Beyond the Breath is one of the first books to give a complete overview and description of sensation based vipassana meditation the form of mediation thought of as the original method of meditation as used by the Buddha 2 500 years ago This form of meditation brought to the West by S N Geoneka provides a means to experience emotions directly and nonverbally accessing the mind through the body One of the main principles of this school of meditation is that meditation alone is not sufficient practice but that it must be combined with a whole life and ethical commitment M Glickman s approach is unique he takes a mediation practice deeply rooted within a historic Buddhist framework and gives it a modern day scientific spin he presents sensation based viapassana meditaiton and Buddhist principles in 20th century language secularizing ideas that may sound exotic off putting or out dated Glickman s passion for the topic as well as his great understanding of Buddhist concepts make this an inspiring read *The Nurse's Special Delivery* Louisa George,2017-12-01
