Harper,1909 Opinions have ever been divided on the question of the morality or the immorality of smuggling This is not in itself remarkable since that subject on which all men think alike has not yet been discovered but whatever the views held upon the question of the rights and wrongs of the free traders craft they have long since died down into abstract academic discussion Smuggling is indeed not dead but it is not the potent factor it once was and to what extent Governments are justified in taxing or restricting in any way the export or the import of goods will not again become a living question in this country until the impending Tariff Reform becomes law There have been those who reading the proofs of this book have variously found in it arguments for and others arguments against Protection but as a sheer matter of fact there are in these pages no studied arguments either way and facts are here presented just as they are retrieved from half forgotten records with no other ulterior object than that of entertainment But if these pages also serve to show with what little wisdom p viwe are and generally have been governed they may not be without their uses England it may surely be gathered here and elsewhere is what she is by sheer force of dogged middle class character and in spite of her statesmen and lawgivers **The Lady Dauntless** Elizabeth Cole,2015-02-24 The fourth novel in the Secrets of the Zodiac a series of full length historical romance novels features darker sexier storylines complex characters and international intrigue set against the backdrop of the Napoleonic Wars A fiery lady a devilish smuggler and a cargo nations would kill for Gemma Harrington leads a wild unconventional life among con men and smugglers She can ride and shoot as well as any man but she wants to escape the world she s caught in for something better Then a mysterious gentleman shows up with a daring proposal If Gemma helps him infiltrate a smuggling ring he ll take her anywhere his ship can sail Captivated she agrees to his dangerous plan With slightly shady ancestors and a far away upbringing Logan Hartley isn t the typical hero and that makes him an excellent spy Logan had to fight for everything he ever wanted his own ship his place in the Zodiac and the approval of his peers Now he wants Gemma but he has to stay alive long enough to win her As Gemma and Logan follow the trail of a strange criminal they become targets in a much deadlier game when they uncover a secret that governments would kill for To expose the truth they will defy convention and break the rules And they have to act fast because their enemies are much closer than they imagine
