Animal Short Stories Clement B.G. London ED,2009-02-28 Language is power When animals take possession of words and especially begin with names they significantly move to the realm of freedom Just like slaves who have acquired manumission and can speak and write freely In this book of short stories the animals assume the characters of humans and therefore speak with authority of people in different life circumstances Other animals of the sane or different species adapt and adopt certain well defined stratagems in order to cope with the prolongation of their life spaces In this respect they serve as role models or prime examples of emulation ANIMAL SHORT STORIES should provide meaningful reading for children and young adults Clement B G London Ed D

My Jamaican Experience Wilberforce Reid,2014-11-20 The fairest land ever eyes beheld the mountains touch the sky This is what Christopher Columbus wrote in his log when he landed on the north coast of Jamaica on May 5 1494 This statement has been affirmed over the years resulting in up to two million tourists visiting Jamaica each year Since then Jamaica has gone on to become a record producer of sugar banana and bauxite aluminum ore Jamaica was the first country in the Western Hemisphere to have a postal system a piped domestic water system and a golf course In the nineteen sixties and early seventies Jamaica had one of the highest growth rates among the developing countries Jamaica won more Olympic track and field medals as a ratio of its population than any other country in the world and only the United States has a larger aggregate In spite of this early sterling performance Jamaica has been through a turbulent political uprising and is still trying to navigate through a crippling economic malaise In the nineteen seventies and early eighties Jamaica was ground zero for the Cold War between the United States and the Soviet Union The author will take you through the good old days of the natural simplicity of growing up in rural Jamaica He will recount the past and present great achievements that have been accredited to Jamaica You will also visit with him the days of wrath when Jamaica was the staging ground for the proxy war between the Soviet Cuban axis versus the United States Central Intelligence Agency CIA

Uneven Futures Ida Yoshinaga,Sean Guynes,Gerry Canavan,2022-12-20 Essays on speculative science fiction explore the futures that feed our most cherished fantasies and terrifying nightmares while helping diverse communities devise new survival strategies for a tough millennium The explosion in speculative science fiction SF across different media from the late twentieth century to the present has compelled those in the field of SF studies to rethink the community's identity orientation and stakes In this edited collection more than forty writers critics game designers scholars and activists explore core SF texts with an eye toward a future in which corporations dominate both the means of production and the means of distribution and governments rely on powerful surveillance and carceral technologies The essays international in scope demonstrate the diversity of SF through a balance of popular mass market novels comics films games TV shows creepypastas and more niche works SF works explored range from Riot Baby by Tochi Onyebuchi 2084 The End of the World by Boualem Sansal Terra Nullius by Claire Coleman Watchmen and X Men comics and the Marvel film Captain

Memories Dr. Hanif Gulmahamad, 2011-12-19 This book contains 15 stories and 48 poems Four of the stories are works of fiction Some of the stories for example Life on a sugar plantation in colonial Guyana contain a lot of information of historical significance that has previously been unrecorded and could well be lost in the passage of time I was born in 1945 on Springlands Sugar Estate where we lived in a small cottage in the estate compound behind and west of the District Commissioners Office building The story about life on a British colonial sugar plantation is drawn from personal experience and it is told in the voice of someone who actually lived that life The story entitled Going to America represents todays reality of Guyanese who have left leaving or trying to leave Guyana The expatriate Guyanese community particularly in North

America should certainly be able to relate to that experience Many of my compatriots were forced to undergo a second traumatic deracination for economic and political reasons lack of opportunity in the homeland no jobs no viable future and other reasons when they emigrated to Britain United States of America Canada the West Indies and other places The ancestors of Afro Guyanese were dragged out of Africa and brought to the New World as slaves The forefathers of Indo Guyanese were lured to British Guiana by deception and false promises and became bound coolies trapped in a form of indentured servitude that some regard as another form of slavery The second Guyanese uprooting and displacement though done largely voluntarily was no less disruptive frightening emotionally turbulent and difficult than the first one either from Africa or India Life for these people in a new land very often in hostile climatic conditions quite unlike the tropical conditions in the homeland was difficult harrowing stressful tumultuous psychologically traumatic and distressing for new emigrants The history of the Guyanese people is written in blood sweat tears suffering and misery The children of the new Guyanese diaspora will subsequently have their own story to tell about life in an alien land It has been said that it is easy for the poor to escape from a poor nation but it is not so easy for them to escape poverty in a rich nation Emigrants particularly those of an older generation who are set in their ways often experience extreme difficulties acculturating and assimilating into a different society and adjusting to an alien way of life They are often relegated to a shadowy existence in the marginalized immigrant community standing on the periphery of an alien culture looking in and experiencing loneliness hopelessness helplessness and lacking a sense of belonging Refer to the poem in this book entitled Living in a place where you were not born for some insights on this issue Stories such as Hunting birds with slingshots in Guyana Making and flying kites in Guyana Catching mullet at No 73 waterside Notorious fowl thieves of the village and When you really know it was Christmas time can elicit strong nostalgia and sentimental memories of youthful experiences so pleasurable and engrossing that it could cause you to yearn for a past life that was simple care free full of wonderful remembrances and recollections When I think of the wonderful life I once lived at Clonbrook I am a young lad all over again and I am happy Those who lived that life and had fond memories of it should certainly share these stories with their children and grandchildren Make these stories more real and fascinating by adding your own memories and experiences as you read them to your descendants After all everybody has a story to tell There are forty eight poems in this compilation that are sure to evoke emotions and nostalgia Many deal with subject matters pertaining to the Corentyne The reason for that is simple I was born and raised in the Upper Corentyne and I hold lots of treasured an The Penguin Book of Caribbean Verse in English Paula Burnett, 2005-11-03 Over the last few decades Caribbean writers performance poets newspaper poets singer songwriters have created a genuinely popular art form a poetry heard by audiences all over the world At the same time even at its most literary Caribbean poetry shares the vigour of the oral tradition Writers like Nobel Prize winner Derek Walcott and many other exciting new voices are exploring ways of capturing the vitality of the spoken word on the page Both of these traditions are represented in this lively anthology
