Thomas Griffiths

The Hand Of Science Academic Writing And Its Rewards Academic Writing And Its Rewards:

The Hand of Science Blaise Cronin, 2005 Cronin a master of the subject examines the complex relationship between authorship individual or collective and the reward system of science in the face of the burgeoning growth of scholarly communication He answers the myriad questions raised from how responsibility and credit are allocated in collaborative endeavors to what the intellectual property impact could be in online and open access publishing *The SAGE Handbook of Human Geography*, 2v Roger Lee, Noel Castree, Rob Kitchin, Vicky Lawson, Anssi Paasi, Chris Philo, Sarah Radcliffe, Susan M. Roberts, Charles Withers, 2014-05-22 Superb How refreshing to see a Handbook that eschews convention and explores the richness and diversity of the geographical imagination in such stimulating and challenging ways Peter Dicken University of Manchester Stands out as an innovative and exciting contribution that exceeds the genre Sallie A Marston University of Arizona Captures wonderfully the richness and complexity of the worlds that human beings inhabit This is a stand out among handbooks Lily Kong National University of Singapore This wonderfully unconventional book demonstrates human geography's character and significance not by marching through traditional themes but by presenting a set of geographical essays on basic ideas practices and concerns Alexander B Murphy University of Oregon This SAGE Handbook stands out for its capacity to provoke the reader to think anew about human geography essays that offer some profoundly original insights into what it means to engage geographically with the world Eric Sheppard UCLA Published in association with the journal *Progress in Human Geography* edited and written by the principal scholars in the discipline this Handbook demonstrates the difference that thinking about the world geographically makes Each section considers how human geography shapes the world interrogates it and intervenes in it It includes a major retrospective and prospective introductory essay with three substantive sections on Imagining Human Geographies Practising Human Geographies Living Human Geographies The Handbook also has an innovative multimedia component of conversations about key issues in human geography as well as an overview of human geography from the Editors A key reference for any scholar interested in questions about what difference it makes to think spatially or geographically about the world this Handbook is a rich and textured statement about the geographical imagination Theories of Informetrics and Scholarly Communication Cassidy R. Sugimoto, 2016-02-22 Scientometrics have become an essential element in the practice and evaluation of science and research including both the evaluation of individuals and national assessment exercises Yet researchers and practitioners in this field have lacked clear theories to guide their work As early as 1981 then doctoral student Blaise Cronin published *The need for a theory of citing* a call to arms for the fledgling scientometric community to produce foundational theories upon which the work of the field could be based More than three decades later the time has come to reach out the field again and ask how they have responded to this call This book compiles the foundational theories that guide informetrics and scholarly communication research It is a much needed compilation by leading scholars in the field that gathers together the theories that guide our

understanding of authorship citing and impact

Handbook of Research on Effective Project Management through the Integration of Knowledge and Innovation Jamil, George Leal,Lopes, Sérgio Maravilhas,Malheiro da Silva, Armando,Ribeiro, Fernanda,2015-01-31 The field of project management experiences conceptual technological and decision issues when projects are created implemented and executed without the needed strategic connection It is important to improve the connection between knowledge management and project management practices The Handbook of Research on Effective Project Management through the Integration of Knowledge and Innovation bridges the gap between knowledge management and project management practices by providing both classical and modern views on their relationship Discussing principles practices methods and real case studies this book describes the importance of aligning projects with a knowledge based strategic plan to the benefit of practitioners professionals scholars and researchers in the fields of management and information science

Atlas of Science Katy Börner,2010-09-17 Science maps that can help us understand and navigate the immense amount of results generated by today s science and technology Cartographic maps have guided our explorations for centuries allowing us to navigate the world Science maps have the potential to guide our search for knowledge in the same way allowing us to visualize scientific results Science maps help us navigate understand and communicate the dynamic and changing structure of science and technology help us make sense of the avalanche of data generated by scientific research today Atlas of Science featuring more than thirty full page science maps fifty data charts a timeline of science mapping milestones and 500 color images serves as a sumptuous visual index to the evolution of modern science and as an introduction to the science of science charting the trajectory from scientific concept to published results Atlas of Science based on the popular exhibit Places a guide to a PhD thesis that resembles a subway map the structure of science as revealed in a map of citation relationships in papers published in 2002 a visual periodic table a history flow visualization of the Wikipedia article on abortion a globe showing the worldwide distribution of patents a forecast of earthquake risk hands on science maps for kids and many more Each entry includes the story behind the map and biographies of its makers Not even the most brilliant minds can keep up with today s deluge of scientific results Science maps show us the landscape of what we know

Socio-Spatial Theory in Nordic Geography Peter Jakobsen,Erik Jönsson,Henrik Gutzon Larsen,2022-05-30 This open access book is about socio spatial theory in and the nature of Nordic geography From both historical and contemporary perspectives the book engages with theorisations of geography in the Nordic countries Including chapters by geographers from Denmark Finland Iceland Norway and Sweden it reflects how theories about the relations between the social and the spatial have been developed adopted and critiqued in Nordic human geography in relation to a wide range of themes concepts and approaches The book also traces institutional developments distinct geographical traditions and intellectual histories as well as authors own experiences as geographers in and beyond the Nordic area The chapters together introduce and engage with debates and discussions that permeate Nordic geography

and allows readers a glimpse of geographical thinking and the role of socio spatial theory in the Nordic countries By providing insights into how geographical ideas emerge travel and are translated and adapted in specific contexts the book contributes to debates about historical geographical situatedness and theorisations of geography *Science, Information, and Policy Interface for Effective Coastal and Ocean Management* Bertrum H. MacDonald, Suzuette S. Soomai, Elizabeth M. De Santo, Peter G. Wells, 2016-04-27 This book provides a timely analysis of the role that information particularly scientific information plays in the policy making and decision making processes in coastal and ocean management It includes contributions from global experts in marine environmental science marine policy fisheries public policy and administration resource management [The Evaluation of Research in Social Sciences and Humanities](#) Andrea Bonaccorsi, 2018-01-04 This book examines very important issues in research evaluation in the Social Sciences and Humanities It is based on recent experiences carried out in Italy 2011 2015 in the fields of research assessment peer review journal classification and construction of indicators and presents a systematic review of theoretical issues influencing the evaluation of Social Sciences and Humanities Several chapters analyse original data made available through research assessment exercises Other chapters are the result of dedicated and independent research carried out in 2014 2015 aimed at addressing some of the debated and open issues for example in the evaluation of books the use of Library Catalog Analysis or Google Scholar the definition of research quality criteria on internationalization as well as opening the way to innovative indicators The book is therefore a timely and important contribution to the international debate **Annual Review of Comparative and International Education 2020** Alexander W. Wiseman, 2021-08-02 The Annual Review of Comparative and International Education covers significant developments in the field of comparative and international education This 2020 edition begins with a collection of discussion essays about comparative education trends and directions written by both professional and scholarly leaders [Studying Societies and Cultures](#) Lawrence A. Kuznar, Stephen K. Sanderson, 2015-12-03 A thought provoking stimulating volume on the past present and future of cultural materialism that is both laudatory of Harris research strategy and critical of it Paul Shankman University of Colorado One of the most important anthropologists of all time Marvin Harris was influential worldwide as the founder of cultural materialism This book accessibly analyzes Harris s theories and their important legacies today The chapters explore cultural materialism s epistemology and its relation to rational choice theory Darwinian social science and population pressures The authors assess recent attempts to extend and reformulate cultural materialism and highlight cross cultural archaeological and ethnographic applications of cultural materialism today
