Smashing The Atlantic Wall The Destruction Of Hitlers Coastal Fortresses:

Smashing the Atlantic Wall Patrick Delaforce, 2005 When Hitler called off the proposed invasion of Britain in 1940 he immediately ordered the building of his Atlantic Wall No one gave thought to the Allies left in Brittany who named the battles the Cinderella War This is their story *The Atlantic Wall (1)* Steven J. Zaloga, 2012-11-20 A fascinating analysis of the most ambitious military fortification program of World War II With Germany's gradual loss of the strategic initiative to the Allies in 1942 Hitler was forced to construct an impenetrable wall of fortifications along the Atlantic and Mediterranean coast This book deals solely with the structures on the French coast starting with the Pas de Calais and extending down to Spain It features detailed illustrations and diagrams of the various sections of the Atlantic Wall and the role that they played giving a thoughtful analysis of some of the most accessible fortifications of World War II **Smashing Hitler's Atlantic Wall**

PATRICK. DELAFORCE, 2017-02-27 When in September 1940 Adolf Hitler cancelled Operation SEALION the proposed invasion of Britain by secret edict he ordered the construction by the Todt Organisation of 1 500 miles of Atlantic Wall defences along the French Belgian and Dutch coastlines Every seaport was turned into a fortress Hitler designed the layout and military defences of each one and specified the quality and quantity of cement and steel required He personally appointed the commandants who swore an oath of allegiance and promised to fight to the finish Winston Churchill and his generals meanwhile were planning how to break into the Atlantic Wall fortresses After the stunning success of D Day and Operation OVERLORD Allied forces had to seize key fortress ports to get supplies landed The Mulberry harbours on the Normandy beaches were vulnerable to the weather and could supply only a fraction of the Allies requirements The Americans fought their way up the Cotentin Peninsula to try to capture Cherbourg St Malo Brest Lorient and St Nazaire At the same time the Canadian and British forces were hammering their way up the left flank capturing Le Havre Dieppe Boulogne Calais and surrounding Dunkirk Every fortress commander fought his defensive battle hard and destroyed the port facilities The author was a member of the armoured division that captured Antwerp in a daring day and night onslaught Hitler reacted by reinforcing the fortresses at Flushing and on Walcheren which guarded the Scheldt River entrance to Antwerp Allied success was vital to avoid stalemate on the Western Front All the glamour and news headlines concentrated on the Allied armies obvious successes the Americans struggles in Brittany and the Canadian and British campaigns in appalling conditions to open up Antwerp port were all too quickly forgotten The forces fighting these horrible little battles called it the Cinderella War This book is the vivid record of their achievements bravery and determination **Hitler's Fortresses** Chris

McNab, 2014-03-20 The definitive illustrated history of German World War II fortifications covering the Atlantikwall Westwall and myriad other defensive works Hitler's West Wall was one of the greatest engineering projects of the 1930s Stretching more than 390 miles and containing some 14 000 pillboxes it was a significant statement of intent But it was only as World War II progressed that Germany's defensive requirements expanded beyond all previous expectations Along the Atlantic

coastline Germany poured millions of tonnes of concrete into chain batteries bunkers and minefields whilst defensive works were sunk into the mountainous terrain of Italy in an attempt to halt the advancing Allies As well as these large scale defensive works Hitler's Fortresses delves into the principles and engineering of basic frontline defences showing how the average German soldiers prepared their fox holes and field fortifications as well as exploring special purpose fortifications like the huge U boat pens V weapon sites and Hitler's own personal constructions from his sprawling headquarters to his mountain top lair This exhaustive study of German wartime fortifications reveals much about the strategic and tactical thinking of the German High Command and combat accounts explore how effective the defences were in practice Illustrated throughout with contemporary photographs cutaway diagrams artworks and maps this edition shows exactly how key types of defensive positions looked and functioned and provides an authoritative record of the Third Reich's defensive mindset

Caen Controversy Andrew Stewart, 2014-08-19 On 6 June 1944 British American Canadian and French troops landed in Normandy by air and sea This was one of the key moments of the Second World War a long anticipated invasion which would ultimately lead to the defeat of Nazi Germany By the day's end a lodgment had been effected and Operation OVERLORD was being hailed as a success In reality the assault had produced mixed results and at certain points along the French coastline the position was still far from certain The key Allied objectives had also not been captured during the first day of the fighting and this failure would have long term consequences Of the priority targets the city of Caen was a vital logistical hub with its road and rail networks plus it would also act as a critical axis for launching the anticipated follow on attacks against the German defenders As a result an entire brigade of British troops was tasked with attempting its capture but their advance culminated a few miles short This new book examines this significant element of the wider D Day operation and provides a narrative account of the operations conducted by 3 British Infantry Division It examines in some detail the planning preparation and the landings that were made on the beaches of Sword sector To do this it considers the previously published material and also draws upon archival sources many of which have been previously overlooked to identify key factors behind the failure to capture the city Its publication coincides with the 70th anniversary of the Allied liberation of France **The**

The Tragedy of Patton A Soldier's Date With Destiny Robert Orlando, 2021-12-01 Better to fight for something than live for nothing General George S Patton It is 75 years since the end of WW II and the strange mysterious death of General George S Patton but as in life Patton sets off a storm of controversy The Tragedy of Patton A Soldier s Date With Destiny asks the question Why was General Patton silenced during his service in World War II Prevented from receiving needed supplies that would have ended the war nine months earlier freed the death camps prevented Russian invasion of the Eastern Bloc and Stalin s murderous rampage Why was he fired as General of the Third Army and relegated to a governorship of post war Bavaria Who were his enemies Was he a threat to Eisenhower Montgomery and Bradley And is it possible as some say that the General s freakish collision with an Army truck on the day before his departure for US was not really an accident Or was Patton not only dismissed by his peers but the victim of an assassin s bullet at their behest Was his personal silence necessary General George S Patton was America s antihero of the Second World War Robert Orlando explores whether a man of such a flawed character could have been right about his claim that because the Allied troops some within 200 miles of Berlin or just outside Prague were held back from capturing the capitals to let Soviet troops move in the Cold War was inevitable Patton said it loudly and often enough that he was relieved of command and silenced Patton had vowed to take the gag off after the war and tell the intimate truth and inner workings about controversial decisions and questionable politics that had cost the lives of his men Was General Patton volatile bombastic self absorbed reckless Yes but he was also politically astute and a brilliant military strategist who delivered badly needed wins Questions still abound about Patton s rise and fall The Tragedy of Patton seeks to answer them

mechanism of coercion by which these weapons alter the will of the adversary is poorly understood This book argues that it is not what these weapons physically do but how they weaponize fear and trigger a sense of defenselessness that matters for understanding their coercive effect For anyone seeking to understand why states at war in the age of aerospace weapon warfare operate and react in the ways that they do this book s methodical dissection of the strategic rationale behind these weapons makes it necessary reading

D-Day General Noel F. Mehlo, 2021-05-15 Omaha was the make or break Allied beach on D Day in perhaps the make or break campaign of World War II If American soldiers couldn t gain a foothold there then D Day was unlikely to succeed On June 6 1944 U S troops on Omaha suffered the worst casualties of any of the five Allied invasion beaches so many casualties and so much tactical difficulty that Omaha almost didn t succeed One big reason why Americans gained a foothold on Omaha was Gen Norman Dutch Cota A graduate of the West Point class of 1917 alongside famous classmates Matthew Ridgway Mark Clark and Lightning Joe Collins Norm Cota played football with Dwight Eisenhower who graduated two years earlier From March 1941 to February 1943 Cota served with the famous 1st Infantry Division the Big Red One as division intelligence officer plans training officer and finally chief of staff He performed so well in the North Africa campaign that he was sent to England to help plan D Day After laying the tactical groundwork for the amphibious landings Cota was made assistant division commander of the 29th Infantry Division On the eve of D Day he told his men You re going to find confusion The landing craft aren t going in on schedule and people are going to be landed in the wrong place Some won t be landed at all We must improvise carry on not lose our heads On June 6 1944 under heavy fire Cota landed with the second wave of the 29th Infantry Division on Omaha Beach about an hour after the start of the invasion He personally rallied the survivors of the landings and led the opening of one of the first exits off Omaha Cota seemed to be everywhere that day Coming upon a group of Rangers the general told them Rangers lead the way hence the Rangers motto He is also known for saying Gentlemen we are being killed on the beaches Let us go inland and be killed And to a captain uncertain how to proceed I ll tell you what captain You and your men start shooting at them I ll take a squad of men and you and your men watch carefully I ll show you how to take a house with Germans in it Having demonstrated the task Cota asked the officer Do you understand Do you know how to do it now I won t be around to do it for you again I can t do it for everybody Great quips which American military history will always remember and which show the character in every sense of Dutch Cota Cota was a fighter a fighting general a D Day general and his contribution to D Day will remain his rallying of demoralized troops and his blazing the trail toward the breakout and victory on Omaha Ted Roosevelt Jr who landed at Utah Beach has always received credit as the D Day general like Cota Roosevelt also demanded that he land on D Day and then died of a heart attack a month later but Cota is the hero general of the day having landed early on D Day on bloody Omaha Portrayed by Robert Mitchum in the grand D Day film The Longest Day Cota has not yet received his due and there s a campaign now afoot to award him a belated Medal of Honor His story cries out to be told Now with the cooperation of the
