**The Jewish American Paradox** Robert H Mnookin,2018-11-27 Who should count as Jewish in America What should be the relationship of American Jews to Israel Can the American Jewish community collectively sustain and pass on to the next generation a sufficient sense of Jewish identity The situation of American Jews today is deeply paradoxical Jews have achieved unprecedented integration influence and esteem in virtually every facet of American life But

this extraordinarily diverse community now also faces four critical and often divisive challenges rampant intermarriage weak religious observance diminished cohesion in the face of waning anti-Semitism and deeply conflicting views about Israel Can the American Jewish community collectively sustain and pass on to the next generation a sufficient sense of Jewish identity in light of these challenges Who should count as Jewish in America What should be the relationship of American Jews to Israel In this thoughtful and perceptive book Robert H Mnookin argues that the answers of the past no longer serve American Jews today The book boldly promotes a radically inclusive American Jewish community one where being Jewish can depend on personal choice and public self identification not simply birth or formal religious conversion Instead of preventing intermarriage or ostracizing those critical of Israel he envisions a community that embraces diversity and debate and in so doing preserves and strengthens the Jewish identity into the next generation and beyond *Take 5! for Language Arts* Kaye Hagler,2016-12-09 This resource will help you introduce students to the writing process through daily mini lessons Writing prompts support writing and drawing exercises in engaging ways that relate to content and are within the framework of the Common Core State Standards Try Looking Ahead Jason Rodriguez,2015-06-01 This poignant YA collection of Twilight Zone inspired short stories is a stunning assortment of modern day twists on classic fables and science fiction standards featuring a diverse array of children including a girl who can live in yesterday a boy who can see through mountains and a closet monster hunter who don't have much but make the most of what they have Their victories may be small but they are their own whether it's winning a go cart race righting wrongs or learning that perseverance is a victory in and of itself
