Stories Ann E. Kingsolver, 2001 Ann Kingsolver presents stories people have told about NAFTA young people and old urban and rural with differing political perspectives occupations and other markers of identity that demonstrate their expectations and imaginations of the sweeping trade agreement NAFTA Kingsolver contends both before and after its passage became a catch all in public discourse for tensions related to neoliberal policies and to economic and cultural processes of globalization The storytellers in her book from Mexico Kentucky and California imagined the meaning and possible effects of regional integration on topics ranging from agriculture to the stereotyping of workers to national sovereignty and identity NAFTA became invested with possibilities far beyond the scope of its literal provisions Kingsolver analyzes the metaphorical meanings attributed to NAFTA whether a giant truck in your rear view mirror in Ralph Nader's words or a panacea for what they tell us about the changing relationship between national governments and their publics She finds that rather than

strengthening national authority the passage of NAFTA led to intense public questioning and deep political division
