interest to heritage professionals archaeologists historians conservationists and religious practitioners alike through its exploration of various kinds of interactions between these different heritage communities and their interests in archaeology

The Comprehensive Guide to Interdisciplinary Veterinary Social Work Sana Loue,Pamela Linden,2022-09-27 This book responds to the needs that arise at the intersection of people and animals focusing on human animal interaction human animal studies the emotional work of caring for animals and animal assisted interventions and therapies Unlike many works that focus primarily on issues at the micro level such as animal assisted interventions this volume is unique in its focus on issues arising at the micro macro and mezzo levels encompassing human animal issues and interactions at the level of individuals and family groups institutions and communities Accordingly this comprehensive guide addresses the need to better prepare practitioners to work in interdisciplinary environments whether in the context of theory research practice or advocacy The authorship of the volume reflects the interdisciplinary foundations of veterinary social work with contributions from social workers psychologists veterinarians physicians anthropologists and bioethicists The volume is divided into five parts that examine respectively the foundations history and scope of veterinary social work Part I the practice of veterinary social work with individuals in the context of community programs and in social work practice Part II veterinary social work and the veterinary setting including veterinary well being and conflict management Part III veterinary social work education Part IV and the future of veterinary social work Part V Importantly the volume addresses not only practice issues in the veterinary clinical and community settings but also examines ethical concerns in the clinical and research contexts and the implications of cultural and societal variations on the practice of veterinary social work The Comprehensive Guide to Interdisciplinary Veterinary Social Work is the definitive resource for social workers and psychologists new to practice issues relating to animals social work and psychology students at the graduate and undergraduate levels veterinarians and veterinary students hospital administrators human hospitals and veterinary hospital managers
