1992, (国連貿易開発会議) 国連貿易開発会議 国連貿易開発会議 国連貿易開発会議 国連貿易開発会議 国連貿易開発会議 National Treatment United Nations Conference on Trade and Development, 1999 The national treatment standard is perhaps the single most important standard of treatment enshrined in international investment agreements At the same time it is perhaps the most difficult standard to achieve as it touches upon economically and politically sensitive issues In fact no single country has so far seen itself in a

position to grant national treatment without qualifications especially when it comes to the establishment of an investment. National treatment can be defined as a principle whereby a host country extends to foreign investors treatment that is at least as favourable as the treatment that it accords to national investors in like circumstances. In this way the national treatment standard seeks to ensure a degree of competitive equality between national and foreign investors.

Investment-related Trade Measures United Nations Conference on Trade and Development, 1999. This paper is part of the UNCTAD Series on issues in international investment agreements. It provides a balanced analysis of issues that may arise in discussions about international investment agreements.
