Skinner's War:

Burrhus F. Skinner Frederick Toates, 2009-09-04 As the world faces up to the challenges of climate change and the threat to security Skinner's contributions on these issues continue to resonate today In this stimulating introduction for students and general readers Toates places Skinner's ideas within the context of mainstream psychological thought presenting a balanced synthesis of the psychologist's work and his approach The author reveals the links between Skinner's perspective and other branches of psychology highlighting his solutions to problems at individual society and global levels **Mule**

Skinner's, 1920 *Song of the Shenandoah* Brenda George, 2013-05-23 Jed Buchanan is one of the Blue Ridge mountain people displaced by the formation of the Shenandoah National Park Through a quirk of fate he is offered a job as a farm manager on one of the loveliest farms in the Shenandoah Valley Though he loves the life dire danger lurks in the form of a fanatical old style Ku Klux Klan klavern that has been operating in the rural areas of Northern Virginia Jed falls in love with two very different women the beautiful sultry sophisticate Virginia Chadwick whom he saves from being savaged by a vicious dog This leads to the humble hillbilly giving regular lectures to one of the most powerful groups in Washington DC Then there's lovely spunky Sage Kelly who has left three men at the altar However Jed has good reason to suspect that she and her brother Tom are members of the Ku Klux Klan Sequel to the widely acclaimed *Falling Leaves* and *Mountain Ashes* this compelling epic novel set in the 1940s and 1950s displays once again what a master storyteller George is **Key to the**

Northern Country James M. Johnson, Christopher Pryslopski, Andrew Villani, 2013-08-01 Offers nearly forty years of interdisciplinary scholarship on the Hudson River Valley's role in the American Revolution The Hudson River Valley which George Washington referred to as the Key to the Northern Country played a central role in the American Revolution From 1776 to 1780 with major battles fought at Saratoga Fort Montgomery and Stony Point the region was a central battleground of the Revolution In addition it witnessed some of the most dramatic and memorable aspects of the war such as Benedict Arnold's failed conspiracy at West Point the burning of New York's capital at Kingston and the more than six hundred mile march of Washington and the Continental Army and Jean Baptiste Donatien de Vimeur comte de Rochambeau and his French Expeditionary Corps to Yorktown Virginia Compiled from essays that appeared in the Hudson Valley Regional Review and the Hudson River Valley Review published by the Hudson River Valley Institute the book illustrates the richly textured history of this supremely important time and place **England's Wars of Religion, Revisited** Dr Charles W A Prior, Professor Glenn

Burgess, 2013-06-28 The causes and nature of the civil wars that gripped the British Isles in the mid-seventeenth century remain one of the most studied yet least understood historical conundrums Religion politics economics and affairs local national and international all collided to fuel a conflict that has posed difficult questions both for contemporaries and later historians Were the events of the 1640s and 50s the first stirrings of modern political consciousness or as John Morrill suggested wars of religion This collection revisits the debate with a series of essays which explore the implications of John

Morrill's suggestion that the English Civil War should be regarded as a war of religion. This process of reflection constitutes the central theme and the collection as a whole seeks to address the shortcomings of what have come to be the dominant interpretations of the civil wars especially those that see them as secular phenomena waged in order to destroy monarchy and religion at a stroke. Instead a number of chapters present a portrait of political thought that is defined by a closer integration of secular and religious law and addresses problems arising from the clash of confessional and political loyalties. In so doing the volume underlines the extent to which the dispute over the constitution took place within a political culture comprised of many elements of fundamental agreement and this perspective offers a richer and more nuanced reading of some of the period's central figures and draws firmer links between the crisis at the centre and its manifestation in the localities.
