Library, 1998 Picasso and Gertrude Stein Vincent Giroud, Pablo Picasso, 2006 The Portrait of Gertrude Stein was the first major work by Pablo Picasso to enter The Metropolitan Museum of Art bequeathed by Stein herself in 1946. A century after it was painted this portrait remains one of the most powerful images of early 20th century modernism. What was to be a lifelong friendship was but a few months old in the spring of 1906 when Picasso began his portrait of Stein. He was 24 years old at the time and she was 32 and both of their careers were at a critical stage. This engaging book recounts the extraordinary circumstances that led to Stein's first posing session and argues that the portrait played a key role not only in Picasso's work as a painter but also in his subject's creative life as he became in turn the subject of several of Stein's literary portraits.

Scholars have long highlighted the links between translating and re writing increasingly blurring the line between translations and so called original works. Less emphasis has been placed on the work of writers who translate and the ways in which they conceptualize or even fictionalize the task of translation. This book fills that gap and thus will be of interest to scholars in linguistics translation studies and literary studies. Scrutinizing translation through a new lens Judith Woodsworth reveals the sometimes problematic relations between author and translator along with the evolution of the translator's voice and visibility. The book investigates the uses and abuses of translation at the hands of George Bernard Shaw Gertrude Stein and Paul Auster prominent writers who bring into play assorted fictions as they tell their stories of translations. Each case is interesting in itself because of the new material analysed and the conclusions reached. Translation is seen not only as an exercise and fruitful starting point it is also a way of paying tribute repaying a debt and cementing a friendship. Taken

together the case studies point the way to a teleology of translation and raise the question what is translation for Shaw Stein and Auster adopt an authorial posture that distinguishes them from other translators They stretch the boundaries of the translation proper their words spilling over into the liminal space of the text in some cases they hijack the act of translation to serve their own ends Through their tales of loss counterfeit and hard labour they cast an occasionally bleak glance at what it means to be a translator Yet they also pay homage to translation and provide fresh insights that continue to manifest themselves in current works of literature By engaging with translation as a literary act in its own right these eminent writers confer greater prestige on what has traditionally been viewed as a subservient art Masterpieces of European Painting, 1800-1920, in the Metropolitan Museum of Art Metropolitan Museum of Art (New York, N.Y.), Kathryn Calley Galitz, 2007
