Nambu Pistols John Walter, 2023-04-27 This is the absorbing story of the handguns credited to Nambu Kijiro the principal personal defence weapons of the Imperial forces Featuring full color artwork and carefully chosen photographs this book charts the origins development combat use and legacy of the Nambu pistols Cutaway artwork reveals the inner workings of these important handguns while specially commissioned battlescenes depict them in use in action Influenced by the German C 96 and other semi automatic pistols the first Nambu model was never accepted for universal issue being confined largely to purchase by Japanese officers Adopted in 1925 the 14th Year Type was to become the best known of these handguns serving in every campaign undertaken by the Japanese in the 1930s and then throughout World War II It served alongside the bizarrely conceived Type 94 intended as the weapon of airmen tank crew and anyone to whom its compact dimensions were useful When World War II ended thousands of Nambu pistols arrived in America with US veterans of World War II while others were carried by insurgents and other armed groups across South East Asia for decades after 1945 Fully illustrated this is the engrossing story of these distinctive pistols from their origins to their legacy **The Hand Gun Story** John Walter, 2008-06-30 A firearms expert traces the history of the one hand gun from its 14th century origins surveying changing technology techniques and design Midwest Book Review Ideally suited for both attack and self defense handguns have gotten smaller and deadlier But the earliest pistols had a tendency to misfire This was cured by the cap lock which proved a massive success in the American Civil War with hundreds of thousands of cap lock revolvers used on

each side Self contained metal case cartridges were to bring a fundamental change to handgun design not only by allowing the introduction of revolvers that ejected automatically or were easily reloaded but also by paving the way for the automatic pistol World War I provided the handgun with a proving ground At the end of the hostilities with so much surplus weaponry work on the handgun could have ceased instead a new developmental phase was begun by the nations that had emerged from the crumbling Imperial empires During World War II the efficiency of well established designs was confirmed and new designs such as the Walther P 38 showed their potential The emergence of the submachine gun in 1945 reduced the status of the handgun but only temporarily The need for efficient self defense shows no signs of lessening and the rise in shooting for sport particularly with the revolver has sharpened the quest for efficiency The never ending search for advanced production techniques shows that the handgun has as much a future in the twenty first century as it had in the heyday of the Wild West or in the trenches of Passchendaele

The Imperial Japanese Army Bill Yenne,2014-09-20 So many histories of the War in the Pacific focus on the Allied experience This title reverses this trend by examining the year of Japanese victory when the might Japanese naval and ground forces swept all before them both throughout the Pacific and on mainland Asia The German offensives which crushed Poland in 1939 and swallowed most of Western Europe in less than two months in 1940 have been well documented and heavily studied however the overall picture of the remarkable Japanese offensive land campaign in 1941 42 has received less attention In this fascinating book Bill Yenne documents the years when the Imperial Japanese Army IJA was conducting its equally unstoppable ground campaign in the Far East and unlike other books on this subject he studies the campaign from the Japanese point of view He reveals how the IJA were able to conquer huge swathes of Southeast Asia in a little over eight weeks after the attack on Pearl Harbor Using first hand accounts from Japanese sources Yenne reveals the tactics and mindset of the IJA during their offensive detailing the capturing of Manila the Philippines Hong Kong Singapore Burma and the Dutch East Indies Exploring the infrastructure and technical challenges of waging war across such a huge area Yenne delves into the hardships that faced individual Japanese soldiers in theatre and explains how the Japanese were able to remain undefeated and establish the aura of invincibility that marked their campaign between 1941 42

Imperial Japan's Allied Prisoners of War in the South Pacific C. Kenneth Quinones,2021-09-30 Three weeks after Imperial Japan's surrender five men dressed in baggy khaki uniforms stared at the camera They and two colleagues were the only survivors out of the 210 Allied airmen which Imperial Japan had imprisoned in paradise Joining them were 18 British soldiers the only survivors of 600 of their countrymen similarly but separately imprisoned Another 10 000 Allied soldiers and civilians were also imprisoned on the South Pacific island of New Britain More than half died before liberation What motivated such inhumane treatment This book's quest for an answer traces the genesis of Bushido Imperial Japan's martial code and surveys the prisoners recollections of their ordeal as the Battle for Rabaul raged around them from

1942 to March 1944 **Military Handguns of Two World Wars** John Walter, 2003 In this companion volume to his *Military Rifles of Two World Wars* renowned firearms expert John Walter examines in detail the handguns used by all nations that fought in WWII He covers the full range from the Walther PPK Luger and Smith and Wessons to the less well known Turkish parabellum and Finish Lahti At the end of the nineteenth century the supremacy of the revolver was being threatened by the semi automatic pistol the design that would predominate throughout two world wars and beyond In this book John Walter provides detailed technical specifications and data for every gun manufactured and gives a history of its development and use Every entry is also accompanied by a photograph or technical drawing and in some cases rare pictures of the guns in combat *National Union Catalog, 1982 ,1983* Proceedings of the Imperial Japanese Diet, Fourth Session ,1893
