

Comparison of the Federalist and Democratic-Republican Parties

	Federalists	Democratic-Republicans
Leaders	John Adams Alexander Hamilton	Thomas Jefferson James Madison
View of the Constitution	Interpret Loosely Strong Central Government	Interpret Strictly Weak Central Government
Foreign Policy	Pro-British	Pro-French
Military Policy	Develop large peacetime army and navy	Develop small peacetime army and navy
Economic Policy	Aid business Create a national bank Support high tariffs	Favor agriculture Oppose a national bank Oppose tariffs
Chief Supporters	Northern business owners Large landowners	Skilled workers Small farmers Plantation owners

Small Is Democratic

W. Linder

Small Is Democratic:

Small is Democratic Dana Ott, 2018-10-24 This book examines the relationship between state size and the formation and maintenance of democratic political systems Using a cross national multiple case study of The Gambia in West Africa and Trinidad and Tobago in the Caribbean in combination with a quantitative data set on all the nations in the world the study examines the effects of smallness when measured by population size on a number of variables including the probability of becoming and remaining democratic access to information political instability and political violence The dissertation argues that the small scale social structure which is prevalent in small states directly affects the social interaction of individuals in these states through the multiple role relationships created as a consequence and indirectly affects the political and economic systems of these states through the impact of such social networks on political interaction etc The case studies examine the effects of smallness on two states that aside from being small and democratic share few background characteristics It is argued that small state size acts as an enabling environment for democratization increasing the likelihood that such states will become and remain democratic as occurred in Trinidad and Tobago The case of The Gambia illustrates the limitations of smallness to overcome other obstacles to democratization including economic social and systemic limitations The quantitative analysis establishes a significant statistical relationship between small state size when measured by population and the formation and maintenance of political democracy and an increased likelihood of political violence when measured by political riots and deaths by political violence The analysis concludes with a discussion of the implications of such findings including transferability through the application of targeted decentralization programs

Competitive Elections in Developing Countries Myron Weiner, Ergun Özbudun, 1987 This is the latest in the At the Polls series in which Duke University Press has joined with the American Enterprise Institute for Public Policy Research to publish studies on the electoral process as it functions around the world Cited by Choice for its high standard of scholarly analysis and objectivity the series provides both a chronicle of events and a thorough analysis of the election results **Neutrality as a Policy Choice for Small/Weak Democracies** Michael F. Palo, 2019-07-08 In *Neutrality as a Policy Choice for Small Weak Democracies Learning from the Belgian Experience* Michael F Palo has three main objectives First he employs a counterfactual approach to examine the hypothesis that had permanent neutrality not been imposed on Belgium in 1839 it would have pursued neutrality anyway until war broke out in 1914 Secondly he analyses why after abandoning obligatory neutrality during World War I the Belgians adopted voluntary neutrality in October 1936 Finally he seeks to use the historical Belgian case study to test specific International Relations Theories and to contribute to Small State Studies especially the behaviour of small weak democracies in the international system **The Operation of the Japanese Electoral System since 1994** Kazuaki Nagatomi, 2021-11-24 This research explores one of the baffling mysteries in contemporary non Western democracies The conversion to a mixed system of the first past the post system and proportional representation for the

Japanese House of Representatives in 1994 has not realised the widely spread desire for recurrent changes of government as the Liberal Democratic Party have maintained their grip Dr Nagatomi monitors Japanese politics with the theories and methodologies of electoral geography From a comparative perspective the operation of the electoral system can mostly be explained by the geographical distributions of party supports the arrangements of electoral constituencies and the candidacies of parties Packed with a volume of the analyses unpublished elsewhere this book will offer food for thought to political scientists Asian watchers and broadly comparative researchers **Congressional Record** United States. Congress,2000 *The Negro and Fusion Politics in North Carolina, 1894-1901* Helen G. Edmonds,2013-01-01 Edmonds gives a detailed and accurate record of the political careers of prominent North Carolina blacks who held federal state county and municipal offices This record shows that the ration of Afro American voters was so low that black domination was neither a reality nor a threat Swiss Democracy W. Linder,2010-04-20 An updated 3rd edition of this authoritative analysis of Swiss democracy the institutions of federalism and consensus democracy through political power sharing Linder analyzes the scope and limits of citizens participation in direct democracy which distinguishes Switzerland from most parliamentary systems **The Swiss Labyrinth** Jan-Erik Lane,2013-10-23 It can be argued that Switzerland has a peculiar set of political institutions for example decentralized federalism active referendum democracy and La formule magique grand coalition This volume focuses upon the political and social outcomes of these institutions in the 1990s **Congress Reconsidered** Lawrence C. Dodd,Bruce I. Oppenheimer,Ruth Bloch Rubin,C. Lawrence Evans,2025-01-28 Since its first edition Congress Reconsidered was designed to make available the best contemporary work from leading congressional scholars in a form that is both challenging and accessible to undergraduates With their Thirteenth Edition Lawrence C Dodd Bruce I Oppenheimer and C Lawrence Evans and now Ruth Bloch Rubin from the University of Chicago continue this tradition as their contributors focus on how various aspects of Congress have changed over time With a strong focus to the historical development of political institutions in their role in preserving democratic government this bestselling volume remains on the cutting edge with key insights into the workings of Congress Land and Freedom Joseph Dana Miller,1904

The Enigmatic Realm of **Small Is Democratic**: Unleashing the Language is Inner Magic
