A Handbook for Travellers in Devonshire John Murray (Firm),1879 **The England Coast Path** Stephen Neale,2020-03-19 The opening of the England Coast Path means that anyone will be able to walk and wild camp along the entire 3 000 mile length of the English coast As well as being a remarkable national achievement in itself this new national trail is a hugely exciting prospect for all walkers campers fans of the coast and the outdoors In 2018 Stephen Neale became one of the first people to walk and wild camp along the whole of the path and in doing so has written a fantastically detailed and rich guidebook covering the route itself along with everything from the best places to swim hunt for fossils and eat seafood to hidden away beaches and canoeing spots The bulk of the book is divided up into the 16 coastal counties and features 1 000 places to see explore camp and adventure around the coast Each place has an OS map reference basic directions to it from the path and a short description Walkers can either visit specific places or link highlights together walking between them along the path The England Coast Path is a true embodiment of our national character at a time when all things English are so often seen in a negative light this is a wonderful success story Environmentalists volunteers social campaigners land owners and politicians have all come together to create a ninth wonder of the world This path represents what makes England so great a little bit mad a little bit proud but mostly a celebration of this nation s most precious asset the wild coast
