Slavery Obscured The Social History Of The Slave Trade In An English Provincial Port:

Slavery Obscured Madge Dresser, 2001 How in an ever changing historical environment were enslaved Africans represented in the city's press theatre and political discourse What do previously unexplored religious legal and private records tell us about the Black presence in Bristol or about the attitudes of white seamen colonists and merchants toward slavery and race What role did white women and artisans play in Bristol's anti slavery movement Combining a historical and anthropological approach *Slavery Obscured* sheds new light on the contradictory and complex history of an English slaving port and by so doing prompts new ways of looking at British national identity race and history **BOOK JACKET** *The British Transatlantic Slave Trade Vol 1* Kenneth Morgan, Robin Law, David Ryden, J R Oldfield, 2022-01-26 Contains primary texts relating to the British slave trade in the 17th and 18th century The first volume contains two 18th century texts covering the slave trade in Africa Volume two focuses on the work of the Royal African company and volumes three and four focus on the abolitionists struggle

Slavery in the Age of Memory Ana Lucia Araujo, 2020-10-15 Exploring notions of history collective memory cultural memory public memory official memory and public history *Slavery in the Age of Memory Engaging the Past* explains how ordinary citizens social groups governments and institutions engage with the past of slavery and the Atlantic slave trade It illuminates how and why over the last five decades the debates about slavery have become so relevant in the societies where slavery existed and which participated in the Atlantic slave trade The book draws on a variety of case studies to investigate its central questions How have social actors and groups in Europe Africa and the Americas engaged with the slave past of their societies Are there any relations between the demands to rename streets of Liverpool in England and the protests to take down Confederate monuments in the United States How have black and white social actors and scholars influenced the ways slavery is represented in George Washington's Mount Vernon and Thomas Jefferson's Monticello in the United States How do slave cemeteries in Brazil and the United States and the walls of names of Whitney Plantation speak to other initiatives honoring enslaved people in England and South Africa What shared problems and goals have led to the creation of the International Slavery Museum in Liverpool and the National Museum of African American History and Culture in Washington DC Why have artists used their works to confront the debates about slavery and its legacies The important debates addressed in this book resonate in the present day Arguing that memory of slavery is racialized and gendered the book shows that more than just attempts to come to terms with the past debates about slavery are associated with the persistent racial inequalities racism and white supremacy which still shape societies where slavery existed *Slavery in the Age of Memory Engaging the Past* is thus a vital resource for students and scholars of the Atlantic world the history of slavery and public history

The British Slave Trade and Public Memory Elizabeth Kowaleski Wallace, 2006-01-11 How does a contemporary society restore to its public memory a momentous event like its own participation in transatlantic slavery What are the stakes of once more restoring the slave trade to public memory What can
