The HarperCollins World Reader:

The HarperCollins World Reader Mary Ann Caws, Christopher Prendergast, 1994 Giving students the whole world in literature is a good place to start And for that to happen you need the right literature anthology an anthology like The HarperCollins World Reader **The HarperCollins World Reader** Mary Ann Caws, Christopher Prendergast, 1994 The HarperCollins World Reader: Antiquity to the early modern world Mary Ann Caws, Christopher Prendergast, 1994 Excerpts from early literature begin as early as c 2300 to the present **Issues in World Literature to Accompany The HarperCollins World Reader** Mary Ann Caws, Patricia Laurence, Sarah Bird Wright, 1994 The Cambridge Companion to World Literature Ben Etherington, Jarad Zimbler, 2018-11-22 This Companion presents lucid and exemplary critical essays introducing readers to the major ideas and practices of world literary studies The Early Reader in Children's Literature and Culture Jennifer Miskec, Annette Wannamaker, 2015-12-22 This is the first volume to consider the popular literary category of Early Readers books written and designed for children who are just beginning to read independently It argues that Early Readers deserve more scholarly attention and careful thought because they are for many younger readers their first opportunity to engage with a work of literature on their own to feel a sense of mastery over a text and to experience pleasure from the act of reading independently Using interdisciplinary approaches that draw upon and synthesize research being done in education child psychology sociology cultural studies and children's literature the volume visits Early Readers from a variety of angles as teaching tools as cultural artifacts that shape cultural and individual subjectivity as mass produced products sold to a niche market of parents educators and young children and as aesthetic objects works of literature and art with specific conventions Examining the reasons such books are so popular with young readers as well as the reasons that some adults challenge and censor them the volume considers the ways Early Readers contribute to the construction of younger children as readers thinkers consumers and as gendered raced classed subjects It also addresses children's texts that have been translated and sold around the globe examining them as part of an increasingly transnational children's media culture that may add to or supplant regional ethnic and national children's literatures and cultures While this collection focuses mostly on books written in English and often aimed at children living in the US it is important to acknowledge that these Early Readers are a major US cultural export influencing the reading habits and development of children across the globe *East-West Symbioses* Eugene Eoyang, 2019-03-15 This book explores the encounters between East and West studying how they get along These exchanges involve deliberate exoticizations and incommensurabilities as well as creative fusions such as Matteo Ricci a Jesuit monk in the late 16th early 17th centuries who learned Chinese in Beijing well enough to compose works in Chinese and Octavio Paz the Mexican Nobel Laureate who admired Chinese civilization The book also considers the effect of the West on Asian countries the cases of Japan and Turkey who tried to modernize by becoming more Western and the examples of China and Korea who adopted Western forms of theatre to

advance a distinctly Asian aesthetic It will appeal to anyone seeking more than a superficial understanding of the encounters between East and West **The Harper & Row Reader** Paul R. Gregory, Marshall W. Gregory, Wayne C. Booth, 1992

Teaching writing critical thinking and argument this popular reader features more than 100 thought provoking selections written by some of history's classic thinkers **The Hero Journey in Literature** Evans Lansing Smith, 1997 This book provides an overview of the hero journey theme in literature from antiquity to the present with a focus on the imagery of the rites of passage in human life initiation at adolescence mid life and death This is the only book to focus on the major works of the literary tradition detailing discussions of the hero journey in major literary texts Included are chapters on the literature of Antiquity Sumerian Egyptian Biblical Greek and Roman the Middle Ages with emphasis on the Arthurian Romance the Renaissance to the Enlightenment Shakespeare Milton Marvell Pope Fielding the Arabian Nights and Alchemical Illustration Romanticism and Naturalism Coleridge Selected Grimm's Tales Brontë Bierce Whitman Twain Hawthorne E T A Hoffman Rabindranath Tagore and Modernism to Contemporary Joyce Gilman Alifa Rifaat Bellow Lessing Pynchon Eudora Welty

The Promise and Premise of Creativity Eugene Eoyang, 2012-07-12 The Promise and Premise of Creativity considers literature in the larger context of globalization and the clash of cultures Refuting the view that the study of literature is useless Eoyang argues that it expands three distinct intellectual skills creative imagination vicarious sympathy and capacious intuition With the advent of the personal computer and the blurring of cultural and economic boundaries it is the ability to imagine to intuit and to invent that will mark the educated student and allow her to survive the rapid pace of change As never before the ability to empathize with other peoples to understand cultures very different from one's own is vital to success in a globalized world In this the very uselessness of literature may inure the mind to think creatively Engaging with both the theory and practice of literature its past and its potential future Eoyang claims that our sense of the world at large of the salient similarities and differences between cultures would be critically diminished without comparative literature
