The Hidden Power Thomas Troward, 2020-02-24 *The Hidden Power And Other Papers Upon Mental Science* by English judge, author, and New Thought advocate Thomas Troward, and was originally published in 1921. *The Hidden Power* is a collection of Thomas Troward's essays on New Thought and other areas of mental science and is one of the most in-depth texts on the topic of thought, creation, spiritual manifestation, and the Law of Attraction. Troward goes into great detail about the negative uses of these concepts, believing there is a karmic result for negative thoughts, and writes on to how to protect one's self from these forms of manifestations.

Whilst these concepts sound at face value New Age Troward comes at them from a very Christian perspective with clarity and gentle beautiful language The book also includes the famous essay the Spirit of Opulence The idea which consists in cultivating the feeling that we possess all sorts of riches which we can bestow upon others and which we can bestow liberally because by this very action we open the way for still greater supplies to flow in
