The Hard Awakening:

The Hard Awakening Hassan Barnaba Dehqani-Tafti,1988-01-01 **Iran and Christianity** Mark Bradley,2011-10-27

In this enlightening study Mark Bradley looks at the growing underground church in Iran Given the hostility of the regime it is often assumed that Christianity is withering in Iran but in fact more Iranian Muslims have become Christians in the last 25 years than since the seventh century when Islam first came to Iran Beginning with an in depth look at the historical identity of Iran religiously culturally and politically Bradley shows how this identity makes Iranians inclined towards Christianity He goes on to look at the impact of the 1979 revolution an event which has brought war economic chaos and totalitarianism to Iran and its implications for Iranian faith The study concludes with an analysis of church growth since 1979 and an examination of the emerging underground church This is a fascinating work guaranteed to improve any reader s knowledge of not only Iranian faith and church growth but of Iranian culture and history as a whole thanks to the thorough treatment given to the country s background

Conservatism Klaus Epstein,2015-03-08 Although Conservative parties did not exist in Germany until after the Napoleonic Wars there did emerge around 1770 traceable organized political activity and intellectual currents of a clearly Conservative character The author argues that this movement developed as a response to the challenge of the Enlightenment in the fields of religion socioeconomic affairs and politics and that this response antedated the impact of the French Revolution Believing that Conservatism cannot be treated properly as a specialized phenomenon or simply as an intellectual movement Professor Epstein correlates it with the political and social forces of the time Originally published in 1966 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Iran and The West Cyrus Ghani,2013-09-05 First Published in 1987 this volume offers a bibliography of biographies autobiographies and books on contemporary politics by prominent 20th century figures on the topic of Iran The Time of the Spirit George Every,Richard Harries,Bishop Kallistos Ware,1984 An anthology of treasures found in the Roman Catholic Orthodox and Anglican traditions *The Oxford Handbook of Anglican Studies* Mark David Chapman,Sathianathan Clarke,Martyn Percy,2016 The Anglican Communion is the third largest Christian denomination and claims a membership of some 80 million members in about 164 countries Given that there are only around two hundred countries in the world this makes the churches of the Anglican Communion the most geographically widespread denomination after Roman Catholicism The 44 essays in this volume embrace a wide range of academic disciplines theological historical demography and geography

and different aspects of culture and ethics They are united in their discussion of what is effectively a new inter disciplinary subject which we have termed Anglican Studies At the core of this volume is the phenomenon of Anglicanism as this is expressed in different places and in a variety of ways across the world This Handbook covers a far broader set of topics from a wider range of perspectives than has been hitherto attempted in Anglican Studies At the same time it doesn t impose a particular theological or historical agenda The contributions are drawn from across the spectrum of theological views and opinions It shows that the unsettled nature of the polity is part of its own rich history and many will see this as a somewhat lustrous tradition In its comprehensive coverage this volume is a valuable contribution to Anglican Studies and helps formulate a discipline that might perhaps promote dialogue and discussion across the Anglican world
