

The background of the slide is a photograph of a desk. On the left, there is a stack of several old, thick books with worn, yellowed pages. A black string is tied around the spines of the books. To the right of the books, a black and white photograph with a white border is lying flat. The photograph shows a dark, textured surface, possibly a landscape or a close-up of a material. The overall lighting is soft and warm, creating a sense of age and history.

of the Avant-garde Renato Poggioli,1968 Convinced that all aspects of modern culture have been affected by avant garde art Renato Poggioli explores the relationship between the avant garde and civilization Historical parallels and modern examples from all the arts are used to show how the avant garde is both symptom and cause of many major extra aesthetic trends of our time and that the contemporary avant garde is the sole and authentic one **Outsider at the Heart of Things** Richard

P. Blackmur,1989 **Jewish Biblical Interpretation: Medieval and Modern** Michael Fishbane ,2024-07-17 Following his first wide ranging collection on biblical text and exegetical culture Michael Fishbane supplements his previous investigations with this second volume of collected writings It includes close studies in medieval Jewish liturgical poetry Jewish biblical exegesis plain sense allegorical sense philosophical and mystical senses and modern Jewish thought traditional especially Hasidic literature as well as modern Jewish theology Emphasizing the varieties of Jewish exegetical culture and the interplay between culture text and theology each study is intended to be paradigmatic for a particular cultural or literary subject and includes many comparative examples while placing special emphasis on hermeneutical and expository matters The Interpretation of Otherness Giles Gunn,1979-02-15 In a unique and probing analysis this study examines the function of literary criticism in religious studies and explores the relation of literature to religion in the works of major American writers

The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950 George Watson,I. R.

Willison,1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries **The Near and Distant God** Ian Cooper,2008 This book shows that a major strand in the development of modern poetry in German and English can be seen

as a protracted response to the religious crises of post Idealist thought It focuses on the hermeneutic dimension of Die Religion Primacies Michael Fishbane,2025-08-20 A powerful exploration of how literature expresses and transforms our earliest preverbal experiences Primacies begins with the assertion that our earliest preverbal experiences are accompanied by a primary language a universal expression of tears cries and laughter offered long before we learn our distinctive ordinary languages For Michael Fishbane these primacies release the raw feelings of our existential condition and catalyze our most powerful literary expressions of sorrow joy and fulfillment In this book Fishbane explores how ancient medieval and modern literature and poetry express and transform these primal sensations Building on his theological project begun in Sacred Attunement and Fragile Finitude Fishbane offers here a radically new lived hermeneutics that seeks to do nothing less than redefine the relationship between experience and language **A Linguistic Guide to English Poetry** Geoffrey N. Leech,2014-06-11 Seeks to demonstrate that the study of English poetry is enriched by the insights of modern linguistic analysis and that linguistic and critical disciplines are not separate but complementary Examining a wide range of poetry Professor Leech considers many aspects of poetic style including the language of past and present creative language poetic licence repetition sound metre context and ambiguity
