than simply imitate or borrow from the West the Japanese reinterpret and transform Western products and practices to suit their culture This entertaining and enlightening book shows how in the process of domesticating foreign goods and customs the Japanese have created a culture in which once exotic practices such as ballroom dancing have become familiar and once familiar practices such as public bathing have become exotic Written by scholars from anthropology sociology and the humanities the book ranges from analyses of Tokyo Disneyland and the Japanese passion for the Argentinean tango to discussions of Japanese haute couture and the search for an authentic nouvelle cuisine japonaise These topics are approached from a variety of perspectives with explorations of the interrelations of culture ideology and national identity and analyses of the roles that gender class generational and regional differences play in the patterning of Japanese consumption The result is a fascinating look at a dynamic society that is at once like and unlike our own

Contemporary Hinduism P.

Pratap Kumar, 2014-09-11 Most overviews of Hindu belief and practice follow a history from the ancient Vedas to today Such approaches privilege Brahmanical traditions and create a sense of Hinduism as a homogenous system and culture and one which is largely unchanging and based solely on sacred texts In reality modern Hindu faith and culture present an extraordinary range of dynamic beliefs and practices Contemporary Hinduism aims to capture the full breadth of the Hindu worldview as practised today both in the sub continent and the diaspora Global and regional faith ritualised and everyday practice Brahmanical and non Brahmanical belief and ascetic and devotional traditions are all discussed Throughout the discussion is illustrated with detailed case material and images whilst key terms are highlighted and explained in a glossary Contemporary Hinduism presents students with a lively and engaging survey of Hinduism offering an introduction to the oldest and one of the most complex of world religions
