Practical Guide John McLeod, Julia McLeod, 2022-11-01 This book should be read by everyone working in a helping profession Laura Burns Training Lead for Hostage and Crisis Negotiation 2017 2020 and Inspector Police Scotland UK This is a superb book in every single respect beautifully written relevant supportive and providing an accessible framework for all those in the helping professions to develop and enhance relationships with people Professor Andrew Reeves Professor in Counselling Professions and Mental Health University of Chester UK This is an excellent resource for anyone who requires an element of embedded counselling in a professional capacity Dr William N Scott Lecturer in Biomedicine Atlantic Technological University Ireland Embedded Counselling in the Helping Professions offers a practical framework for understanding how frontline human service practitioners can respond effectively to the emotional support needs of those around them by incorporating counselling skills and knowledge into their everyday professional work Taking a broad interdisciplinary perspective McLeod and McLeod provide comprehensive coverage of key areas of practice that can lead to improved outcomes for service users including Capitalising on how embedded counselling complements and builds on other interventions and forms of support Developing skills and activities for facilitating helpful counselling episodes that enable clients to move forward in their lives Using evidence from research studies to enhance practice Designing caring services that promote positive practitioner values and attributes and take account of organisational challenges and opportunities Ongoing personal reflection supervision and consultation to consolidate learning and awareness As well as tackling critical reflections and enforcing ethical practice this new book helps human service practitioners to make sense of frequently occurring client issues including crisis trauma emotional pain life transitions bereavement and loss and behaviour change Embedded Counselling in the Helping Professions is essential reading for all students entering the human service field It also acts as a valuable continuing professional development resource for qualified and experienced practitioners and for managers and policy makers who are committed to creating caring and responsive organisations Julia McLeod is Lecturer in Counselling at Abertay University Dundee UK She has been a counselling trainer and tutor with students from many different backgrounds as well as having extensive experience as a therapist and supervisor John McLeod is Emeritus Professor of Counselling at Abertay University Dundee UK and Visiting Professor at the Institute for Integrative Counselling and Psychotherapy in Dublin Ireland A leading figure in the field of counselling and psychotherapy research his recent work has focused on the development of a flexible pluralistic approach to therapy *Handbook of Effective Psychotherapy* Thomas R. Giles, 2012-12-06 Handbook of Effective Psychotherapy is the culmination of 15 years of personal interest in the area of psychotherapy outcome research In my view this is one of the most interesting and crucial areas in the field it has relevance across disparate clinical disciplines and orientations it provides a measure of how far the field has progressed in its efforts to improve the effectiveness of psychotherapeutic intervention and it provides an ongoing measure of how readily clinicians adapt to scientific indications in state of the art care Regrettably as several of the chapters in this volume indicate there is a

vast chasm between what is known about the best available treatments and what is applied as the usual standard of care On the most basic level there appears to be a significant number of clinicians who remain reluctant to acknowledge that scientific study can add to their ability to aid the emotionally distressed I hope that this handbook with its many delineations of empirically supported treatments will do something to remedy this state of affairs
