Skillful Means The Heart Of Buddhist Compassion:

Skillful Means John W. Schroeder, 2004 This book provides a new way of understanding Buddhist thought He argues that Buddhism is best understood as a philosophy of practice or a metapraxis and that terms such as emptiness non self and nirvana refer less to metaphysical principles than to skillful teachings that help people cultivate compassion and mindfulness Each section of the book focuses on a debate over philosophical justification and the problem of trying to establish a fixed doctrine in Buddhist and reveals an on going debate

A Yogacara Buddhist Theory of Metaphor Roy Tzohar, 2018 Buddhist philosophy is fundamentally ambivalent toward language Language is paradoxically seen as both obstructive and necessary for liberation In this book Roy Tzohar delves into the ingenious response to this tension from the Yogacara school of Indian Buddhism that all language use is metaphorical Exploring the profound implications of this claim Tzohar makes the case for viewing the Yogacara account as a full fledged theory of meaning one that is not merely linguistic but also applicable both in the world as well as in texts Despite the overwhelming visibility of figurative language in Buddhist philosophical texts this is the first sustained and systematic attempt to present an indigenous Buddhist theory of metaphor By grounding the Yogacara pan metaphorical claim in a broader intellectual context of both Buddhist and non Buddhist schools the book uncovers an intense philosophical conversation about metaphor and language that reaches across sectarian lines Tzohar s analysis radically reframes the Yogacara controversy with the Madhyamaka school of philosophy sheds light on the Yogacara application of particular metaphors and explicates the school s unique understanding of experience

Augustine and World Religions Brian Brown, John A. Doody, Kim Paffenroth, 2008-05-30 Augustine and World Religions examines Augustine s thought for how it can inform modern inter religious dialogue Despite Augustine s reputation as the father of Christian intolerance one finds in his thought the surprising claim that within non Christian writings there are some truths in regard even to the worship of the One God This it seems hints at a deeper level of respect and dialogue between religions because one engages in such dialogue in order to better understand and worship God The essays here uncover provocative points of comparison and similarity between Christianity and other religions to further such an Augustinian dialogue

Challenging Theocracy David Edward Tabachnick, Toivo Koivukoski, Hermínio Meireles Teixeira, 2018-01-01 Analyzing the relationship between religion and politics throughout the Middle East Africa and the United States as well as classical and medieval political
