comprised one or a few isolated voices the antislavery most commonly reviewed here is that animated by a systematic and ardent opposition to slavery and intended to mobilize large numbers of people to attack and end the institution A wide variety of people and organizations nurtured and extended this antislavery religious figures political economists slaves sailors artisans missionaries planters captains of slave ships democratic enthusiasts and others were all involved along with the various organizations secular religious or otherwise with which they were associated Antislavery was by no means exclusively or even principally the work of an intellectual elite and the force of all from the lowly and unlearned to the privileged and prominent is represented The presence of slavery continued to be attacked in the contracting Ottoman Empire in the early twentieth century in Liberia in the 1930s in Saudi Arabia in the mid twentieth century and even in the latter years of the century in countries like Sudan Pakistan India and others in Southeast Asia The entries have a worldwide focus covering antislavery movements and important developments in slavery abolition and slave emancipation in many places around the globe Other entries cover individuals groups events documents and organizations related to the history of abolition and emancipation over the last two centuries Coverage also address a wide range of topics issues and ideas related to the broad topic of ending historical systems of slavery and human bondage Besides over 400 cross referenced entries most of which conclude with lists of additional readings the encyclopedia also includes an Introduction tracing the history of abolition and emancipation a selected general bibliography a guide to related topics numerous illustrations and a detailed subject index
